Deree US Accredited Degree

The American College of Greece

Founded in 1875

International in origin and outlook, Deree - ACG offers a distinctive academic ethos rooted in American higher education best practices and integrating American, Greek and European cultures. The College is committed to extending educational opportunities to qualified students of diverse backgrounds and to active, mutually supportive interaction with its alumni. Deree faculty, dedicated to teaching, scholarship and service, cultivate a rich intellectual campus environment, serve numerous external constituencies and contribute to their professional disciplines. Through undergraduate and graduate curricula in the liberal arts and sciences, business and selected professions, as well as through its cocurricular programs, the College enables students:

- to define and pursue their educational and professional goals,
- to develop as critical and creative thinkers and socially aware individuals, and
- to prepare for lives of reflection as well as responsible civic engagement in a complex, global world.

Athens

As the home of Plato's Academy and Aristotle's Lyceum— the two greatest schools in antiquity — Athens can justifiably claim to be an incomparable setting for an institution of higher learning. The birthplace of Western culture and civilization, Athens has come to exemplify what men and women can achieve when allowed to exercise their minds and imaginations in a free and open society.

From its mythical founding by the legendary King Theseus, who united the independent towns of Attica and forged them into a single city-state, or polis, Athens became the center where the Hellenic ideals of the spirit of inquiry, critical thinking, rational discourse, and artistic expression were realized. Socrates, Plato's mentor, engaged his fellow Athenians in dialogues, recorded by his pupil, that constitutes the quintessence of philosophical questioning and reasoning. The great tragic and comic poets, Aeschylus, Sophocles, Aristophanes, and Euripides, produced their supreme works of dramatic art in this city. Thucydides opened his enduring history by proudly identifying himself as an Athenian.

The idea of *demokratia*, or rule by the people, had its origins in Athens, with the political reforms of sage lawgivers and rulers such as Solon and Cleisthenes. The Athenian ideal was later articulated with surpassing eloquence by the statesman Pericles in his inspired Funeral Oration, where he paid tribute to his city as the "school of Hellas," which, because of its noble institutions, concern for culture and education, love of discussion, sense of duty and honor, and passion for justice, was a model for the world and "worthy of admiration."

During the Athenian Enlightenment of 2,500 years ago, the city nurtured such master architects as Ictinus, Callicrates, and Mnesicles, and the immortal sculptor Phidias. They adorned the hill overlooking the city, principal sanctuary of the patron goddess, Athena, with the magnificent Parthenon and Erechtheum temples and the splendor of the Propylaea.

The Acropolis, the "high city," is Athens' monumental legacy to the West and to the world and, having withstood the vicissitudes of time and events, remains an ageless testament to human excellence and to the "glory that was Greece."

Today, Athens is the capital of a country that is a member of the European Union. Greece now belongs to a greater political and geographic entity and partakes in an expanded and hopeful vision. Athens is a culturally invigorating urban center of museums, theatres, and music halls and has become a twenty-first century computerized metropolis, with a state-of-the-art metro system and airport, all ages removed from the antique days of archons and triremes.

And yet, when peoples and nations wended their way to Greece for the Olympic Games of 2004, the past echoed, as Athens once again proclaimed, in the proud words of Pericles: "We throw open our city to the world". And when the time came for the city to be thrown open, Athens showed the world what it can see nowhere else.

Introduction - The College

The American College of Greece (ACG) is the oldest and largest, comprehensive, independent, American sponsored college in Europe, currently enrolling over 5000 students in all of its educational divisions. The College's 54,000 alumni reside in more than 67 countries and occupy leadership positions in areas such as business, arts, and sciences, and constitute a vibrant and proud alumni body that promotes ACG's mission, vision and values.

Founded in 1875 by American Christian missionaries as a primary and secondary school for girls in Smyrna, Asia Minor, the College expanded into higher education in 1885. Social upheaval in Asia Minor forced its closure in 1922, and the College reopened in Athens in 1923 at the invitation of Eleftherios Venizelos, the internationally renowned statesman. In 1936 the School was named Orlinda Childs Pierce College in memory of the wife of a benevolent supporter.

During the 1960s, the College changed significantly. Pierce College (PIERCE) was incorporated in the state of Colorado in 1961 and was authorized to grant bachelor of arts and bachelor of science degrees. In 1963 the secondary school division of Pierce College was recognized by the Greek government as the equivalent of a national public school. In 1965 the College moved to a sixty-four acre site in Aghia Paraskevi, a northeastern suburb of Athens. The Aghia Paraskevi campus, situated on the western slopes of Mt. Hymettus, some ten kilometers from the center of Athens, offers a magnificent view of the sprawling city. Its original buildings were designed by the renowned Greek architect, Constantine Doxiades. The College's first baccalaureate degrees were awarded in 1969, and in 1973 in honor of a generous benefactor from Chicago, William S. Deree (born Derehanis in the village of Ambelionas in the prefecture of Messenia in the Peloponnese) the College's undergraduate division was renamed Deree College (Deree).

Today Deree offers undergraduate programs through three schools (Business; Fine and Performing Arts; Liberal arts and Sciences) and graduate programs through its Graduate School of Arts and Sciences. In 2011, the College implemented a partnership with the Open University (UK) through which all undergraduate programs are validated. Students are able to complete both the "American" degree and the British honours award within the typical timeframe for US undergraduate degrees (i.e. four years), thereby being assured the professional rights provided by European Union law.

In 1971, a Downtown Athens campus was established to broaden the College's commitment both to business education and the professional community in Greece. With the help of a challenge grant from the United States Agency for International Development (USAID), funds were raised in both Greece and the United States from businesses, parents, alumni, trustees, and friends to build a five-story facility in Ambelokipi, near the city's business center, in 1993. In 2012 the Downtown campus became the home of ALBA Graduate Business School at The American College of Greece (ALBA). Starting Fall 2017 Deree undergraduate classes will be offered at the Downtown campus during the morning hours.

Although a majority of ACG's undergraduate and graduate enrollment is Greek, students come from more than 50 countries. Admissions standards are competitive, without regard to gender, sexual orientation, race, creed, color, or economic background. English is the language of instruction.

ACG's undergraduate and graduate programs are based on the American system of higher education. ACG degrees do not correspond to those granted by Greek educational institutions and are not recognized by Greek authorities as the equivalent in all respects of Greek public university degrees. Nonetheless, ACG undergraduate and graduate degrees are internationally recognized as the equivalent of corresponding degrees granted by colleges and universities accredited in the United States. As a result of provisions related to Article 16 of the Greek Constitution, which provides that all university-level education in Greece must be public (i.e. sponsored by the Greek State), ACG, as an independent institution, is recognized by the Greek government as a College.

Academic Calendar

Weekly Schedule, Class Periods, Blended (BL) and Online Courses (OL)

The Academic Calendar is issued each academic year by the Registrar, please visit the College website for the most updated calendar.

Instruction time for each three US credit hour course (15 UK credits) is 150 minutes per week, normally distributed as follows: for courses scheduled on Monday, Wednesday, and Friday, each instruction period is 50 minutes; for courses scheduled on Tuesday and Thursday, each instruction period is 75 minutes. On Mondays and Wednesdays, classes continuing after 6:00 p.m. follow the 75-minute Tuesday - Thursday schedule.

For each laboratory session carrying one US credit (5 UK credits), the instruction time is 75 minutes. Laboratory sessions are scheduled Monday, Wednesday, or Friday for one-and-a-half class periods, or Tuesday or Thursday for a full class period.

The College occasionally offers courses via distance learning modes, either as blended or online. Such courses are designated on the course schedule with the section notation of BL for blended or OL for online.

Blended courses are defined as being 35% to 50% online and the rest in scheduled campus face-to-face classrooms. Major examinations for blended courses also take place face-to-face.

Online courses meet exclusively online, except for any summative assessments or examinations, which will take place face-to-face on campus.

Students enrolling in blended or online courses are required to enroll in an induction or introductory seminar free of charge.

** Blended Learning (BL) and Online Courses (OL) are not available to students on US Federal Financial Aid.*

Tuition and Fees

Payment Procedures

Tuition and fees payment for semesters is payable in two installments. The first payment (deposit) has to be made at least 5 working days before the registration dates. The balance should be settled 40 days from the first day of classes.

Tuition and fees payment for sessions is paid in full at least 5 working days before the day of registration.

Tuition is charged for all courses, whether taken for credit or non-credit.

The College reserves the right to adjust tuition and other fees as the need arises. No such changes will apply to the semester or session in progress, and every effort will be made to maintain the same fees throughout any given academic year. The College will try to announce changes well in advance of the effective dates of change.

Requests for exemption from the above procedure must be made to the Business Office at least one week before registration. Exemptions may be granted for semesters but not for sessions and not for the student's first semester at the College. Specifically, deferment of payment may be granted for up to 50 percent of the fees due for the semester. Students granted such deferments will be issued a payment-due date by the Business Office and will be required to certify by signature their agreement to abide by the terms stipulated.

Students who have an unpaid balance at the close of a semester will not be issued official records of any kind and will not be permitted to register again until the debt is paid. Students who have defaulted on such payments will be ineligible for further deferments.

Admissions Deposit

An admissions deposit is required of all students accepted for admission. The deposit is credited toward the first full semester's tuition and is ordinarily non-refundable. Failure to pay the deposit by the required date results in cancellation of admission.

Refunds

Tuition is refundable to students who withdraw from courses for whatever reason on the following pro rata schedule:

Semester

During the late registration and change-of-course period: 75%

(25% of the total amount will be retained)

From the first day after the late registration period through the second week of classes: 50%

Thereafter: no refund.

Sessions

During the late registration and change-of-course period: 75%

(25% of the total amount will be retained)

From the first day after the late registration and change-of-course period through the fourth day of classes: 50%

Thereafter: no refund.

For the refunds to apply, students should closely follow the withdrawal from courses procedure as described in the Academic Regulations section of this catalog.

The international student fee is not refundable.

Under no circumstances will other arrangements (e.g., crediting payments for application to later fees) be made for students withdrawing from the College.

Penalties

It is the responsibility of the student to see that all outstanding obligations to the College are met by the required deadlines.

Outstanding obligations to the Business Office must be cleared in order to obtain grades, transcripts, diplomas, or other official papers.

No student will be allowed to register or graduate if he or she has payments overdue to the Business Office.

Academic Policies Governing the US Degree

Regulations, Policies and Procedures

These Academic policies are largely common for both the Deree US degree and the Open University validated award. Differences are pointed out in relevant sections.

The term 'the College' refers to Deree – the American College of Greece; 'the University' is used for references to the Open University, UK 'Course' designates a unit or module of study and 'program' is used to refer to the courses taken by a student in fulfilling the requirements of the academic award for which she or he is registered. 'Faculty' indicates academic staff, and 'staff' non academic staff. The term 're-enrollment' is used when a student takes a course having previously withdrawn from that course prior to the assessment having taken place. The term 'resit' is the re-assessment of a student after an initial failure in one or more assessment elements for a course; a retake refers to the opportunity to repeat a course (with attendance) if a student has failed a resit. Resits are administered on the American College of Greece campus premises only.

Any change to these regulations must be considered and endorsed initially by the Committee on Academic Standards and Policies (CASP) and then by the Academic Council and the Deree Faculty Assembly. Agreed changes will require the approval of the Open University UK (for regulations pertaining to validated courses and programs) and the Deree Faculty Assembly. The Faculty Assembly also approves all proposed changes that refer to the programs leading to the Deree US degree.

Any changes to the academic regulations are normally introduced at the start of an academic year. In exceptional circumstances, it may be necessary to introduce a change during the year. In these circumstances, the students affected by the proposed change will be consulted, and the Committee on Academic Standards and Policies (CASP) and the Academic Council must satisfy themselves that students will not be disadvantaged by the change. Occasionally a program may require a variation from these regulations. In such a case, the required variation concerning a validated course or program must be specifically approved by the University at the initial validation or subsequent revalidation of the program.

All student petitions for exemption must be submitted to CASP unless it is otherwise provided in these regulations.

In the US system of education, the cumulative index (CI) is the average of all the grades of all semesters of study.

Students are in good academic standing when their CI is 2.00 and above.

Admissions

Applications for admission are accepted throughout the year. Recommended application deadlines for Deree – ACG are as follows:

Fall Semester	June 15
Spring Semester	December 1
Summer Session I	April 1
Summer Term	April 1
Summer Session II	May 1

Deree's admissions process is selective. Each application is reviewed for its individual merits and qualities.

All applications and supporting materials are retained by the Office of Admissions; once submitted no materials or copies of them will be returned, nor copies given, to the applicant. All materials are kept on file, under conditions of security and strict confidence, as provided by the data protection legislation and, if the admitted applicant is not registered they remain active for one year before they are destroyed. Applicants are entitled to the rights provided under article 11-14 of the Greek Law No 2472/1997.

Please note that if any of the documents submitted with the application are not in English or Greek, they must be accompanied by certified English or Greek translations. Be sure that your application contains both the original documents and certified translations, or legally certified copies of such documents.

There is no application fee.

For international students (i.e., students from non-EU countries) there is an international student fee due when the student registers.

The Admissions Process

To qualify for admission to the academic programs of the College, applicants must demonstrate that they possess the appropriate qualifications to enable them to be successful in the program of their choice. Candidates are evaluated based on their academic performance, proficiency in English, and overall student profile (i.e.: letter of recommendation, personal statement, personal interview, extracurricular activities and work experience.

All applicants must possess a secondary education completion Certificate such as a Greek High School Apolyterion, an International Baccalaureate Diploma, a French Baccalaureate, a German "Abitur" or an equivalent secondary education completion Certificate as defined in the NAFSA Guide to World Education Systems or must have passed at least 8 IGCSE/GCSE/GCE subjects. Applicants who have completed their secondary education in a school in Greece that does not award an Apolyterion must possess a secondary education completion Certificate from one of the Schools that are officially recognized by the Greek Ministry of Education.

Moreover, the standard minimum average grade entry requirement shown on the secondary education completion Certificate as defined above is the following: 14/20 in the Greek Apolyterion, an overall average grade of 2.5/4.0 in a US style school, 24 and above in the International Baccalaureate or the equivalent of any other educational grading system. Applicants whose grades are between 12/20 and 13.99/20 on a Greek Apolyterion or the equivalent grades for students who hold a secondary education completion Certificate as defined above, may be admitted to the College on a provisional basis.

Students admitted on a provisional basis will be required to fulfill the following conditions in order to be allowed to continue on their selected major after the completion of one academic year after their acceptance to Deree.

- Meet with an assigned advisor at the Academic Advising Office at least twice every month or whenever the advisor thinks it is necessary. The assigned advisor will monitor the student progress very closely and may require that they seek academic help through the Student Academic Support Services.
- The number of courses students will be allowed to register for will be determined by their English Language Placement (see section "Evidence of Proficiency in English"). However, in no case will they be allowed to register for a total of more than 2 courses if placed in EAP 1002 or for more than 4 courses if placed in WP 1010. Students with provisional status who are placed in EAP 1000, EAP 1001 must first complete their English for Academic Purpose courses before they begin taking College level courses along with EAP 1002.
- Students who have successfully completed only the EAP sequence during their first academic year will be able to continue.
- Achieve a minimum cumulative average (CI) of at least 2.0 after one academic year.
- After the completion of one academic year on provisional status, students' performance will be reviewed by the Committee on Academic Standards and Policies (CASP), which will decide on student progression and/or new conditions.
- Students on provisional status are subject to the College probation policy (see section "Academic Probation").

The following is required for all freshmen applicants:

1. Completed application form
2. Personal statement

Academic Policies Governing the Deree US Degree

3. Letter of recommendation from an academic teacher or professor
4. Official secondary school transcript(s) and diploma(s)
5. Certified copy of the state identity card or a valid passport for non-Greek citizens (and residence permit, if applicable)
6. Evidence of proficiency in English.

Candidates are required to schedule an interview with a designated College representative after all application material has been submitted in order to assess their profile.

Evidence of Proficiency in English

All applicants must demonstrate proficiency in the English language either by taking the College's English Placement Test (Oxford Online Placement Test) or by submitting any evidence derived from one of the following tests.

Pearson test of Academic English (PTE Academic): 58 or greater
Michigan State University Certificate of Language Proficiency (MSU-CELP)
Michigan Proficiency Certificate
Cambridge Proficiency Certificate
Cambridge Advanced English (CAE) with Grade A only
International Baccalaureate Diploma
IELTS: (academic) 6.5 or above
SAT: 450 or above
ACT: 18 or above
TOEFL (paper based): 567 or above
TOEFL (computer based): 227 or above
TOEFL (internet based): 87 or above
GCE higher level English: Grade C or greater
Oxford Online Placement Test: 99 or above

Applicants presenting a TOEFL score should arrange to have the test results sent directly to the Office of Admissions by the Educational Testing Service (ETS). The College's Institution Code Number is 0925. TOEFL scores are valid for 2 years.

Students may also qualify to take WP 1010 by submitting evidence of fluency based on graduation from an English speaking secondary school or program.

The above listed grades qualify the student for placement directly into WP 1010. Applicants who do not qualify for WP 1010 but who otherwise show academic promise are required to follow the English for Academic Purposes Program (see section "Academic Writing").

Registering for the Placement Test

Upon submission of their application to the Office of Admissions, students who have not demonstrated proficiency in English, will also register for the College's English Placement Test. The test is free of charge.

The College uses an online placement test, designed to measure test takers' ability to function communicatively at different levels of English language proficiency according to the Common European Framework of Reference (CEFR).

The results of the test, which are placed in the student's folder, determine which English course students will be required to take and they are not communicated externally.

Mathematics Placement Test

A student may waive MA 1022 Intermediate Mathematics and/or MA 1108 College Algebra via the Mathematics Panhellenic Exam score, the Mathematics IB exam score, the Mathematics ACT score and the Mathematics SAT score.

Academic Policies Governing the Deree US Degree

Panhellenic Math Exam

A student with a score of at least 10/20* waives MA 1022 while a student with a score of at least 13/20* waives both MA 1022 and MA 1108.

* Subject to future revision.

International Baccalaureate (IB) Math Exam

Math IB comes in four Levels: (i) Math Studies, (ii) Standard Level, (iii) High Level and (iv) Further Math.

- (i) Math Studies (IB): A student with a score of at least 6/7 waives MA 1022.
- (ii) Standard Level (IB): A student with a score of at least 5/7 waives MA 1022, while a student with a score of at least 6/7 waives both MA1022 and MA 1108.
- (iii) High Level (IB): A student with a score of at least 4/7 waives MA 1022, while a student with a score of at least 5/7 waives both MA 1022 and MA 1108.
- (iv) Further Math (IB): A student with a score of at least 4/7 waives MA 1022, while a student with a score of at least 5/7 waives both MA 1022 and MA 1108.

American College Testing (ACT) Math Exam

A student with a score of at least 20 waives MA 1022 while a student with a score of at least 23 waives both MA 1022 and MA 1108.

Scholastic Assessment Test (SAT) Math Exam

A student with a score of at least 24 waives MA 1022 while a student with a score of at least 26 waives both MA 1022 and MA 1108.

Student Visas

In accordance with Greek law, citizens of countries that are not members of the European Union or Schengen Agreement who wish to study in Greece must obtain a student visa or residence permit before enrolling at the College. Please note that you will not be able to enroll as a student at Deree - ACG until you have a valid student visa or residence permit.

The International Student Services Office can provide information and paperwork for the issuance of the student visa upon request. Applicants for admission are advised to verify the specific requirements for nationals of their country through the local Greek consular authorities. In order to remain in Greece, students who have valid student visas must then seek a residence permit. The College will provide assistance in obtaining your residence permit.

Permanent Records

The Office of Admissions creates files for students at the point that they apply for admission to Deree. In the course of the students' studies, their files are updated with documents and official records indicating students' status at any given time in their academic careers. All documents submitted by applicants before their first registration or by students throughout their studies are not returned. Students will not receive copies of documents they have already submitted to Deree. As long as the student is enrolled at Deree - ACG, the file remains in the Registrar's active records. Following graduation, these files are kept in storage for at least one year after completion of their studies. The files are kept in accordance with the provisions of the data protection legislation. Students and/or graduates are entitled to exercise the rights provided to them by article 11-14 of the Greek Law No 2472/1997.

Transfer Students Admission Procedure

Applicants who have started their college studies elsewhere and now intend to become candidates for a degree at Deree - ACG are required to submit the following.

1. Completed application form
2. Personal statement
3. Letter of recommendation from an academic teacher/professor

Academic Policies Governing the Deree US Degree

4. Official College/University transcript(s) with a catalog (if applying for transfer credits). Transfer students who have completed fewer than 30 credit hours must also submit an official secondary school transcript(s) and diploma (see also section "Admission with Credit").
5. Certified copy of the state identity card or a valid passport for non-Greek citizens (and residence permit, if applicable)
6. Evidence of proficiency in English. Non-native speakers of English who have not completed 30 semester credit hours or the quarter system equivalent (three quarters) and who do not have a secondary school diploma from a school where the language of instruction is English must meet the English language admissions requirement (see "Evidence of Proficiency in English").

Candidates are required to schedule an interview with a designated College representative after all application material has been submitted in order to assess their profile.

Transfer students who have completed courses at an accredited non-US based post-secondary institution must have a cumulative index (CI) or overall Grade Point Average (GPA) of 2.5 or above. Transfer students who have completed courses at an accredited US post-secondary institution must have a cumulative index (CI) or overall Grade Point Average (GPA) of 2.75 or above. Transfer students must contact the Academic Advising Office and the Validation Office after they are admitted to the College.

There is no application fee.

For international students (i.e., students from non-EU countries) there is an international student fee due when the student registers.

Non-Degree Students

A student's status is determined on the basis of eligibility for /or intention to pursue a degree at Deree - ACG. A degree student is one who is working toward a degree; a non-degree student is one who is not working toward a degree.

The following are required for all non-degree applicants:

1. Completed application form
2. Personal statement
3. Official secondary school transcript(s) and diploma(s) or official College/University transcript(s)
4. Certified copy of the state identity card or a valid passport for non-Greek citizens (and residence permit, if applicable)
5. Evidence of proficiency in English (see section "Evidence of Proficiency in English")

Candidates are required to schedule an interview with a designated College representative after all application material has been submitted in order to assess their profile.

If a non-degree student should subsequently decide to pursue a degree at the College, he or she must request a change of status at the Academic Advising Office. The student will be eligible to follow the Deree US degree. No more than 32 US academic credits earned in non-degree status may be applied to degree status toward the US degree unless special permission is granted by the respective academic dean and CASP. In case the student wishes and is eligible to pursue in addition to a Deree US degree an Open University validated award, (s)he must follow all relevant rules in effect at the time (s)he becomes a degree student. Please note that a student may change status from non-degree to degree or vice versa only once and only to the Deree US degree program.

Non-degree students who become degree students must follow the degree programs in effect at the time they become degree students.

Academic Policies Governing the Deree US Degree

Students pursuing degrees at other accredited institutions who wish to take courses at Deree - ACG and transfer the credits back to their home institutions may enroll as non-degree students. They should submit their application form with the required tuition fee(s) to the Office of Admissions. They should also submit a transcript from an accredited institution as evidence of being in good academic standing.

Non-degree students must observe all College academic requirements, including prerequisites and course levels.

Pre-Collegiate Program

Every summer, students ages 16-19 are offered the unique opportunity of taking a College course at Deree – The American College of Greece as non-degree students.

The Pre-Collegiate Summer Program, which takes place during Summer Session II, offers students a variety of college level courses to choose from. Upon successful completion of the course, they can earn academic credit for a future Bachelor's degree. During their participation in the program, they can take advantage of all benefits enjoyed by Deree students including access to the library and use of the world-class athletic facilities.

Students who decide to continue at Deree for their Bachelor's degree may be eligible for the Merit Scholarships.

The following are required for all Pre-Collegiate program applicants:

1. Completed Pre Collegiate application form
2. Personal statement
3. Official secondary school transcript(s)
4. Certified copy of the state identity card
5. Evidence of proficiency in English (see section "Evidence of Proficiency in English")

Candidates are required to schedule an interview with a designated College representative after all application material has been submitted in order to assess their profile.

Once a student who has completed the Pre-Collegiate program, wishes to enroll at Deree – The American College of Greece, after receiving the Lyceum Apolyterion, then he/she needs to apply as a Readmitted from the Pre-Collegiate program student, and follow the admissions process for degree-seeking students (see section The Admissions Process).

Dual Degree Programs

All degree seeking students entering Deree- The American College of Greece (Deree-ACG) will be required to register for both the US, NECHE accredited bachelor's degree, and the European - UK award validated by the Open University.

The following may be exempted from this rule:

- a) Students pursuing parallel studies at the Greek University/TEI.
- b) Transfer students who have transferred 92 US credits or above applicable to their program.
- c) Readmitted students who have interrupted their studies before 2010 will have the option of pursuing only a Deree US degree.

Students who wish to be considered for these exemptions must petition the Committee on Academic Standards and Policies (CASP) through the Student Success Center during the first month after their initial registration at Deree.

Admitted students with special needs, for whom the Educational Psychologist recommends significant accommodations, can request to be exempted from completing the OU validated award or opt out of the OU validated award and switch to a Deree only degree.

Academic Policies Governing the Deree US Degree

The purpose of such a request is to allow for accommodations that are not easily furnished within the OU program requirements but could be furnished within the Deree US degree requirements.

The application process must be initiated by the student who will submit all supporting documentation to the College Educational Psychologist. All the following steps must be completed before a decision is reached:

- a. Application by the student on a Standard Petition Form with all supporting documentation attached
- b. Evaluation by the Educational Psychologist
- c. Approval by the Disability and Learning Differences Committee for eligibility
- d. Recommendation letter by the student's academic advisor for eligibility regarding a special program for the student
- e. Approval by the Department Head of the student's academic area (major). Such approval must be accompanied by a detailed report on how the US Deree degree (e.g. replacement of courses or various special arrangements) can accommodate the student's needs while ensuring that program learning outcomes are met.
- f. Approval by the Committee on Academic Standards and Policies
- g. Approval by the Chief Academic Officer

After the Chief Academic Officer has approved the request, the student will be required to follow the specific program requirements set for him/her as well as all other requirements for graduation in order to be awarded the US Deree degree in the selected and approved major(s).

Undergraduate study at Deree - The American College of Greece requires in principle four years (eight regular terms) of continuous and mandatory attendance.

The Deree US program requires that students complete 121 US credits towards a bachelor's degree. The Open University validated programs require that students complete 360 UK credits toward an honors bachelor's award specified in the relevant curricula (one US credit = five UK credits.) These 360 credits correspond to a total of 24 courses which are evenly distributed in three levels 4, 5 and 6 (each comprises 8 courses.) Although direct comparisons are difficult to make between UK or US credits and European Credit Transfer and Accumulation System (ECTS), broadly and at any given level, 15 UK credits or 3 US credits would be equivalent to 7.5 ECTS credits.

Advanced Placement

Advanced placement may be attained by successfully meeting any of the following standards:

1. For subjects passed at the GCE 'A' level (except in languages) with a minimum grade of C: up to 6 US credits per subject for the equivalent Deree - ACG courses (applicable only toward the Deree US degree).
2. For subjects passed in the International Baccalaureate higher level (except in languages) with a grade of 4 or better: up to 6 US credits per subject for the equivalent Deree - ACG courses (applicable only toward the Deree US degree).
3. For certain standard external examinations taken before entering the College, up to a limit of 32 US credit hours:
 - a. For subjects passed in the US Advanced Placement Program of the US College Examination Board (except in languages) with a grade of 4 or better: up to 6 US credits per subject for the equivalent Deree - ACG courses which are not included in the student's Open University validated program.
 - b. For the College-Level Examination Program (CLEP-Subject Examinations): up to 6 credits for the equivalent Deree - ACG courses not included in an Open University validated program with a minimum score of 50.

Students who will receive credits for advanced placement must contact the Academic Advising Office and the Validation Office before their first registration at Deree - The American College of Greece.

Admission with Credit

Subject to the requirements set out above, students may be admitted with exemption from certain elements of a program and with credit towards a Deree US degree, and/or an Open University UK validated award.

Academic Policies Governing the Deree US Degree

The College's decision on exemption shall be governed in all cases by an evaluation of:

- the student's previous learning to determine the maximum amount of credit that s/he could be awarded at levels 4 and 5 and/or toward the Deree US degree;
- the extent to which s/he has already met the learning outcomes for the courses from which exemption is sought.

Credit with exemption may be obtained in three ways:

Credit Transfer

Students who have completed all or part of the requirements of a degree validated by a UK university may be granted credit towards a program leading to the Deree US degree or an Open University award. Any student wishing to be considered on this basis for credit with exemption must supply the College with evidence of the qualification(s) that she or he has obtained. This evidence will normally take the form of an award certificate (if applicable), transcript, and details of the syllabus for the student's previous program.

Recognition of Prior Certificated Learning (RPCL)

Credit may also be granted to students who have completed an assessed program offered by a higher education institution that is not validated by a UK university, such as a regionally accredited US institution. Any student wishing to be considered for RPCL must supply the College with evidence of the qualification(s) that she or he has obtained. This evidence will normally take the form of an award certificate (if applicable) and transcript, and details of the syllabus that she or he had followed. In addition, the College will need to establish to its own satisfaction the standard of achievement required for the qualification obtained by the student, and the reliability of the quality assurance procedures utilised by the student's previous institution. The College reserves the right to undertake its own assessment of the student's prior learning by setting one or more waiver examinations with credit.

Recognition of Prior Experiential Learning (Waiver Examinations) (RPEL)

Exemption (with credit) may be granted for learning that has been achieved outside the formal education and training system, or for learning that cannot be verified by the procedures set out in the «RPCL» section. In these cases, students are required to sit one or more waiver examinations with credit. The mode of assessment to be adopted for a waiver examination is proposed by the faculty with responsibility for the course(s) from which exemption is being sought. In cases of performance courses such as in art, theatre, dance, and music, the waiver examination with credit must include a portfolio of work and/or an audition.

Once the application for RPEL via an examination is approved, a fee of 90 Euros per credit hour to be assessed will be charged to the student. Each student is limited to 12 credit hours of RPEL credit.

Other RPCL/RPEL Policies

Students can only be exempted from (or granted credit for) a maximum of 36 US (180 UK) credits for credit transfer (see "RPCL" section) comprising no more than 24 US (120 UK) credits, at Level 4 and 12 US (120 UK) credits at Level 5. Students cannot be exempted from (or granted credit for) courses at level 6.

The relevant department head(s) or area coordinator(s) are responsible for the approval of claims for credit with exemption. Approval should not be given without prior consultation with the Advising Office and the Validation Office. The Validation Office maintains a record of all claims that have been approved, and it is responsible for informing the Registrar. The Advising Office and the student can view the outcome of a claim through the College student management software.

Transfer credits are not granted toward College wide English course requirements for courses taken at a College/University where the language of instruction is not English. Transfer credit is not given for foreign language courses in a student's native language except in literature.

Academic Policies Governing the Deree US Degree

Diagnostic examinations are mandatory for foreign languages and are given to all registered students. Credit is not awarded for RPEL in foreign languages. Students are placed appropriately into foreign language courses according to the results of the examinations.

Grades are not assigned to credits awarded under the procedures described in this section. For transfer courses students must have earned a minimum grade which is equivalent to a "C" in the Deree grading scale (see section "Grades").

Credit by Assessment for Professional Experience

Credit by assessment may be earned for experiential learning (professional experience) by experienced professionals* who wish to begin or complete their studies. Such credit may fulfill up to 36 US credits required for a degree.

No credit by assessment can be awarded for Level six (6) courses.

No credit by assessment can be awarded for more than four (4) Level 5 courses.

The method of assessment, the number of credits to be earned as well as the course(s) for which experiential credit will be given will be decided by the relevant academic department(s) depending on the disciplines for which credit has been requested. The academic department of the student's declared major will report the results of the assessment to the relevant School Dean for approval. The Office of the Dean will send the final approved evaluation to the Registrar's Office.

Once the application is approved a fee of 90 Euros per credit hour to be assessed will be charged to the student.

*Students must submit an application in order to take advantage of the Credit by Assessment program. The application includes an updated resume and a statement that describes knowledge and skills gained through experience-based learning and how they relate directly to course(s) for which credit requested. Students may also submit certificates of training, work samples, and other documents appropriate as evidence of equivalent to college learning.

Evaluation of Transfer Credits Process

The transfer credit process begins immediately after the student's first registration and only after the student has submitted both the official transcript(s) and the course syllabi or descriptions of substantial length from official publications of the institution. Course syllabi may be required for a better evaluation of the student's completed prior academic work. All submitted documents not in English or Greek must be accompanied by certified English or Greek translations and must be submitted to the Validation Office before the end of the student's first semester. The assessment process of the student's prior academic work will be completed no later than two months (excluding vacation period) after the student has submitted a complete folder of the required documents as stated above.

Students cannot be granted credit (or be exempted from) courses at Level 6 and/or for more than 4 courses (i.e. 12 US credits or 60 UK credits) at Level 5. All transfer credit requests are handled by the Validation Office. All final decisions on transfer credit are made by the Academic Departments.

Parallel Studies (Degree Seeking Students)

Degree seeking students who are attending another accredited higher education institution during the time they are enrolled at Deree - ACG must abide by the "Admission with Credit" section. Parallel studies degree seeking students may request from the Academic Departments and via the Validation Office approval (pre-authorization) of courses they wish to take at another accredited institution of higher education in parallel with their studies at Deree. However, regardless of credits transferred, these students must meet the residency requirement of Deree (see section "Residency Requirement").

Certificate Minor Program

Students or graduates of accredited institutions who do not want to follow a Deree major, may complete a Certificate

Academic Policies Governing the Deree US Degree

Minor program. Those students must complete all the requirements of one of the Minors offered at Deree in order to be awarded a Certificate. (See also section Minor). Students who follow the Certificate Minor program are non-degree students.

Deree students or graduates may follow a minor as part of their degree. The minor will be printed on their transcripts.

Academic Advising

All students are assigned an academic advisor responsible for assisting them in gaining the greatest benefit from their educational experience at the College. Good academic advising is a vital part of the learning process and an integral part of the basic teaching function of the College.

Academic Advising gives students the opportunity to become acquainted with rules and regulations concerning Deree College and Open University. Effective academic advising provides specific aid to students in considering and completing academic programs, but it goes beyond mere course scheduling; it includes planning, decision making, implementation, and evaluation of academic, personal, and career-related matters.

The College assigns all entering freshmen an advisor from the Academic Advising Office; these students along with continuing Deree students who have less than 51 credits are required to consult every semester with their academic advisor in order to be able to register for the upcoming semester/session.

Thereafter, (more than 50 credits) the advising program is faculty-based and fosters personal contact between students and faculty. Department Heads, assistant Department Heads and Area Coordinators act as educational consultants. Students however who have more than 50 credits but are on academic probation (CI less than 2.00) are still required to make an appointment each semester with their advisor from the Academic Advising Office.

Students must consult with their advisor regularly and discuss their schedules each semester and session. The College expects that students will follow their advisor's guidance; otherwise they will potentially risk not having fulfilled their programs' requirements by the desired date of graduation.

One must bear in mind that advisors never make decisions for students. Their overriding objective is to assist students in developing the maturity required to make their own choices and to be responsible for the consequences of those choices.

Residency Requirement

All students seeking a Deree US degree, regardless of number of credits accumulated through advanced placement, transfer, parallel studies, see "Parallel Studies" section, or semester/year abroad, must meet Deree's residency requirement by completing at least 36 US (180 UK) credits (beyond the introductory 1000-level courses) from the area of concentration (at least four Level 5 courses and eight Level 6 courses) of their major(s) at Deree - ACG. Moreover, students must complete the capstone course(s) of their major(s) at Deree - ACG and complete their last 30 US credits at Deree College.

Full-Time and Part-Time Students and Student Course Load

For academic purposes all students are assigned either full-time or part-time status. A full-time student is one who registers for at least 12 US credit hours per semester, a part-time student is one who registers for 11 or fewer US credit hours. Students who want to take more than five courses per semester for credit or non-credit must have completed a minimum of 30 US credit hours with a cumulative index (CI) of 3.00 or above. In any event, students may not register for more than six courses and no more than four of these should be toward their validated award in any given semester. In addition, students should not register for more than two courses in summer sessions, of which no more than one course should be toward their validated program. Students should not register for more than 120 UK credits toward their validated award in any given academic year.

Academic Policies Governing the Deree US Degree

Students are strongly urged to plan their schedules with their advisors appropriately if they wish to fulfill the requirements of their major within an optimum period of time.

Student Classification

In the programs leading to the Deree US degree, students are classified according to the number of US credits accumulated as follows:

freshman, 0-29; sophomore, 30-59; junior, 60-89; senior, 90 and above. This classification does not apply toward the Open University validated award where student classification relates to Levels 4, 5 and 6 (see section "Credit Structure and Award").

Academic Writing

The College has established certain requirements in English language proficiency to ensure that students are adequately equipped linguistically to pursue college-level studies. All students must abide by the College's policy regarding placement in English language and writing. For specific information on English proficiency credentials, please see Admissions "Evidence of Proficiency in English".

All students are required to take the WP 1010 Introduction to Academic Writing as soon as they qualify for it and to complete the Writing Program sequence WP 1010, WP 1111, and WP 1212 without interruption. In case of withdrawal from one of those required courses, the course must be taken the following term.

Students who do not qualify for WP 1010 are required to follow the English for Academic Purposes Program (EAPP) by enrolling in EAP 1000, EAP 1001, or EAP 1002 (all bearing non-graduation credit), depending on the student's level of English. Students enrolled in EAP 1001 and EAP 1002 may take up to two other courses concurrently after securing the approval of an advisor from the Academic Advising Office. Students may not take EAP 1000, EAP 1001, or EAP 1002 more than twice.

Students who do not satisfactorily complete an EAPP course after registering for it a second time will be dismissed from the College. They will be readmitted to the College only if their score on any one of the English language tests accepted by Deree (see "Evidence of Proficiency in English") qualifies them for direct admission into WP 1010, and if their readmission is approved by the Committee on Academic Standards and Policies. Those students may also retake the College English Language Placement Test no sooner than one semester after their second EAPP course failure and only once every six months.

Non-graduation credits for preparatory courses (EAP 1000, EAP 1001, EAP 1002) are not transferable to a Deree degree.

Dean's List (applicable toward the Deree US degree only)

Full-time degree seeking students who attain high academic standing in any semester through a GPA of 3.4 or above are placed on the Dean's List, which is noted on the students transcript, for that particular semester.

Academic Probation (applicable to the US Deree degree only)

If a student's CI remains below 2.00 for more than two consecutive semesters and sessions, at the end of this period, the student's record will be examined by the Committee on Academic Standards and Policies (CASP). The student will be dismissed for at least one semester and session unless his/her performance has been affected by mitigating circumstances. A dismissed student may be readmitted only once in order to raise his/her CI to at least 2.00. CASP will determine whether the student can be readmitted as well as the conditions for readmission to the US Deree degree.

If a student is required to withdraw from an Open University validated award (OUva) but his/her CI is at least 2.00, s/he may continue toward the Deree US degree provided that s/he will fulfill all the requirements of that degree. All Deree

Academic Policies Governing the Deree US Degree

students need to have attained a CI of at least 2.00 in order to be awarded a US Deree degree.

The probation policy applies fully to those students who have been admitted on a provisional basis.

CASP will examine the academic record of students on probation who return from a period of deferral of studies and set conditions for the continuation of their studies or their dismissal.

Students are in good academic standing when their CI is 2.00 and above.

Credit Structure and Awards

Students receive academic credit for the achievement of the learning outcomes of a course. A credit value, specified in terms of the number of credits, is assigned to each course. In the UK system, the basic unit of credit relates to 10 hours of notional learning time. Notional learning time is defined as the reasonable measure of the time it would take a learner, adequately supported, to achieve the learning outcome of the activity; it includes instructional hours, and the time spent in assessment and independent study.

In the US system, one credit hour is roughly equivalent to one hour of instruction per week for 14 weeks (or about 700 minutes). Most courses carry three credit hours. Some courses, however, may require additional work, such as laboratory sessions, tutorials, internships, recitation sessions, or field trips. In the College's curriculum, one US credit equals five UK credits.

For the purpose of the Open University validated award, program courses are distributed into levels 4, 5 and 6. Although these levels do not apply toward the Deree US degree, these courses simultaneously fulfill Deree US degree requirements. However, all programs leading to the Deree US degrees have additional credit requirements.

The programs validated by the Open University comprise courses generating credit at Levels 4, 5 and 6. Levels are conceived progressively, with increasing demands being placed upon learners as they undertake learning at higher levels. The College has adopted generic credit level descriptors as guidance for the design, delivery and assessment of courses.

Learning accredited at each level will reflect the student's ability to:

Level 4

Develop a rigorous approach to the acquisition of a broad knowledge base; employ a range of specialised skills; evaluate information using it to plan and develop investigative strategies and to determine solutions to a variety of unpredictable problems; operate in a range of varied and specific contexts taking responsibility for the nature and quality of outputs.

Level 5

Generate ideas through the analysis of concepts at an abstract level with a command of specialised skills and the formulation of responses to well defined and abstract problems; analyse and evaluate information; exercise significant judgement across a broad range of functions; accept responsibility for determining and achieving personal and/or group outcomes.

Level 6

Critically review, consolidate and extend a systematic and coherent body of knowledge utilising specialised skills across an area of study; critically evaluate new concepts and evidence from a range of sources; transfer and apply diagnostic and creative skills and exercise significant judgment in a range of situations; accept accountability for determining and achieving personal and/or group outcomes

Academic Policies Governing the Deree US Degree

The Open University awards offered by the College are Honours awards. In addition, exit awards are offered: Ordinary degrees leading to the BSc Ordinary and BA Ordinary Awards, the Diploma of Higher Education (DipHE) and the Certificate of Higher Education (Cert HE).

* *Exit awards are not progress awards; they are awarded to students who find themselves unable to complete the requirements of an Honours award.*

The credit requirements for each of these awards are as follows:

BA/BSc (Hons)	360 credits comprising 120 at Level 6, 120 at Level 5 and 120 at Level 4.
BA/BSc	300 credits, of which a minimum 60 should be at Level 6 with the remainder comprising 120 credits at Level 4 and 120 at Level 5.
Dip HE	240 credits comprising 120 at Level 5 and 120 at Level 4.
Cert HE	120 credits at Level 4.

Deree - The American College of Greece awards US Bachelor of Science (BS) and Bachelor of Arts (BA) degrees upon successful completion of the particular requirements of a program comprising 121 US credits.

Course Level and Number System

All courses are one-semester courses and are assigned a four-digit number. In non Open University validated courses the first digit indicates the classification of the course in relation to rigor; the second, the number of prerequisites; and the third and fourth, the Registrar's designation. Open University validated award course levels are designated where appropriate according to the "Credit Structure and Awards" section.

Non Open University validated courses at the 1000-level are designed primarily for freshmen; 2000-level courses are designed for sophomores but may be taken by qualified freshmen; 3000-level courses are intermediate, normally open to students who have completed 1000- or 2000-level courses in the same area; 4000-level courses are upper level, open chiefly to seniors, but also to qualified juniors. These levels do not correspond to Levels 4, 5 and 6 of the Open University validated courses (see above).

Inbound Study Abroad students are advised to follow the following course selection advice. Level 4 courses are suitable for sophomores, juniors, and seniors. Level 5 courses are suitable for juniors, and seniors. Level 6 courses are suitable for advanced juniors, and seniors. Non level designated courses are normally open to freshmen, sophomores, juniors, and seniors.

The College may, at times, offer courses that are not included in the catalog. Such special topics courses appear in the schedule of classes with a special topic designation letter "X" added to the course rubric (e.g.,MGX).

The numbers following the course description indicate class hours per week in a normal semester, laboratory, internship or studio hours, and semester credit hours. Thus, 3/2/4 means three hours of class, two hours of laboratory or studio, and four US credit hours for the course. A schedule of classes is available through student on line registration web interface. The specific requirements of the various disciplines are listed in the program of those disciplines.

Prerequisites

Regardless of the program followed, students are not permitted to register for courses for which they have not met the prerequisites as stated in the latest College catalog, whether in the form of credits earned, credits transferred, RPCEL, RPEL (see *Admission with Credit* section) or waivers. Should a student be enrolled on a course for which she or he has not fulfilled the prerequisite(s), his or her registration for that course will be cancelled by the Registrar's Office. The number of prerequisites for a course is indicated by the second digit of the course rubric.

Academic Policies Governing the Deree US Degree

Directed Study

Students must consult with their advisor regularly and discuss their schedules each semester and session. The College expects that students will follow their advisor's guidance; otherwise they will potentially risk not having fulfilled their programs' requirements by the desired date of graduation. In very exceptional cases, students may register for the course they need in order to fulfill requirements in their major under Directed Study, which is given on an individual basis upon the agreement of a supervising instructor. The student must submit a petition to the Registrar's office bearing the signatures of the instructor who will supervise the Directed Study, the advisor, and the academic dean who will closely scrutinize the justification for directed study. The credits carried must be equal to those of the course and the course material covered must be as specified in the syllabus.

At the outset of the semester or term, instructor and student agree on a course outline which specifies scheduled meeting times, course content and deadlines for the submission of assessments. Meeting times may follow the regular semester (3hrs per week of class time), term, or session instruction schedule (10hrs per week of class time), or a combination of modes involving face to face meetings, online instruction or other equivalent means of instruction and learning.

The Directed Study is subject to the same attendance requirements as a regular course and should observe college regulations concerning submission of assessments (including the use of Turnitin). Specifically, the attendance requirements are that at least 80% of the scheduled times for face to face instruction, meetings, online engagement and assessments must be met.

To be eligible for Directed Study, students must be in good academic standing (CI > 2.0) and must have met the prerequisites for the required course.

Supervised Work Experience (Internships)

Specific programs may require supervised Work Experience that awards academic credit in the context of a specific course in the curriculum. The number of credits to be earned is specified by the particular program. Students must consult with their advisors in order to make relevant arrangements.

Auditing

To audit a course is to attend classes without taking the course for credit. Upon the recommendation of the student's advisor, the approval of the instructor concerned and CASP, students may register to audit courses. Auditing is permitted only for courses that are not part of the student's degree program. Audited courses are subject to regular tuition fees and follow the College's calendar. The designation NC (Non Credit) is entered on students records for audited courses provided the attendance requirements have been met; otherwise, a W (Withdrawal) is recorded. The same course cannot be retaken for credit.

Registration Policies

Students will register for a non-conferrable Open University award once they have achieved the prerequisites that will enable them to commence their studies at Level 4. For the purpose of initial registration this award will be BA Combined Studies. On completion of their studies at Level 4, students will transfer their registration to one of the conferrable Open University validated awards.

For an Open University award, students may remain registered with the University for a period of three years beyond the expected date of graduation. If a student wishes to complete a program of study after this date she or he must re-register and pay the appropriate fee. The maximum period of registration for an Open University validated award is ten years.

Students should consult with their advisers if they wish to defer their studies, withdraw from a course, or to transfer registration from one course or award (major) to another. Applications for deferral, withdrawal or transfer should

Academic Policies Governing the Deree US Degree

then be lodged either with the Registrar's Office or the Student Success Centre. Applications are then considered by the Committee of Academic Standards and Policies (CASP). Its decisions will be governed by the following regulations:

Students are permitted to change a course within the first two days of teaching. Beyond this period, students may withdraw from a course within the first two weeks of teaching whilst retaining the right to re-enroll in the said course in the future. Changes after this deadline will only be considered in exceptional circumstances. Students shall not be permitted to withdraw from a course and then subsequently re-enroll in a course after the submission or completion of the first summative assessment for the course or courses concerned.

The maximum number of retakes allowed in a program leading to an Open University award is ten (10). If a student fails a validated course more than two times s/he may be required to withdraw from the OU validated award unless CASP has accepted the student's petition for mitigating circumstances. The final decision is made by the Board of Examiners. Students have the option of using some of the 10 retakes for non validated courses. However, the total number of retakes allowed toward both the Deree US degree and the OU validated award is 10. When students retake a course, they are required to submit and be assessed on new assessments not used during the previous time(s) they took the course.

The decision to permit a student to transfer from one course or award to another, will be governed by the enrolment limits on the course(s) to which the student wishes to transfer, the possession by the student of the necessary prerequisites (*Appendix I – Regulations for validated awards of The Open University for institutions offering dual awards*), and an assessment of the student's ability to meet the requirements for the award for which she or he is registered.

If an undergraduate student is inactive for more than two consecutive semesters and wishes to return to Deree-ACG College, s/he will be required to apply to the Admissions Office for readmission. No Deferral of Studies petition is necessary if a student does not plan to register for one semester and/or a summer session(s).

Applications for deferral of studies should be supported by evidence of relevant mitigating or extenuating circumstances (see also section "Academic Probation").

For the Open University award, the Validation Office will be responsible for notifying the University of the number and registration details of all students entering the programs that it has validated. The Validation Office will ensure that the University is also notified of any changes to a student's initial registration.

Students may register for a maximum of 120 UK credits in each academic year. Students may not register for more than four (4) courses validated in their program per semester. Students may not register for more than one (1) course validated in their program per session.

A student's maximum course load for the combined Deree US degree and Open University award (or toward the Deree US degree only) may not consist of more than five (5) courses (up to 17 US credits) per semester and up to two (2) courses (up to 7 US credits) per session.

Students, who fall under the exception of not pursuing an Open University Award, must declare their major by the time they have accumulated 50 US credits.

Students admitted on a provisional basis will be required to register according to their English Language Placement test (see section "The Admissions Process"). However, in no case, can those students register in more than four courses during a semester and in no more than one during any session.

Students who decide to change their major toward the US degree should consult with their advisor. All credits earned will be computed in the student's average, whether or not they count toward the new major or program; the omission of any courses or grades is not permitted.

Academic Policies Governing the Deree US Degree

Semester, Session, or Year Abroad for Deree Students

Students who plan to study abroad for one or two semesters and who want to transfer credits earned abroad to Deree - ACG must secure the approval of both the department head(s) and an academic advisor of the Academic Advising Office for the course(s) they intend to take abroad one semester in advance. All students who wish to take courses abroad must submit, along with the petition, a Catalog of the accredited college or university they plan to attend or details of the programs they plan to follow and, if possible, syllabi of the courses they intend to take accompanied by certified English or Greek translations, if original transcripts are in a third language.

Students who want to study abroad at an affiliated institution must have attended Deree – ACG for at least one semester, have passed WP1010 with a grade of B or equivalent (see next paragraph), have completed a minimum of 30 US credits with an overall CI of 3.0 or above, as well as have an exemplary discipline record. Such students are considered to be exchange students and continue to be matriculating at Deree - ACG while studying abroad. Those interested must contact the Study Abroad Office at least a semester before they intend to begin their study abroad.

Certificate Minor students must submit to the College evidence of English proficiency that places them in WP 1010 or above (see section Evidence of Proficiency in English) either before they enter their second semester at Deree or before they start their study abroad program. Those students are advised to have satisfied the English language proficiency requirement before they make any arrangements for studying abroad.

Students cannot be granted credit for (or be exempted from) courses at level 6 unless a course is required in their minor. For transfer courses students must earn a minimum grade which is equivalent to a "C" in the Deree grading scale (see section "Grades"). All transfer credit requests are handled by the Validation Office.

Requirements for the US Deree Bachelor's Degree

(available to students eligible for distance learning classes)

All programs for the US Bachelor of Arts and Bachelor of Science degrees have a Liberal Education (LE) curriculum in common. The LE curriculum comprises of specially designated core and elective courses in a variety of fields. They fulfill competencies that are considered important in providing a broad educational experience to all students across all Schools.

Student Matriculation and Original Program

For the US NECHE accredited degree students have the right to complete their studies in accordance with the educational programs and requirements in effect at the time they were first admitted to the College. The maximum period of matriculation for a US NECHE accredited degree is 10 years.

Academic Policies Governing the Deree US Degree

If the degree requirements should change during the student's period of studies at the College, the student may choose to complete those degree requirements in effect upon entry or any other set of requirements introduced subsequently and prior to graduation; all the specified requirements for the particular degree chosen must be met.

Students must observe all current prerequisites for courses. Students may stay informed about current prerequisites/co-requisites of courses by consulting annually the latest on line College Catalog.

Re-admitted students are required to follow the program requirements in effect of their re-admission.

Two Deree US Bachelor's Degrees

Students may be awarded a Bachelor of Science and a Bachelor of Arts by completing all requirements for both degrees. Students who pursue a Bachelor of Arts degree and a Bachelor of Science degree for disciplines that are in the same School will receive two US degrees.

Major Requirements

Students at Deree - ACG must select one of the following types of majors:

- a. single major
- b. double major

a. Major

The minimum requirement for a major concentration is 12 courses (36 US semester hours) in a single discipline. All students required to also pursue the validated award, must successfully fulfill the requirements of 24 courses (360 UK credits) which correspond to the UK levels 4, 5 and 6 (see also the section *Residency Requirement*).

b. Double Major

Students may do a double major by completing all requirements of two majors. Students must secure the approval of the respective academic deans. The minimum requirement for a double major is 12 courses (36 US semester hours) in each of the two disciplines of the double major. Students must satisfy all requirements of both majors. (see also the section *Residency Requirement*)

Minor

The College also offers the opportunity for students to select a minor. The specific requirements are listed in the programs of those disciplines.

A minor represents basic yet significant knowledge in an area and consists of a clearly defined set of courses related to a field of study different from that of the student's major. The requirement for the completion of a minor is a minimum of 15 US credits and a maximum of 19 US credits. To earn a minor, students must maintain a cumulative index (CI) of at least 2.00 in the courses of the minor.

Degree-seeking students, and non-degree seeking students who enroll in courses outside of Greece as Deree study abroad students, may transfer a maximum of fifty percent (50%) of the credits required towards the completion of a minor. Other non-degree seeking students must complete at least 15 US credits at Deree.

Transfer courses toward a minor are accepted only from accredited institutions. No grades are assigned to credits accepted for transfer. For transfer courses students must earn a minimum grade which is equivalent to a "C" in the Deree grading scale (see section "Grades"), (see section "Semester, Session or Year Abroad for Deree Students").

Academic Policies Governing the Deree US Degree

For a minor to be recorded on a student's transcript, at least 50% of the credits required for the minor must be earned from courses not required in the student's major.

For a minor to be recorded on a student's transcript, at least 50% of the credits required for the minor must be earned from courses not required in the student's major.

In addition to existing minors listed in the catalog, students may choose an interdisciplinary minor program. Such a program must comply with the general rules of the College regarding minors. Proposals for minors must be carefully designed by students in cooperation with the relevant departments, before submission to the Curriculum Committee for approval. The same procedure must be followed for a self designed major for the US degree.

Assessment Procedure

Although courses may employ assessment instruments which perform only a diagnostic or formative function, credit for the completion of a course can only be obtained on the basis of one or more summative assessments. A summative assessment provides a measure of the extent to which a student has achieved the intended learning outcomes of a course.

The assessment of a student's academic performance requires a judgment of the quality of his or her work. In all cases, this assessment must be governed by criteria which are explicit and communicated to students.

The general grading criteria employed by the College are set out in the following table. Faculty have developed rubrics for the assessment of students, and it is the responsibility of department heads or area coordinators to ensure that these rubrics are consistent with the program specification and other documentation approved at validation.

Examination Regulations and Procedures

Student Identity

Students must carry with them their Deree ID card in the examination room. The Checking of Student Presence Procedure is published in myACG.

Entering and Leaving the Exam

Students who arrive late may be admitted to the exam but no additional time will be given. Students should be allowed to enter and take the exam up until a quarter of the allotted time has passed. Students should not be allowed to leave before a quarter of the allotted time has passed.

Materials that can be taken into the exam:

Students should bring as little as possible to the examination room. Any bags, books, notes, should be placed underneath the chair. Food and drink (including coffee) are not permitted in the exam room with the exception of clear bottles of water.

Students should bring their own pens, pencils, approved calculators, and other materials needed for the course. Students should not expect exam proctors to supply such materials.

All exams should be written legibly in black or blue ink. Pencil may only be used for diagrams, graphs, etc. Exam answers written in pencil are not acceptable.

Exam Conduct

Students should aim to minimize any disturbance caused to other students in the exam which may affect their performance. Students who arrive late or leave early must bear in mind that their conduct may disturb others. Entry/ leaving an exam should be done as quietly as possible.

Mobile Phones & Electronic Devices

Mobile phones and electronic devices must be switched off – not on "silent" – in clear view and placed underneath the

Academic Policies Governing the Deree US Degree

chair. If students use or attempt to use their phone/electronic device during the exam it will be regarded as a disciplinary offence. Students will be held responsible if their mobile phone/electronic device rings/vibrates during the exam. Any student caught using Bluetooth or any electronic device in the exam will be asked to leave immediately and will face disciplinary action.

Student Answers/Examination Paper

All answers must be legibly written on exam paper provided by the exam proctor. Students are not permitted to write answers on the question paper. Students must clearly cross out any (rough) work that is not to be graded. If extra exam paper is needed, it will be provided by the exam proctor.

The only paper that can be used is the paper provided by the College and should all be returned to the proctor at the end of the exam.

Return of Exam Papers

Students must put the exam question paper and all answer papers together and submit both to the exam proctor. It is not the proctor's responsibility to do this. Failing to do so will result in failure in the exam. The Checking of Student Presence Procedure is published in myACG.

Asking Proctors for Advice

Students who have attended the course should already be familiar with the structure and expectations of the exam. Students must read the instructions on the question paper and follow them carefully. Asking proctors for advice in answering exam questions is not permitted because it gives a student an unfair advantage over his/her peers.

Student Conduct and Exam Proctor

Student conduct in the exam is at the discretion of the exam proctor and is not negotiable.

Academic Integrity

Once the exam has begun, examination conditions apply – talking or communicating with another student during the exam is not permitted. Failure to observe this requirement will be treated as a disciplinary offence.

Cheating or attempting to cheat in the exam by using notes, cards, or any other form of inappropriate content will result in disciplinary action.

Use of Communication Devices and Calculator

The Use of Cell Phones in Classes

The use of cell phones and/or similar communication devices in class is disruptive and does not facilitate the teaching and learning process. Therefore, students are not permitted to use such devices in lectures, recitation or laboratory sessions. Students are required to turn such devices off, or put them in a silent mode, while in class. Similarly, to enhance fairness in examinations, students are required to turn off and put away out of sight cell phones and/or other communication devices during quizzes, midterm and final examinations.

The Use of Calculators During Examinations

Instructors must clearly define, in the course outline, what types of calculators are permitted in quizzes, midterm and final examinations.

In general, the definition of a calculator for examination purposes excludes any device that can:

- communicate with other devices
- accept external/removable memory

Academic Policies Governing the Deree US Degree

- store text
- produce graphics
- solve matrix equations
- be programmable

Students must not use such devices in quizzes, midterm or final examinations, unless clearly stated otherwise in the course outline.

Assessment, Progression and Awards

Attendance Policy

All students are required to attend 80% of instructional class time. Some programs may impose a stricter attendance requirement subject to the approval of the Academic Council.

Absence from a class does not exempt a student from completing the work for that class. Students who have exceeded the allowed threshold of absences will be referred by the instructor to the Registrar's Office. The Registrar will in turn inform the Committee on Academic Standards and Policies (CASP) which, in the light of any evidence of extenuating circumstances supplied by the student, will decide whether the student must withdraw from the course (and receive an F grade).

The only mitigating circumstance related to health, acceptable for excusing absences beyond the maximum is hospitalization.

Assessment Deadlines

Students must submit work by the deadlines set in the course outline. Work submitted after but within seven days of the deadline will receive a maximum grade of C. Students will fail the assessment if work is submitted later than seven days after the deadline.

The Assessment of Students with Special Needs

For students registered for the Open University Award: the Board of Examiners may make special arrangements for the examination or assessment of students with disabilities or learning differences. These arrangements must be approved in advance of the first assessment to which they will apply.

All students whether or not registered for both awards, are responsible for alerting the Registrar to a special need, and for providing relevant documentary evidence. The Registrar will then pass on this information to the Committee on Disability and Learning Differences.

The Committee on Disability and Learning Differences will decide the action to be taken to accommodate a student with special needs having ensured that there has been full consultation with faculty in the department(s) responsible for the assessment of that student. This action must be endorsed by the Chair of the relevant Board of Examiners in the case of the validated award. Alternative methods of assessment for non validated courses or programs are suggested by the Committee on Disability and Learning Differences in consultation with the instructor.

The Assessment of Students with Special Needs and in Exceptional Circumstances

The Committee on Disability and Learning Differences may make special arrangements for the examination or assessment of students with disabilities or learning differences. These arrangements must be approved by the

Academic Policies Governing the Deree US Degree

above Committee in cooperation with the faculty in advance of the first assessment to which they will apply.

The student is responsible for alerting the Registrar to a special need, and for providing relevant documentary evidence. The Registrar will then pass on this information to the Committee on Disability and Learning Differences.

The Committee on Disability and Learning Differences will decide the action to be taken to accommodate a student with special needs having ensured that there has been full consultation with faculty in the department(s) responsible for the assessment of that student.

In case the above Committee in consultation with the student's course(s) faculty decide that the student needs to take an oral exam, the procedure described hereafter must be followed. The course professor will inform the student on the venue and the exact time for the oral exam at least 2 days before the exam. The oral exam should be on the same course material and should have at least the same duration as the scheduled test for the other students of the same course.

A second faculty member from the same academic department must be present during the oral examination as an observer only, not as an examiner. The student's answers on the oral exam questions will be assessed by the course professor. The oral exam must be recorded.

After the completion of the oral exam, the course professor should inform in writing or by e-mail the registrar's office about the student's grade, venue, date, exact time, exam duration, and the name of the second faculty member that was present during the oral examination.

Grading

Grades are reported at the end of each semester and session. The following scale of letter grades and quality point (numerical) equivalents is used toward the US bachelor's degree:

Grade Descriptors	COURSE	
	LETTER GRADE	POINT GRADE
These descriptors outline the typical characteristics of the standard of work associated with each grade. They should be used for guidance only.		
Excellent: Superior performance; a high level of critical analysis and evaluation; incisive and original; exceptionally well researched; high quality presentation; exceptional clarity of ideas; excellent coherence and logic. Trivial or very minor errors.	A	4
Very Good: Very good performance; a very good level of critical analysis and evaluation; significant originality; well researched; clarity of ideas, thoughtful and effective presentation; very coherent and logical; minor errors only.	A-	3.7
	B +	3.5

Academic Policies Governing the Deree US Degree

Good: A good performance; a good level of critical analysis and evaluation; some evidence of originality; reasonably well researched; ideas generally clear and coherent; some but not significant weaknesses.	B	3.0
Satisfactory: Satisfactory performance -- at least passable; acceptable level of critical analysis and evaluation; little evidence of originality; adequately researched; ideas fairly clear and coherent though some significant weaknesses.	C+	2.5
	C	2.0
Fail: Clearly below the pass standard; lacking substance, knowledge and understanding; ideas confused and incoherent; fundamental weaknesses in most areas. Fails to meet the Learning Outcomes.	F	0

Grade Recalculation for Inbound Study Abroad Non-Degree Students and Resit Opportunity

Inbound study abroad non-degree students in validated courses will have to pass all course assessments in order to pass a course. In case an inbound study abroad non-degree student fails an assessment but the overall calculated grade is a passing one, the Registrar's Office will contact the student and verify whether s/he is able to take the resit for the failed assessment. If the student confirms in writing that s/he cannot take the resit and has a passing final calculated grade, that student's final grade in the course will be the minimum passing mark (40 UK points, grade 'C'). This policy will apply only to students who have not missed any of the required course assessments.

Under certain extraordinary circumstances, inbound study abroad, non-degree seeking students may request to

Academic Policies Governing the Deree US Degree

take a resit at their home institution. This is only available to such students if they have passed at least one of the course assessments in the designated course, but not if the course has only one assessment, which the student has failed. The request must be received in writing by the Registrar's Office no later than 10 working days after the official publication of term/semester grades in myACG portal.

F (Failure)

The grade of F is computed in the grade-point average (GPA) and in the cumulative index (CI). A student may receive credit for a failed course only by retaking and successfully passing that course at Deree. Retakes are capped at grade 'C'.

E (Credits earned by examination)

Please refer to the section on Recognition of Prior Experiential Learning (Waiver Examinations).

P (Pass)

The grade of P has no quality-point equivalent and is not computed in the student's grade-point average or cumulative index. However, credits earned with the grade of P are included in the total number of credits earned and count toward the completion of the Deree US degree requirements. Students may petition for a Pass/Fail option for elective courses taken outside their major, but, once the option is granted, they may not revert to a letter grade. Petitions for a Pass/Fail option should be addressed to CASP no later than the first week of the semester. No Pass/Fail option is available in accelerated sessions or toward the Open University award. Certain courses, such as most of Physical Education courses, are graded on a Pass/Fail basis only.

R (Course Retake for Failing Grade Replacement)

The Grade Replacement policy allows students to retake courses at Deree for change of failing grade. Students may replace an 'F' grade in a course by repeating and passing successfully the same course at Deree. If a student fails a validated course more than two times s/he may be required to withdraw from the OU validated award unless CASP has accepted the student's petition for mitigating circumstances. The final decision is made by the Board of Examiners. The maximum number of retakes for both degrees is 10 courses. Retakes are capped at grade 'C'. When students retake a course, they are required to submit and be assessed on new assessments not used during the previous time(s) they took the course.

S (Satisfactory)/U (Unsatisfactory)

The grades of S and U may be given for certain developmental courses that do not constitute part of degree programs.

MC (Mitigating Circumstances):

For the designation MC, please see the section on Mitigating Circumstances

NC (Non-Credit)

The designation NC indicates that the course was not taken for credit. The same course cannot be retaken for credit.

NR (Non-Report)

The designation NR is automatically recorded in the event final grades are not submitted by the specified deadline. The NR is automatically removed as soon as the grade is submitted by the Faculty.

W (Withdrawal)

A W grade indicates that a student withdrew from a course by the date specified in the College calendar. No credit is granted

Academic Policies Governing the Deree US Degree

Grade Point Average (GPA) and Cumulative Index (CI)

In the US system of Education, a grade point average (GPA) is determined for each student at the end of each semester. The cumulative index (CI) is the average of all the grades of all semesters of study. Both averages are computed by multiplying the number of credit hours for each course by the quality point equivalent of the letter grade. The quality points earned for each course are then added and the sum is divided by the total number of credit hours. The credits for a course in which an F is received are included in the divisor, but no quality points are earned. Course credits by transfer are excluded from compilation of the CI at Deree - ACG. Grades reported as MC, NR, S, U, R, and NC are not computed in the average. When the MC or NR is removed, the new grade is then averaged in the semester in which the course(s) was/were taken. Summer I and II grades are averaged with the grades of the Spring Semester.

Second Marking

All assessed work submitted for credit in validated courses and programs leading to Open University awards shall be subject to the process of second marking and review by External Examiners. This policy extends to all modes of assessment and, where assessed work is not in written form, every effort should be made to apply some appropriate form of moderation. For the implementation of the College's policy on second marking and External Examiners (please see Appendix I – *Regulations for validated awards of The Open University for institutions offering dual awards*). Students registered for the Open University award are assessed by the Board of Examiners (Appendix I – *Regulations for validated awards of The Open University for institutions offering dual awards*). Student progress toward the US Deree degree is not assessed by a Board of Examiners.

All decisions on grades of validated courses remain provisional until they have been ratified at a meeting of the Board of Examiners attended by the relevant external examiner(s).

Action in the Event of Failure

For each course, students must obtain a minimum of Grade C (40%) in each summative assessment to achieve a pass and obtain the credit for that course (Appendix I – *Regulations for validated awards of The Open University for institutions offering dual awards*).

For the validated award only, three courses of action are available to Boards of Examiners in the event of a student failing one or more assessments components of a course:

Students who fail one or more assessments in a course will be offered the opportunity to be reassessed (to resit) in the element(s) that comprises the overall assessment of that course. Only one resit per each assessment element is allowed in each validated course. The maximum grade a student can obtain for the reassessed component of the course is a pass (Grade C- 40% UK). If the student fails the resit, s/he will not receive the credit for that course. The resit policy does not apply to non validated courses and programs.

Exceptionally, and subject to a recommendation from the Committee of Academic Standards and Policies based on evidence it has received of a student's mitigating circumstances, the Board of Examiners may grant a student a further opportunity for reassessment in a validated course. Students with mitigating/extenuating circumstances will not be subject to a capped grade of "C" (40% UK). The Committee on Academic Standards and Policies may grant a student further opportunity for reassessment in consultation with the instructor.

A student who has obtained a final fail grade following reassessment(s) in a course validated in his/her program or an F in a course that is not validated in his/her program (where the reassessment policy does not apply), may retake the course. The grade of such retake will be subject to a cap of a "C" (40% UK) grade. A student's program may not comprise more than 10 retakes (refer to "*Course Retake Policy*") in total for both the validated and Deree US Awards. Students retaking a course will be required to observe the College's attendance requirement (Appendix

Academic Policies Governing the Deree US Degree

1 – *Regulations for validated awards of The Open University for institutions offering dual awards*) and complete all the assessments for that course. Following the successful completion of a retake, the grade obtained by the student will replace the original fail grade. This option is not available to students who have already obtained credit and are seeking to improve their grade for a course. A student's program may not comprise more than 10 retakes. If a student withdraws from a course, prior to any assessment taking place, and if (s)he re-enrolls on the said course, the grade will not be subject to a cap. After repeating the course, the repeat grade will replace the original one. The original 'F', accompanied by the letter 'R', and the replacement grade will both appear on the student's transcript, but only the replacement grade will be counted in computing the cumulative index (CI). If students withdraw from the course they are repeating for grade replacement, the original grade 'F' assigned for the course remains. Courses transferred from other institutions, as well as courses waived may not be repeated. Students also may not use the policy retroactively after their graduation from the former Junior College (see previous catalogs) or Deree - ACG. Successfully completed courses that are repeated over and above the ten retakes will appear as NC automatically. Graduates who are re-admitted as non-degree may only repeat courses as NC (i.e., they may only audit courses they have passed.)

Mitigating Circumstances

The following regulations distinguish between factors or circumstances which were known to the student in advance of taking an assessment and which affect his or her ability to attend an examination or submit work by the published deadline (Appendix 1 – *Regulations for validated awards of The Open University for institutions offering dual awards*), and those which have not impaired the student's ability to attend for examination or meet a deadline for the submission of work but which may have affected his or her performance (Appendix 1 – *Regulations for validated awards of The Open University for institutions offering dual awards*). In all cases, it is the responsibility of the student to ensure the timely disclosure of any factors or circumstances which may affect the assessment of his or her learning and responsibility for the consideration of these factors and circumstances will lie with the Committee of Academic Standards and Policies.

Students whose circumstances may affect (or may have affected) their ability to meet a program's assessment requirements must submit a completed Mitigating Circumstances Extension Form together with verifiable documentation to the Registrar's Office. This form can be completed electronically or in person and may, if necessary, be signed retroactively.

In the case of factors or circumstances which were known to the student in advance of taking an assessment and which affect his or her ability to attend an examination or submit work by the published deadline:

- a. the Committee of Academic Standards and Policies will consider the evidence submitted by the student;
- b. if the mitigating circumstances are accepted by the Committee it will determine the extension to be granted to the student or, in the case of examinations, the date on which the student shall be assessed; in such cases the grades will not be capped at "C" (40% UK).
- c. for the validated award only, the Chair of the Board of Examiners, the Registrar and the appropriate department head/area coordinator will be informed of the Committee's decision. For students registered only for a Deree US degree, the Registrar, the instructors and the relevant department head/area coordinator will be informed of the Committee's decision.

The student will have the right to apply for a further extension, or for a rescheduling of an examination, if the mitigating circumstances persist.

In the case of factors or circumstances have not prevented a student from attending for examination or meeting a deadline for the submission of work but which may have affected his or her performance:

- a. the Committee of Academic Standards and Policies will review the evidence submitted by the student. For students registered for a validated award the Committee will make a recommendation for consideration by

Academic Policies Governing the Deree US Degree

the appropriate Board of Examiners; for those students who are registered only for a Deree US degree, the Committee will communicate directly with the instructor and the Registrar's Office.

- b. For students registered for a validated award, the Board of Examiners is responsible for considering that action that it should take (6.6.1[e], Appendix 1 – *Regulations for validated awards of The Open University for institutions offering dual awards*) in the light of the recommendations of the Committee of Academic Standards and Policies;
- c. For students registered for an Open University validated award, the actions available to the Board of Examiners include: the deferral of an assessment to a later date; compensation for the failure in a course (Appendix 1 – *Regulations for validated awards of The Open University for institutions offering dual awards*); agreement that the student should either retake the course or be reassessed with the grade achieved being recorded in the student's transcript and therefore contributing to the classification of the award; and, exceptionally, a decision that the student be assigned a higher grade for the course or courses on which his or her performance has been affected. For those students who are registered for the Deree US degree only, appropriate action will be taken by the instructor upon CASP's recommendations.

Progression Toward the Open University Validated Award

Students must complete all Level 4 courses within the Open University validated program before they progress to Level 5.

Providing that a student has obtained the necessary prerequisites, s/he may progress to Level 6 courses having gained at least 60 UK credits at Level 5.

Conferment of Open University Validated Awards

In order to qualify for an Open University validated award the student must have satisfied both:

- The general credit requirements for the award (Appendix 1 – *Regulations for validated awards of The Open University for institutions offering dual awards*), and
- The learning outcomes set out in the program specification for the award for which the student is registered. A Bachelor's Degree with Honours will be awarded to a student who has passed 360 credits that is, (120 credits at Level 4, 120 credits at Level 5 and 120 credits at Level 6)

Classification will be based initially on the average percentage mark across all modules at Level 6 and Level 5 at a ratio of 2:1 respectively. If the student's average percentage mark falls within the boundaries of the classifications defined below, s/he is entitled to that award.

First Class Honours	70% or above
Second Class Honours, Upper Division	60% - 69%
Second Class Honours, Lower Division	50% - 59%
Third Class Honours	40% - 49%

If the average percentage achieved by a candidate is not more than 1 percentage point below a classification band, the Board should consider the following.

- a. the student has received a grade at or above the level of the higher class of award in at least one of the capstone courses
- and/or
- b. the majority of Level 5 and 6 modules must be graded at or above the proposed class of degree

The Board of Examiners will take a consensus view on the final classification to be awarded to the student. The Chair of the Board of External Examiners and the External Examiner(s) must in each case endorse the proposed class of award.

Academic Policies Governing the Deree US Degree

Credit obtained through the credit transfer, RPCL or RPEL procedures (Section 4, above) is excluded from the calculation to determine the classification of the degree. For these candidates, the grades obtained for the remaining courses studied under the OU framework will be used for the final classification.

Applying for Graduation

When students reach their last semester/session of studies at the College, they must apply for graduation to the Student Success Center. Deadlines for the submission of applications for graduation are announced in advance.

An application for graduation which fails to be submitted by the announced deadline will move to the next graduation date.

Graduation Requirements

In order to graduate, students must:

- a. Complete satisfactorily the total number of credits and all other requirements set for the degree.
- b. Fulfill the residency requirement.
- c. Attain a minimum cumulative index of 2.0.

A student's graduation with a Deree US degree will be delayed if (s)he must resit one or more assessments in his/her last semester of studies.

Graduation with Distinction

The Bachelor's degree is awarded at three levels of distinction to students who have completed at Deree – ACG at least 72 US credits out of the total number of credits required for graduation and who have obtained exceptionally high grades.

The CI is computed to include all courses completed at Deree – ACG.

Cum Laude	3.30-3.49
Magna Cum Laude	3.50-3.69
Summa Cum Laude	3.70-4.00

Faculty Recommendation for Graduation

Department heads / program coordinators and academic deans evaluate prospective graduates' records and the Registrar confirms the completion of graduation requirements. An official list of prospective graduates, as certified by the Registrar, is then presented to the faculty for approval.

The faculty recommendation to graduate students certified by the Registrar is obtained by a simple majority vote.

Although degrees are granted only once a year, a student who has been recommended by the faculty for graduation may obtain a certificate signed by the Registrar confirming completion of graduation requirements.

Trustees' Approval and President's Conferral

The President of the College presents the faculty recommendation for graduation to the College's Board of Trustees for approval. The trustees' approval of the faculty recommendation for graduation gives the president the authority to confer the degrees.

Grade Reports and Official Documents

At any time during the course of their studies, students active or not, may request a transcript of their progress. Each transcript is a copy of the student's complete record, and any requests for issuing partial transcripts will be

Academic Policies Governing the Deree US Degree

denied. When the transcript is given directly to the student or, at the student's request, to another person, it is labeled 'Unofficial.' An 'Official Transcript of Record' is sent directly to schools or other authorities only at the student's request and is not issued to the student. Upon graduation students will be able to obtain a transcript for the Deree US degree and a diploma supplement for the Open University validated award.

Official Transcripts, Certificates and any other official document signed by the relevant Deree Official is given to students in printed form only. No transmission by fax or any electronic method of official Deree documents is permitted.

Academic Offences

An academic offence (or breach of academic integrity) includes any action or behavior likely to confer an unfair advantage, whether by advantaging the alleged offender or by disadvantaging another or others. Examples of such misconduct are plagiarism, collusion, cheating, impersonation, supplying false documentation, use of inadmissible material and disruptive behavior during examinations. Responsibility for reviewing breaches of academic integrity is held by the Committee on Standing and Conduct (COSC).

According to College policy all student tests and assignments are submitted through a plagiarism detection software called Turnitin.

Charges against a student for violating academic integrity may originate from any source: a faculty member, an administrator, a fellow student, as well as External Examiners reviewing assessments for the Subject Boards. Charges are submitted in writing to the COSC chair and accompanied by any further substantiating evidence. If a member of the Committee originates the charge, the member will be recused from the decision-making process, and any other process related to the case, other than those related to the role of plaintiff/witness.

The alleged offender is informed in writing that a report has been submitted against him/her. He/She has the right within five working days of receipt of the notification to submit a written statement of facts he/she believes COSC should know and/or to request a meeting with the Chair and one committee member.

The Committee on Standing and Conduct will either itself investigate the charge or establish from its own membership a panel to conduct the investigation. In establishing whether a breach of academic integrity has occurred, the Committee (or panel) considers oral and/or written evidence supplied by the individual(s) making the charge and any other evidence deemed relevant.

For OU students in validated courses/programs only, once the Committee on Standing and Conduct has considered the allegation and reached a conclusion on whether an offence has occurred, it issues a report with a recommendation regarding the outcome for the student to the Chair of the relevant Board of Examiners. If it has been established that an offence has occurred, the Board will judge the significance of the misdemeanor and exercise its discretion as appropriate to the case. If it is established that a student has attempted to gain an unfair advantage, the examiners shall be given the authority to rule that the student has failed part or all of the assessments, and the authority to determine whether or not the student should be permitted to be reassessed.

Independently of the assessment decisions made by the Board of Examiners on offences pertaining to validated courses/programs, the Committee on Standing and Conduct is empowered to consider a wider range of sanctions that might be applied when a student is found guilty of a breach of academic integrity. The following list of sanctions is indicative and can be imposed by majority vote of the Committee:

Admonishment Letter (or Letter of Warning): The student is advised in writing that her/his behavior violates rules of academic integrity and that a recurrence will lead to more serious sanctions. The Committee will deliberate on whether the letter should or should not appear in the student's file permanently or for a lesser period of time.

Academic Policies Governing the Deree US Degree

First Offence File: The student's name and a description of the offense is recorded in the student information system, and is accessible by the Chief Academic Officer, the academic Deans, the Dean of Students and department heads. Second offences automatically result in a hearing.

Suspension: The student's relationship with the College will be discontinued for a defined period of time. The student will forfeit any fees involved with the College.

Dismissal: The student's relationship with the College will be terminated indefinitely. The right to apply for readmission shall be denied.

COSC observes College policies on academic integrity. When a student is found guilty of a breach of academic integrity, the committee applies the sanction(s) pertinent to the offence. The COSC chair informs the student and the plaintiff in writing within five working days of the final recommendation and actions to be taken.

Hearing

Deliberation on a second offence violation requires a hearing. A student may be called to a hearing even in the case of a first offence, depending on the severity of the charge. Once the Committee establishes that the report is complete, the Chair calls for a hearing within eight working days from the receipt of the charge. The Chair informs the student in writing of: the charge(s); the student's rights; and the fact that the student's presence is required at the hearing. The student's rights include:

- to attend the hearing alone or with a member of the College community who agrees to speak for the student
- to answer questions, present evidence and introduce witnesses from the College community for defense against the charge
- to pose questions to witnesses from the College community

The Chair notifies the plaintiff in writing when his/her presence is required, of the time and place of the hearing, as well as the plaintiff's rights:

- to be accompanied by a member of the College community who agrees to speak for the plaintiff
- to introduce witnesses from the College community
- to pose questions to the student and witnesses from the College community

At the hearing the Chair announces the purpose and the function of the Committee and reads the charge(s). The Chair opens the floor, inviting parties present to supply additional information and witnesses, if they so wish. Parties present may pose questions to the student/plaintiff/witnesses. The members of the Committee are then given the opportunity to ask questions of the parties present.

When the hearing is over, the Chair asks all those present apart from the committee members to leave the room. Committee members then deliberate on the outcomes of the hearing. The Committee arrives at a majority judgment on the case and, if necessary, recommends sanctions. In case a student does not appear for a hearing and fails to notify the committee of his/her inability to do so, the Committee rules on the case in absentia.

Appeal

Within three *working* days of receipt of COSC's decision, the student has the right to make a formal written appeal against the decision of the Committee. The appeal is addressed first to the Academic Council, and subsequently to the Chief Academic Officer, and then the President, whose decision is final.

Any COSC decision and recommendation on a case are subject to the Academic Council's approval, the Board of Examiner's ratification of grades, and the appeals process available to students. The Committee recommends sanctions based on majority vote.

For offences made in validated courses/programs, OU students may appeal against the decision of the Board of Examiners in accordance with the regulations for academic appeals as outlined in the *Regulations for validated*

Academic Policies Governing the Deree US Degree

awards of The Open University for institutions offering dual awards.

A final report on a case-by-case basis is prepared biannually fourteen (14) days prior to the Board of Examiners and submitted to the Boards via the Academic Council for those cases related to validated awards. For cases on non-OU students, the report is sent to the Academic Council only. Reports include a short statement on the student's breach of academic integrity, the Committee's judgment and the sanctions applied per case.

Academic Appeals

Students registered in a validated program, may appeal against a decision of the Board of Examiners. Students' rights of appeal are limited to two grounds:

- either that the candidate's performance in an assessment was adversely affected by illness or factors which s/he was unable, or for valid reasons unwilling, to divulge before the Board of Examiners reached its decision.
- or that there has been a material administrative error, an assessment was not conducted in accordance with the current regulations for the program or special arrangements formally agreed, or that some other material irregularity relevant to the assessment has occurred.

Disagreement with the academic judgment of a Board of Examiners in assessing the merits of an individual element of assessment does not constitute grounds for an academic appeal. Responsibility for the submission of documentary evidence in support of the appeal rests with the student.

Appeals must be submitted in writing to the Registrar no later than 14 days following the publication of Examination Board results. All appeals including request for grade change for non validated courses/programs must be submitted in writing to the Registrar by the end of the second week of the following session/semester.

On receipt of the appeal, the Registrar informs the department head/program coordinator and the Academic Council (through the Chief Academic Officer) and submits to them all relevant evidence and correspondence.

The Academic Dean will undertake an initial assessment of the validity of the appeal and advise the student accordingly. In the light of this advice, the student should decide whether s/he wishes to proceed with the appeal. Alternatively, the student may decide to withdraw his or her appeal and/or lodge a complaint in accordance with the College's complaints procedure. Students who attended a non validated course may appeal a final course grade within 45 days from the last day of classes for courses without a final exam or from the day of the final exam for courses with final exams. For appeals concerning grade assignment in non validated courses, the department head/program coordinator may form a departmental committee to review the student assessment and propose to the Academic Council a decision on the grade.

In the event that the student decides to proceed with the appeal, the Academic Council will be convened no later than three weeks after receiving the student's decision to continue with the appeal. The membership of the Academic Council shall exclude any member of faculty or the administration who has been involved in the assessment of the student or who is a member of the relevant Board of Examiners. For non-validated courses, the Academic Council will decide on the student's final grade and will inform the student, the professor and the academic dean.

In cases of validated courses/programs, the Academic Council will hear the appeal. The appellant may be called to appear before the Council. The Academic Council may also require the Chair of the Board of Examiners to appear separately before it. The appellant and the Chair of the Board will not be present when the subcommittee considers the evidence and formulates its decision.

In cases of validated courses/programs, the Academic Council must inform the student and the Board of Examiners of its decision within seven days of the hearing. The student has the right to subsequently appeal to the Provost in

Academic Policies Governing the Deree US Degree

writing against the decision of the subcommittee. If the appellant wishes to contest the Provost decision s/he has the right to lodge an appeal with the Open University. The student will obtain contact details for the Provost and the Open University from the Registrar.

The Registrar's Office will keep records of outcomes for all appeals cases. The Academic Council will receive annual summary reports regarding all appeals received by the College.

Complaints Procedure

Complaints are specific concerns about the provision of a course/module or a program of study or related academic or non-academic service. For non validated courses/programs complaints do not address the review of a decision made by an academic body. When appropriate, a complaint is first resolved through informal discussion with the party/office directly involved. If not resolved at this level, a formal complaint is submitted by the student to the Registrar's office within 14 days from the day the outcome of this discussion is made known to the student. Upon receipt of the complaint the Registrar forwards the complaint with all relevant documentation to the Academic Council or the Dean of Students.

Depending on the nature of the complaint, the academic Dean or Dean of Students will undertake an initial assessment of the validity of the complaint and advise the student accordingly. In the light of this advice, the student should decide whether s/he wishes to proceed with the complaint.

In the event that the student decides to proceed with the complaint, the Academic Council will be convened no later than three weeks after receiving the student's decision. The Academic Council shall exclude any member of faculty or the administration who has been involved in the complaint or who is a member of the relevant Board of Examiners.

The Academic Council will hear the complaint. The appellant may be called to appear before the Council. The Council may also require the relevant member of faculty and/or Administration to appear separately before it. The appellant and any member of staff against whom the complaint has been made will not be present when the Council considers the evidence and formulates its decision.

The Academic Council must inform the student and the Chair of the Board of Examiners (if the complaint concerns a validated course/program) of its decision within seven days of the hearing. The student has the right to subsequently appeal to the Provost against the decision of subcommittee. If the appellant wishes to contest the Provost's decision for validated programs/programs, s/he has the right to lodge a complaint with the Open University. The student will obtain contact details for the Provost and the Open University from the Registrar.

The Registrar's Office will keep records of outcomes for all complaints cases. The Academic Council will receive annual summary reports regarding all complaints received by the College.

Students registered in an OU validated award may further appeal to the Office of the Independent Adjudicator (OIA).

Academic Enrichment Programs

English for Academic Purposes Program

The English for Academic Purposes Program (EAPP) supports the educational mission of Deree by providing high quality instruction in academic English to non-native English-speaking students who need to improve their English language skills for study at the institution. EAPP also provides English placement testing to incoming students who are non-native speakers of English. EAPP is designed to:

- provide non-native English-speaking students with the resources and opportunities to develop their reading, writing, listening and speaking skills to a level appropriate for college study;
- equip students with the academic skills needed to help them participate more fully and effectively in college courses;
- offer a well-researched curriculum that responds to the unique and diverse needs of the College's non-native English speaking student population and makes use of educational technology as well as academic support services;
- provide small, student-centered classes led by dedicated, professionally trained English instructors

Writing Program

The Writing Program (WP) offers three levels of full-time courses on academic writing: WP 1010 Introduction to Academic Writing, WP 1111 Integrated Academic Writing & Ethics and WP 1212 LE Introduction to Academic Writing and Research. These courses equip students with the critical thinking, reading, writing and research skills necessary for success in an academic environment. Each writing course has a thematic focus as a vehicle to structure thinking and writing.

Students are placed in WP 1010 if they satisfy the College's requirements for proficiency in English (as described in the section "Academic Writing").

Students take all three Writing Program courses in sequence to fulfill part of their general education requirement. All courses are offered for 3 graduation credits.

The Writing Program supports the educational mission of Deree by

- providing high quality instruction in academic writing and thinking that prepares students for the writing and critical thinking challenges they will face in their major.
- equipping students with the necessary critical thinking and communication skills so that they can succeed beyond college as flexible, thoughtful and confident writers.
- increasingly challenging students with reading and writing assignments that expose them to a variety of texts, writing and research activities, and disciplinary discourses.
- offering a well-researched curriculum that responds to the unique and diverse needs of the College's student population and making use of educational technology as well as academic support services.
- providing small, student-centered classes led by dedicated, professionally trained English instructors.

International Honors Program

The Deree-ACG International Honors Program (IHP) offers motivated and academically-committed Honors students educational enrichment through interdisciplinary learning experiences and opportunities for independent scholarship. It seeks to develop students' intellectual and civic leadership skills through dynamic teaching and student involvement that extend beyond the classroom.

The International Honors Program offers:

- challenging and innovative General Education courses taught through the use of the most current pedagogical tools
- faculty-student research opportunities through the Honors Thesis
- exposure to international perspectives through study abroad
- co-curricular activities that cultivate creativity and civic engagement, such as sustainability workshops, lecture series, film series, etc.
- participation in a tightly-knit community of high-achieving students
- financial aid (International Honors scholarship), internship opportunities, and benefits such as early course registration
- special cultural and academic enrichment events that promote leadership potential, such as participation in the Heritage Greece Program
- increased career and/or graduate opportunities

The International Honors Program seeks to produce well-educated, articulate citizens who exemplify the highest standards of academic, professional and personal achievement. It offers an enriched curriculum that integrates knowledge, sharpens academic skills and encourages active involvement in the learning process.

The International Honors Program encompasses an Honors student's undergraduate career and evolves in two stages:

- in the first stage, students benefit from taking four Honors Seminars which fulfill an equivalent number of General Education requirements;
- in the second stage, students apply the creative and intellectual skills they have acquired in the Honors Seminars to produce an Honors Thesis, the capstone requirement of the Honors Program. The Honors Thesis is also a bridge to a student's professional or academic goals beyond college.

The Teaching and Learning Center

Fulfilling the College's mission of fostering academic excellence, the Teaching and Learning Center, an instructional resource for faculty, promotes innovative approaches to student learning. The Director of the Teaching and Learning Center provides support and assists in the development of effective educational material. The Teaching and Learning Center organizes frequent training sessions on pedagogy where faculty can exchange ideas and experiences related to their teaching; it encourages faculty to explore developments in teaching technologies and adopt student-centered techniques; through a dedicated Blackboard container full of material related to classroom needs, it facilitates and encourages faculty to keep up with best practices in pedagogy.

US CR: 3/0/3

HY 4050 THE AGE OF ENLIGHTENMENT - LEVEL 6

Political, social, and economic problems on the European continent from the time of Louis XIV to the end of the Napoleonic era. Causes, events, and results of the French Revolution.

UK CREDITS: 15

US CR: 3/0/3

HY 4051 REVOLUTION AND NATIONALISM IN EUROPE - LEVEL 6

Political, military, economic, social, and intellectual developments in Europe from 1815 to 1914.

UK CREDITS: 15

US CR: 3/0/3

HY 4052 TOTAL WAR IN EUROPE - LEVEL 6

Political, economic, social, and intellectual developments in Europe, including the background, origins, and beginnings of the world wars.

UK CREDITS: 15

US CR: 3/0/3

HY 4053 CONTEMPORARY HISTORY FROM WORLD WAR II TO VIETNAM AND THE FALL OF COMMUNISM - LEVEL 6

World War II and its aftermath as a background for the study of current political, economic, cultural, and social developments in the world.

UK CREDITS: 15

US CR: 3/0/3

HY 4072 AMERICA IN WORLD AFFAIRS - LEVEL 6

The U.S. role in world affairs since the Spanish-American war. Interaction between domestic politics and other forces that influence the conduct of American foreign policy.

UK CREDITS: 15

US CR: 3/0/3

HY 4074 DEMOCRACY AND IMPERIALISM - LEVEL 6

Comparative, diachronic study of democracies and imperialism. Origins and definitions of democracies and imperialism. Selected case studies drawn from Athenian, Roman, Ottoman, Russian, Great Britain or American political systems.

UK CREDITS: 15

US CR: 3/0/3

HY 4391 HISTORIOGRAPHY - LEVEL 6

A survey of historical writing, theories, and varieties of history in the Western world from antiquity to post-modernity.

Prerequisites: 9 Credits in History - (At least two level 3000 courses)

UK CREDITS: 15

US CR: 3/0/3

HY 4493 SELECTED TOPICS - LEVEL 6

This is the capstone course of the History program. It involves guided research in historical themes which are selected by the instructor. The themes change every time Selected Topics is offered and encompass 'big ideas' that may be illustrated in class by particular events and/or theories. The topics will permit the students to focus on time periods and geographic areas of their choosing.

Prerequisites: 12 History Credits (At least one 4000 level course)

UK CREDITS: 15

US CR: 3/0/3

INFORMATION TECHNOLOGY (ITC)

ITC 1070 INFORMATION TECHNOLOGY FUNDAMENTALS

Binary numbers and logic operations; computer hardware; operating systems; algorithmic thinking; programming languages; computer networks; the Internet; web development; data management.

Replaces CS 1070 for IT majors. Students will not receive credit for both ITC 1070 and CS 1070.

US CR: 3/1.5/3

ITC 1112 LE TURNING DATA INTO DECISIONS

Data protection legislation; ethical use of data; the contribution of data analysis to organizational sustainability; visualizing data using graphs, charts and 3D maps; using functions and analytical tools for what-if analysis; using data reporting tools; linking of worksheets and workbooks; importing and manipulating data.

ITC1112 BL is not available to students on US Federal Financial Aid.

Prerequisites: CS 1070 or ITC 1070

US CR: 3/0/3

ITC 2110 DIGITAL TOOLS FOR GRAPHIC DESIGN AND PRODUCTION - LEVEL 4

(same as GD 2110)

Examine core concepts and techniques on digital design workflow for print & digital publishing. Basic colour theory and page composition. Identify vector graphics properties and characteristics. Build complex shapes and trace bitmap images and line art. Design using layers and symbols, edit text, and draw using perspective. Develop well-crafted print publications, interactive documents, digital magazines, and e-books. Create and edit documents, learn how to use master pages and easily format text, objects, and tables using styles. Work with text frames and graphics, add and format tables, build interactive documents and EPUBs. Output work in several formats, learn how to package, print, and export the finished project.

Prerequisites: CS 1070 or ITC 1070

UK CREDITS: 15

US CR: 3/0/3

ITC 2153 GAME DEVELOPMENT USING UNITY

Game development fundamentals; basic 3D graphics concepts; combining and utilizing multimedia content using a game engine; creating and editing scripts using appropriate programming / scripting languages.

Prerequisites: CS 1070 or ITC 1070

US CR: 3/0/3

ITC 2186 COMPUTER SYSTEM ARCHITECTURE – LEVEL 4

Computer architecture. Digital circuits and components. Types of data representation. Computer organisations and design. Logic design.

Prerequisites: ITC 1070 or CS 1070

UK CREDITS: 15

US CR: 3/0/3

ITC 2188 INTRODUCTION TO PROGRAMMING - LEVEL 4

Problem solving; problem analysis; top-down design of algorithms; implementation; testing and debugging techniques; documentation. Structured programming language constructs: datatypes, variables, constants, parameters, input and output, selection, iteration, file handling, classes and methods, arrays, elementary sorting and searching algorithms.

Prerequisites: ITC 1070

UK CREDITS: 15

US CR: 3/2/3

ITC 2276 C LANGUAGE PROGRAMMING - LEVEL 4

C language logic and code structure; data types; scalars and aggregates; pointers and address arithmetic; files and devices; programming and debugging techniques.

Prerequisites: ITC 1070 or CS 1070
ITC 2188

UK CREDITS: 15

US CR: 3/0/3

ITC 2293 OPERATING SYSTEMS CONCEPTS - LEVEL 4

Operating system structures; functions and techniques; Performance; avoidance of deadlock and security issues. Management of Operating System resources and processes.

Prerequisites: ITC 1070 or CS 1070

ITC 2188

UK CREDITS: 15

US CR: 3/0/3

ITC 3015 DESIGNING FOR THE WEB - LEVEL 5

(Same as GD 3015)

A brief history of the web; web standards, browser standards; choosing a domain name; hosting management tools; web publishing; web design and development tools; website architecture; using image editing software to design web layouts; HTML, CSS, search engine optimization; social media integration; interface design standards; user interaction experience.

UK CREDITS: 15

US CR: 3/0/3

ITC 3106 MATHEMATICS FOR COMPUTING LEVEL 5

Concepts of Algebra, Geometry, Proofs, Structures, Counting, Probabilities and Inference, Statistics.

Prerequisites: MA 1108

UK CREDITS: 15

US CR: 3/0/3

ITC 3120 DIGITAL VIDEO AND AUDIO TECHNOLOGIES - LEVEL 5

Digital video and audio technologies, file formats, compression strategies, codecs, editing techniques, transitions, effects, titling, motion graphics, recorded audio, processing and transformation. Methods of audio/video hardware and software integration.

Prerequisites: ITC 1070 or CS 1070

UK CREDITS: 10

US CR: 2/1/2

ITC 3121 COMPUTER NETWORKS, MODELING AND ANALYSIS - LEVEL 5

Data communications technologies. Computer network systems. Network convergence architectures. Connectivity and internetworking of LANs. Broadband networking. Computer networks modeling and analysis.

Prerequisites: MA 1108

UK CREDITS: 15

US CR: 3/0/3

ITC 3128 DIGITAL IMAGING - LEVEL 5

Digital imaging fundamentals. Bitmap/vector comparative analysis. Digital capture process. Platforms and output devices. Color theory. Color management. Image editing & compositing. Post production techniques.

Prerequisites: ITC 1070 or CS 1070

UK CREDITS: 10

US CR: 2/1/2

ITC 3129 3D MODELING METHODOLOGIES – LEVEL 5

3D object manipulation. Modelling methodologies. Lighting and rendering effects. Camera manipulation. Textures creation and use. Dynamic animation. Characters creation and manipulation.

Prerequisites: ITC 1070 or CS 1070

UK CREDITS: 10

US CR: 2/1/2

ITC 3225 MOBILE APPLICATIONS DEVELOPMENT - LEVEL 5

Programming mobile devices; user interface design; user interface building; input methods; data storage; motion sensing; memory management; exception handling.

Prerequisites: ITC 1070 or CS 1070

ITC 2188

UK CREDITS: 15

US CR: 3/0/3

ITC 3234 OBJECT ORIENTED PROGRAMMING – LEVEL 5

Advanced object oriented concepts and problem solving techniques. Advanced GUI components. Applets. Event handling, collections, multithreading and networking. Efficiency issues.

Prerequisites: ITC 1070 or CS 1070

ITC 2188

UK CREDITS: 15

US CR: 3/0/3

ITC 3254 COGNITIVE COMPUTING WITH IBM WATSON

(same as CS 3254)

Natural Language Processing with IBM Watson Platform; Business Intelligence; Question answering; Unstructured Information Processing.

Prerequisites: CS 1070 ITC 2188 or CS 2179

US CR: 3/0/3

ITC 3260 FUNDAMENTALS OF RDBMS – LEVEL 5

Relational Database Management Systems concepts. Data modelling, systems development and data administration in a database environment. The relational model, normalization, transaction management, concurrency, control, database security and the Structured Query Language (SQL).

Prerequisites: ITC 1070 or CS 1070

ITC 2188

UK CREDITS: 15

US CR: 3/1,5/3

ITC 3275 INTRODUCTION TO COMPUTER NETWORKS – LEVEL 5

(Same as CS 3275)

Computer communications systems components, models, operation, and applications. Networking standards, protocols and connectivity aspects. Local area networks design, implementation. Wide area networks, emerging technologies.

Prerequisites: ITC 1070 or CS 1070

MA 1108

UK CREDITS: 15

US CR: 3/0/3

ITC 3319 NETWORK ADMINISTRATION - LEVEL 5

Installation and administration concepts. Management, monitoring, and optimization of system performance, reliability, and availability. Design issues and support in a corporate environment. Troubleshooting and end user support.

Prerequisites: CS 1070 or ITC 1070

MA 1108 ITC 3275

UK CREDITS: 15

US CR: 3/1,5/3

ITC 3333 DATA MINING AND BIG DATA

Data and feature selection, cleaning, extracting patterns from structured and unstructured data, evaluation, big data, tools, applications

Prerequisites: ITC 1070 or CS 1070

ITC 2188 MA 2010

US CR: 3/0/3

ITC 3387 DATA STRUCTURES AND ANALYSIS OF ALGORITHMS – LEVEL 5

Algorithmic design; interaction between algorithm and data structure in creating efficient code. Common types of algorithms and data structures; data structures usage and implementation. Lists, stacks, queues, hash tables and trees. Algorithmic mechanisms and problem solving techniques.

Prerequisites: CS 1070 ITC 2188

MA 1108

UK CREDITS: 15

US CR: 3/0/3

ITC 3397 OBJECT ORIENTED PROGRAMMING WITH C++

(Same as CS 3397)

C++ as a superset to the C language. Object oriented techniques to software problems using C++. Classes, encapsulation, overloading, inheritance. Small scale programs in C++.

Prerequisites: CS 1070 ITC 2188

ITC 2276

US CR: 3/0/3

ITC 3413 ALGORITHMS AND COMPLEXITY – LEVEL 5

Study of algorithms and their complexity. Design, analysis and evaluation of performance. Complexity theory and classes of complexity. O, Big O and Theta notation. Computational classes. Union-Find, Divide and Conquer, Greedy, Dynamic programming, Linear Programming, Search in graphs, NP-completeness.

Prerequisites: ITC 1070 or CS 1070
ITC 2188 MA 1108
ITC 3106

UK CREDITS: 15

US CR: 3/0/3

ITC 4085 INFORMATION TECHNOLOGY INTERNSHIP

Experiential learning for information Technology majors. Students gain on-the-job experience and training as they learn to apply knowledge gained in the classroom to real life professional situations.

Prerequisites: Normally the student will have completed 70 credits before embarking on this module. Formal approval by the Department Head / Program Coordinator / Internship Administrator (as appropriate) is required.

US CR: 0/0/3

ITC 4130 HUMAN COMPUTER INTERACTION - LEVEL 6

Foundations of human computer interaction. Interaction design basics. User Experience (UX). HCI in the software process. Cognitive models and theories. Application of concepts and methodologies of software engineering, human factors and psychology to address ergonomic, cognitive, and social factors in the design and evaluation of interactive computer systems.

Prerequisites: ITC 1070 or CS 1070

UK CREDITS: 15

US CR: 3/0/3

ITC 4135 GAME DESIGN - LEVEL 6

Game design process; player's psychology; media definitions; interactive stories; characters; game worlds; game mechanics; balancing attributes; interface types and design issues; aesthetics; UX; game violence and ethical concerns.

Prerequisites: ITC 1070 or CS 1070

UK CREDITS: 15

US CR: 3/0/3

ITC 4157 PROJECT MANAGEMENT – LEVEL 6

See MG 4157.

ITC 4242 NETWORK DESIGN - LEVEL 6

Design of enterprise computer networks, concepts and best practices. Assessment of network performance.

Prerequisites: MA 1108 ITC 3121

UK CREDITS: 15

US CR: 3/0/3

ITC 4314 INTERNET PROGRAMMING – LEVEL 6

Internet standards and infrastructure. Client and server technologies. Rich Internet applications. Scripting Languages. Server side Programming. Frameworks. Security and privacy.

Prerequisites: ITC 1070 or CS1070
ITC 2188 ITC 3260

UK CREDITS: 15

US CR: 3/2/3

ITC 4322 NETWORK SECURITY AND CRYPTOGRAPHY - LEVEL 6

Security trends and solutions; encryption techniques and standards; symmetric and public key encryption; hash functions; confidentiality issues; authentication and identity management; system security issues.

Prerequisites: MA 1108 ITC 3106
ITC 3121

UK CREDITS: 15

US CR: 3/0/3

ITC 4371 INTERACTIVE MULTIMEDIA SYSTEMS - LEVEL 6

Multimedia technologies, hardware and software tools. Issues on interactivity environments and systems. Graphics design for multimedia projects. Multimedia system analysis and design methodologies. Application of interactive multimedia concepts. Usability of interfaces and systems.

Prerequisites: ITC 1070 or CS 1070
ITC 3128 ITC 3120

UK CREDITS: 15

US CR: 3/1,5/3

ITC 4416 SOFTWARE ENGINEERING – LEVEL 6

Structured analysis, architectural design, development methodologies, modelling techniques and system visualization. Implementation frameworks. Validation methods. Security. Project Planning.

Prerequisites: ITC 1070 or CS 1070
ITC 2188 ITC 3234
ITC 3260

UK CREDITS: 15

US CR: 3/0/3

ITC 4417 GAME PROGRAMMING – LEVEL 6

The conceptual framework of interactive environments. Game programming approaches. Techniques and tools. Manipulation of visual effects and sound. Object animation. Movement control. Worlds. Interactivity.

Prerequisites: ITC 1070 or CS 1070
ITC 2188 ITC 3234
MA 1108

UK CREDITS: 15

US CR: 3/1,5/3

ITC 4426 DISTRIBUTED SYSTEMS – LEVEL 6

Distributed systems principles: communication, processes, naming, synchronization, fault tolerance, security, consistency and replication. Object-based systems. Document-based systems. Distributed file systems. Coordination-based systems. Payment systems. Internet and web protocols. Scalability.

Prerequisites: ITC 1070 **or** CS 1070
 MA 1108 ITC 3106
 ITC 3275

UK CREDITS: 15

US CR: 3/0/3

ITC 4443 VIRTUALIZATION CONCEPTS AND APPLICATIONS LEVEL 6

Virtualization architectures, techniques, applications and virtualization at server, client, desktop and application level.

Prerequisites: ITC 1070 **or** CS 1070
 MA 1108 ITC 3106
 ITC 3275

UK CREDITS: 15

US CR: 3/0/3

ITC 4541 WEB SCIENCE - LEVEL 6

Social network characteristics. Network measures and models. Data mining in social networks.

Prerequisites: ITC 1070 **or** CS 1070
 ITC 2188 ITC 3234
 MA 2010 ITC 3260

UK CREDITS: 15

US CR: 3/0/3

ITC 4680 ARTIFICIAL INTELLIGENCE PRINCIPLES - LEVEL 6

State space search, knowledge representation, probabilistic reasoning, machine learning.

Prerequisites: ITC 1070 **or** CS 1070
 ITC 2188 ITC 3106
 ITC 3234 MA 1108
 MA 2205

UK CREDITS: 15

US CR: 3/0/3

ITC 4827 NETWORKING CAPSTONE PROJECT– LEVEL 6

Focus on the on the design of a reliable, secure, performance efficient, fault-tolerant network or network component.

Step-by-step design, development and evaluation process.

Prerequisites: ITC 1070 **or** CS 1070
 MA 1108 ITC 2188
 ITC 3275 ITC 3219
 ITC 3121 ITC 4142
 CS 4157

UK CREDITS: 15

US CR: 3/0/3

ITC 4918 SOFTWARE DEVELOPMENT CAPSTONE PROJECT – LEVEL 6

Focus on the software development procedures, including program specification, design, code, testing, documentation, and maintenance. Application of tools, techniques and technologies to deliver a comprehensive solution.

Prerequisites: ITC 1070 **or** CS 1070
 MA 1108 ITC 2188
 ITC 3260 ITC 3130
 ITC 3234 ITC 4314
 ITC 4416 CS 4157

ITALIAN (IT)

IT 1000 ITALIAN I

Four basic language skills (listening, speaking, reading and writing) are developed in order to acquire a general basic ability to communicate in a number of the most familiar situations of everyday life and to understand main points of simple conversations and texts, needed mainly for tourism and basic contacts with an Italian environment (CEFR-A1).

US CR: 3/0/3

IT 1101 ITALIAN II

Four language skills (listening, speaking, reading and writing) are reinforced and expanded in order to gain a more effective command of the language and to interact with greater confidence in a wider range of everyday familiar situations. (CEFR-A2)

Prerequisite: IT 1000 **or** equivalent

US CR: 3/0/3

IT 2202 ITALIAN III

Four language skills (listening, speaking, reading and writing) are thoroughly developed so as to handle the main structure of the language with confidence, to use a wide range of vocabulary and appropriate communicative strategies, and to acquire a certain degree of independence when called upon to use the language in everyday social, work or academic contexts. (CEFR-B1)

Prerequisites: IT 1000 IT 1101 **or** equivalent

US CR: 3/0/3

IT 3352 TRAVEL INTO ITALIAN CINEMA

A tour of Italy through a selection of most famous Italian movies. Important aspects of the Italian cinema with reference to essential cultural aspects of Italy are analyzed and discussed. (CEFR-B1)

Prerequisites: IT 1000 IT 1101
IT 2202 or equivalent

US CR: 3/0/3

INTERNATIONAL RELATIONS (IR)

IR 2010 INTRODUCTION TO INTERNATIONAL RELATIONS – LEVEL 4

Introduction to the international system and its evolution from the nation-state toward global governance. Major theories and conceptual frameworks, including integration theory. The nation-state, international organizations, conflict and cooperation.

UK CREDITS: 15

US CR: 3/0/3

IR 2015 MODERN EUROPEAN HISTORY AND POLITICS – LEVEL 4

An introduction to the Political, Social and Economic History of Modern Europe (from the Treaty of Westphalia - 1648 - to contemporary times). A thematic approach emphasising the political developments and changes.

UK CREDITS: 15

US CR: 3/0/3

IR 3017 GLOBAL MARKETS AND POLITICS – LEVEL 5

An overview of recent developments in global economics and politics with special reference to emerging economic and political crises, areas of actual and potential political distress and societal disruption, and the ways the latter will potentially impact the future. The challenges to democratic and effective political leadership posed by current and potential future trends.

UK CREDITS: 15

US CR: 3/0/3

IR 3120 RESEARCH METHODS IN INTERNATIONAL RELATIONS – LEVEL 5

The role and significance of research in the domain of international relations. Formulation and clarification of research questions and problems, writing literature review, designing research, data collection and analysis, interpretation of findings, argumentation on problem resolution.

Prerequisites: IR 2010

UK CREDITS: 15

US CR: 3/0/3

IR 3225 FOREIGN POLICY – LEVEL 5

A theoretical and empirical study of foreign policy through the ages. Analysis, interpretation and evaluation of foreign policy theories and actions.

Prerequisites: IR 2010 PO 2004

UK CREDITS: 15

US CR: 3/0/3

IR 4070 INTERNSHIP IN INTERNATIONAL RELATIONS – LEVEL 6

Experiential learning in the field of international relations. Students gain on-the-job experience and receive training as they learn to apply advanced theoretical frameworks gained through the programme to real life professional situations or diplomacy.

Prerequisites: Normally the student will have completed 70 credits before embarking on this module. Formal approval by the Department Head / Programme Coordinator / Internship Administrator (as appropriate) is required.

UK CREDITS: 15

US CR: 3/0/3

IR 4130 MEDIA AND INTERNATIONAL RELATIONS – LEVEL 6

The role of media in international relations. Ideas and debates relating to the ways in which media impact government, policy making, election campaigning, political movements, the rise of terrorism, and the prospects for informed political deliberation. Media and conflict, media and securitization, media and political communication.

Prerequisites: IR 2010

UK CREDITS: 15

US CR: 3/0/3

IR 4135 INTERNATIONAL LAW – LEVEL 6

Legal regime of International Law and International relations. International Treaties and European law. Non-governmental Organisations and International Law. Nations and International Law. International Human Rights Law. World Trade and International Law. Global Social Justice and International Law. International Law for Environmental Protection.

Prerequisites: IR 2010

UK CREDITS: 15

US CR: 3/0/3

IR 4140 GREECE AND THE WORLD – LEVEL 6

Greece's external relations. Policy orientation, alliances, partnerships and rivalries. Greece's role and influence in the region and beyond.

Prerequisites: IR 2010

UK CREDITS: 15

US CR: 3/0/3

IR 4145 SENIOR THESIS IN INTERNATIONAL RELATIONS AND EUROPEAN AFFAIRS – LEVEL 6

Research in European and international relations problems and developments. Systematic and critical study of their key concepts and arguments. Appreciation of the historical context and the impact on contemporary political reality.

Prerequisites: IR 3120

Students must have completed 90 credits

UK CREDITS: 15

US CR: 3/0/3

IR 4250 ASIA IN WORLD AFFAIRS – LEVEL 6

Current internal and external factors and issues influencing the foreign, defence and security policy of Asian states, including, but not restricted to, Chinese power consolidation and Asian regional integration efforts. The profound implications, for the international order, of the on-going shift of the global economy's centre of gravity to Asia.

Prerequisites: PO 2004 PO 3031

UK CREDITS: 15

US CR: 3/0/3

IR 4255 GEOPOLITICS – LEVEL 6

A theoretical and empirical survey of the history and current discourse of geopolitics. A critical analysis of the role and actions of the main state and non-state actors as seen through the lenses of geopolitics in a simultaneously globalizing and regionalizing.

Prerequisites: PO 2004 PO 3031

UK CREDITS: 15

US CR: 3/0/3

IR 4365 EUROPEAN FOREIGN, SECURITY AND DEFENCE POLICIES – LEVEL 6

Current internal and external forces driving European foreign, security and defence policy designs. Key factors involved in shaping the European security environment. The European Union's presence on the international stage as an economic, diplomatic, military and 'soft' power and future perspectives.

Prerequisites: IR 2010 IR 3225
PO 2004

UK CREDITS: 15

US CR: 3/0/3

JUSTICE STUDIES (JS)

JS 1001 LE INTRODUCTION TO CRIMINAL JUSTICE – LEVEL 4

Overview of the American criminal justice system. Examination of its various phases: investigation and detection of crimes by the police; prosecution of alleged offenders; adjudication of cases by courts; imprisonment of convicted offenders; re-integration. Study of the role, organization, ethics and limitations of law enforcement, courts and corrections. Study of their interactions and interdependence. Emphasis on the IV and V Amendments to the U.S. Constitution.

UK CREDITS: 15

US CR: 3/0/3

JS 2010 LE LAW AND SOCIETY

Definitions, origins, development, functions, systems and perspectives of law; theories on law and justice; overview of the judicial system and the role of the legislature; reference to the U.S. model; the legal profession and legal ethics; methods of alternative dispute resolution; interaction between law and society; impact of law on society – impact of society on law; law and (in)equality; diversity; privacy; international human rights.

US CR: 3/0/3

JS 3024 CORRUPTION AND ANTI-CORRUPTION - LEVEL 5

See SO 3024.

JS 3038 CRIMINOLOGY - LEVEL 5

See SO 3038.

EUROPEAN LITERATURE (LI)

LI 2210 LE VOICES IN EUROPEAN LITERATURE & CULTURE

Selection of texts (in English translation) representing a variety of genres and/or authors in modern and contemporary European Literature. Emphasis on the search for what can be defined as European culture, i.e. aspects of diversity in unity as expressed in dynamics of literature and other cultural representations.

Prerequisites: WP 1010 WP 1111

US CR: 3/0/3

MATHEMATICS (MA)

MA 1000 MATHEMATICS FOR THE LIBERAL ARTS

Designed to give liberal arts students the skills required to understand and interpret quantitative information that they encounter in the news and in their studies, and to make quantitatively-based decisions in their lives. Topics include quantitative information in everyday life, financial management, probability, and statistics.

US CR: 3/0/3

MA 1022 INTERMEDIATE MATHEMATICS

Real Numbers. Fractions, Decimals and Percents. Linear Equations in One and Two Variables. Linear Inequalities in One Variable. Systems of Linear Equations in Two Variables. Exponents and Polynomials. Rational Expressions. Rational Exponents and Radicals. Quadratic Equations in One Variable.

This course is offered for non-graduation credit.

This course is offered for non-graduation credit.

Prerequisite: Students may waive this course via placement test or equivalent.

US CR: 3/0/3

MA 1108 COLLEGE ALGEBRA

Linear, Quadratic, Polynomial, Rational, Exponential and Logarithmic Functions and their Graphs. Asymptotes and Continuity via Limits. Solution of Systems of Linear Equations. Matrices and Matrix Algebra. Determinants. Sequences and Series.

Prerequisite: Placement test or MA1022 Intermediate Mathematics

US CR: 3/0/3

US CR: 3/1/3

MA 2010 STATISTICS I – LEVEL 4

Organizing and summarizing data. Probability distributions: binomial, Poisson, normal, t-distribution, chi-square. Sampling and sampling distribution of the mean. The central limit theorem.

The course is not open to students who has previously completed an MA-course in statistics.

UK CREDITS: 15

US CR: 3/1/3

MA 2021 APPLIED STATISTICS - LEVEL 4

Organizing and summarizing data. Probability distributions: binomial, Poisson, normal, t-distribution, chi-square. Sampling and sampling distribution of the mean. The central limit theorem. Parametric tests for one mean and for the difference between two means. Test for independence of two qualitative/categorical variables. Simple and multiple correlation and regression.

UK CREDITS: 15

US CR: 3/1/3

MA 2010 STATISTICS I – LEVEL 4

Organizing and summarizing Data. Probability distributions: binomial, hypergeometric, Poisson, normal, t-distribution, chi-square. Sampling and sampling distribution of the mean. Confidence intervals for the population mean, standard deviation and proportion.

Prerequisites: MA 1108

UK CREDITS: 15

US CR: 3/0/3

MA 2205 APPLIED CALCULUS - LEVEL 4

Functions, limits and continuity. Derivative of polynomials, and rational, exponential and logarithmic functions. Sketching the graph of a function. Indefinite and definite integral. Integration techniques. Area as an integral. Functions of several variables. Partial derivatives of first and second order. Application of differentiation and integration to problems in business, economics, and related fields.

Prerequisites: Placement test or MA 1022 MA 1108

UK CREDITS: 15

OCEANOGRAPHY (OC)

OC 1000 OCEANOGRAPHY: PHYSICS AND GEOLOGY OF THE OCEAN BASINS

Principles of oceanography with emphasis on geological and physical processes: history of oceanography as a modern scientific field, the formation of Earth and the solar system, ocean floor topography, continental drifting, plate tectonics, sediments, atmospheric processes, ocean currents, waves and tides.

US CR: 3/1½/4

OC 1001 LIFE IN THE OCEANS

Principles of chemical and biological oceanography with emphasis on chemical and biological processes, the properties and origin of water and salts, major constituents, dissolved gases and nutrients, the carbon dioxide system, coastal processes, the biological productivity of the oceans, ecology, distribution and classification of marine organisms, ocean resources and ocean pollution.

US CR: 3/1½/4

PHILOSOPHY (PH)

PH 1000 LE INTRODUCTION TO PHILOSOPHY – LEVEL 4

Overview of major philosophical figures and schools of thought. Discussion of the most influential philosophical answers to 'big' questions about reality, ourselves and our place in it. Examination of the relation of philosophy to other disciplines and its role in daily life.

UK CREDITS: 15

INTERNATIONAL HONORS PROGRAM (IHP)

HFP 2202 LE DOCUMENTARY PHOTOGRAPHY

The course teaches students to develop a meaningful relationship with lived experience through documentary photography, a form of visual storytelling that chronicles historical events and/or significant scenes of life. Through readings as well as hands-on experience, students will be guided to explore the cultural, aesthetic, political, and ethical issues involved in this artistic and journalistic genre. Major emphasis is placed on experiential learning of the subject, and for this reason much of the course is taught on site. The course presupposes only basic knowledge of photography, as well as ownership of a digital camera.

Prerequisites: WP 1010 WP 1111

US CR: 3/0/3

HFP 2205 LE THE SOUND OF THE FUTURE: SONIC FICTION, SCIENCE FICTION AND CREATIVE CODING

An interdisciplinary exploration of sound in new media art. The course will be based on Kodwo Eshun's concept of sonic fiction (the point where sound and science fiction intersect), in order to provide a framework for discussion of the cultural and aesthetic dimensions of new media art. In parallel, students will have a hands-on experience of creative computer coding, with the aim of implementing technology to give creative expression to their experience of selected science fiction texts. The course does not assume prior knowledge or experience of artistic creation or computer coding. Emphasis is placed on experiential learning, and for this reason class meetings take place in a computer lab.

An interdisciplinary course that introduces students to principles of gaming which inform a broad spectrum of human behaviors and practices. By uncovering the analogies between games and social interactions and practices, the course provides a conceptual toolkit that can be applied towards navigating our increasingly gamified world.

Prerequisites: WP 1010 WP 1111

US CR: 3/0/3

HSS 2218 LE FOOD IN/AS CULTURE: PERSPECTIVES ON GREEK CULINARY TRADITIONS

See HHU 2218.

HSS 2220 LE STROLLING INCOGNITO IN ATHENS: THE ART OF CITY WALKABOUTS

In this Honors seminar students will engage in structured walkabouts which will enable them to become active readers as well as writers of the text of the city of Athens. Emphasis upon the cityscape as a palimpsest exposes students to various discourses and urban morphologies (sociological, political, historical, aesthetic, etc.), and invites them to consider the semiotics of everyday social interactions in the city of Athens. Much of the course is taught on site.

Prerequisites: WP 1010 WP 1111

US CR: 3/0/3

HSS 2221 LE PERFORMING MASCULINITIES

(Same as HHU 2221)

The course explores the construction of masculinity across different historical settings, and in the contexts of race, nationality, and sexuality. Adopting an interdisciplinary approach, the course offers students the opportunity to interrogate assumptions concerning maleness, rethink masculine identities, and develop awareness of masculinity as performance. Readings and material will be drawn from the humanities and social sciences, and popular culture.

Prerequisites: WP 1010 WP 1111

US CR: 3/0/3

HSS 2225 LE INNOVATION IN ACTION: A DESIGN-THINKING LABORATORY

A hands-on interdisciplinary course that introduces students to a fertile synthesis of Innovation Management theory and Design Thinking, a methodology that draws upon logic, imagination, intuition, and systemic reasoning to produce innovation in various business and social contexts. Bringing theory and practice together, the course will guide students to tackle a social, business, ecological, or cultural challenge of their choice through application of innovative problem-solving based on the principles of Design Thinking.

Regulations for validated awards of the Open University for institutions offering Dual awards

The *Regulations for validated awards of the Open University for institutions offering Dual awards* document is an integral part of "The American College of Greece Undergraduate Catalog and Student Handbook" and is located at <http://www.acg.edu/programs>.

In this catalog, the College makes its most inclusive and comprehensive statement about itself: the nature of the institution and its future aspirations; the rules, regulations, and requirements under which it operates and which it enjoins upon students who wish to become Deree graduates; the programs it offers; and the people who constitute the College community.

The information in this catalog, including administration and faculty listings, is as current and accurate as was possible at the time of publication, the catalog is issued annually before the start of the new academic year. However, the College is a dynamic and evolving institution and changes may occur after publication that will cause some of the information as presented to be superseded. Because new catalogs cannot be printed promptly enough to reflect every change made by an active administration and faculty, the College reserves the right to alter its course offerings, academic programs, campus regulations, fee structure, and calendar whenever necessary. Every effort will be made to inform students of such alterations when they occur and no student will be asked to meet degree requirements not in effect at the time of his or her admission to a degree program.

The American College of Greece is an equal opportunity educational institution, whereby qualified individuals are not discriminated against on grounds of age, gender, race, nationality, ethnicity, faith, disability, marital status, or sexual orientation. This non-discrimination policy applies to all educational policies and programs. ACG strives to eliminate unfair bias and stereotyping in the institution.

Academic Calendar

Weekly Schedule, Class Periods, Blended (BL) and Online Courses (OL)

The Academic Calendar is issued each academic year by the Registrar, please visit the College website for the most updated calendar.

Instruction time for each three US credit hour course (15 UK credits) is 150 minutes per week, normally distributed as follows: for courses scheduled on Monday, Wednesday, and Friday, each instruction period is 50 minutes; for courses scheduled on Tuesday and Thursday, each instruction period is 75 minutes. On Mondays and Wednesdays, classes continuing after 6:00 p.m. follow the 75-minute Tuesday - Thursday schedule.

For each laboratory session carrying one US credit (5 UK credits), the instruction time is 75 minutes. Laboratory sessions are scheduled Monday, Wednesday, or Friday for one-and-a-half class periods, or Tuesday or Thursday for a full class period.

The College occasionally offers courses via distance learning modes, either as blended or online. Such courses are designated on the course schedule with the section notation of BL for blended or OL for online.

Blended courses are defined as being 35% to 50% online and the rest in scheduled campus face-to-face classrooms. Major examinations for blended courses also take place face-to-face.

Online courses meet exclusively online, except for any summative assessments or examinations, which will take place face-to-face on campus.

Students enrolling in blended or online courses are required to enroll in an induction or introductory seminar free of charge.

** Blended Learning (BL) and Online Courses (OL) are not available to students on US Federal Financial Aid.*

COMMUNICATION EXIT AWARDS ‡

I. Certificate of Higher Education in Communication

In accordance with the framework for higher education qualifications, the holder of a Certificate of Higher Education in Communication will have a sound knowledge of the basic concepts of Communication and learned how to take different approaches to solving problems. He or she will be able to communicate accurately and will have the qualities needed for employment requiring the exercise of some personal responsibility.

Certificates of Higher Education in Communication are awarded to students who have demonstrated:

- i) knowledge of the underlying concepts and principles associated with Communication, and an ability to evaluate and interpret these within the context of Communication;
- ii) an ability to present, evaluate, and interpret qualitative and quantitative data, to develop lines of argument and make sound judgements in accordance with basic theories and concepts of Communication.

Typically, holders of the qualification will be able to:

- a) evaluate the appropriateness of different approaches to solving problems related to Communication;
- b) communicate the results of their study/work accurately and reliably, and with structured and coherent arguments;
- c) undertake further training and develop new skills within a structured and managed environment;

and will have:

- d) qualities and transferable skills necessary for employment requiring the exercise of some personal responsibility.

Upon completion of level 4 (120 credits, or eight 15-credit modules), students will be able to i) recognize and be familiar with key communication concepts that are present in both everyday and professional decision making; ii) apply basic communication techniques, thus aligning theory to practice.

Specifically, holders of the Certificate of Higher Education in Communication will be able to demonstrate knowledge and understanding of:

- Core media and communication concepts and principles (CN 2301, CN 2202, CN 2203, CN 2227)
- Basic communication tools (CN 2202, CN 2305, CS 1070)
- The role of the communication industry in society (CN 2301, CN 2408)

and

- A measure of knowledge in a social science (one level 4 module in a social science).

ENVIRONMENTAL STUDIES EXIT AWARDS ‡

I. Certificate of Higher Education in Environmental Studies

In accordance with the Framework for Higher Education Qualifications (FHEQ), the holder of a Certificate of Higher Education in Environmental Studies will have a sound knowledge of the basic concepts of Environmental Studies and will have learned how to take different approaches for solving problems. He or she will be able to communicate accurately and will have the qualities needed for employment requiring the exercise of some personal responsibility.

In accordance with FHEQ, Certificates of Higher Education in Environmental Studies are awarded to students who have demonstrated:

- knowledge of the underlying concepts and principles associated with Environmental Studies, and an ability to evaluate and interpret these within the context of that area of study;
- an ability to present, evaluate, and interpret qualitative and quantitative data, to develop lines of argument and make sound judgments in accordance with basic theories and concepts of their subject(s) of study.

Typically, holders of the qualification will be able to:

- evaluate the appropriateness of different approaches to solving problems related to Environmental Studies;
- communicate the results of their study/work accurately and reliably, and with structured and coherent arguments;
- undertake further training and develop new skills within a structured and managed environment;

and will have:

- qualities and transferable skills necessary for employment requiring the exercise of some personal responsibility.

Specifically, holders of the Certificate of Higher Education in Environmental Studies of ACG-Deree (120 credits or six 20-credit modules) will be able to demonstrate knowledge and understanding of:

- core concepts, principles and tools in natural sciences, of the structure and functioning of natural systems and of their role in supporting life and human activities (all L4 modules: ES 1000, ES 1010, CH 1002, GG 1000, two modules in biology, ES/CH 3241)
- the social, economic, political, health and ecological implications of human interactions with the environment. (ES 1000, ES 1010)
- the need for an interdisciplinary approach in addressing environmental problems (ES 1000, ES 1010)
- the concepts and dimensions of sustainability and sustainable development (ES 1000, ES 1010)

In addition, they will have the following cognitive, practical/professional and key/transferable skills:

- They will be able to collect, process, interpret and communicate data and information on environmental issues and related topics
- They will be able to describe and record materials in the field and laboratory, to interpret practical results in a logical manner and to use appropriate laboratory and field equipment competently and safely
- They will be able to interact effectively within a team/learning group, giving and receiving information and ideas and modifying responses when appropriate.

These skills are attained through all L4 modules (ES 1000, ES 1010, CH 1002, GG 1000, two modules in biology, ES/CH 3241)

II. Intermediate level

The intermediate level includes the Diploma of Higher Education in Environmental Studies and the ordinary (non-Honours) degree in Environmental Studies.

In accordance with the Framework for Higher Education Qualifications (FHEQ), holders of qualifications at this level will have developed a sound understanding of the principles in Environmental Studies and will have learned to apply those principles more widely. Through this, they will have learned to evaluate the appropriateness of different approaches to solving problems. They will have the qualities necessary for employment in situations requiring the exercise of personal responsibility and decision-making.

In accordance with FHEQ, non-Honours degrees are awarded to students who have demonstrated:

- knowledge and critical understanding of the well-established principles of Environmental Studies, and of the way in which those principles have developed;
- ability to apply underlying concepts and principles outside the context in which they were first studied, including, where appropriate, the application of those principles in an employment context;
- knowledge of the main methods of enquiry in their subject(s), and ability to evaluate critically the appropriateness of different approaches to solving problems in the field of study;
- an understanding of the limits of their knowledge, and how this influences analyses and interpretations based on that knowledge.

Typically, holders of the qualification will be able to:

- use a range of established techniques to initiate and undertake critical analysis of information, and to propose solutions to problems arising from that analysis;
- effectively communicate information, arguments, and analysis, in a variety of forms, to specialist and non-specialist audiences, and deploy key techniques of the discipline effectively;

- undertake further training, develop existing skills, and acquire new competences that will enable them to assume significant responsibility within organisations;

and will have:

- qualities and transferable skills necessary for employment requiring the exercise of personal responsibility and decision-making.

I. Certificate of Higher Education

Upon completion of level 4 (120 credits or 8 15-credit modules), students have 1) a basic grasp of the concepts and principles of History; 2) a series of basic transferable interpersonal, research and writing skills that are applicable to the professional world; 3) the knowledge and skills necessary for further progression in the field—for example, into the second year of a BA (Hons) programme in History such as that at Deree, The American College of Greece.

Specifically, Certificates of Higher Education in History are awarded to students who have demonstrated knowledge and understanding of:

- Basic knowledge of significant past events in key periods and geographic areas. (all HY courses)
- Exposure to the idea of continuities/discontinuities between past and present.
- Exposure to both primary and secondary sources.
- a measure of knowledge in an array of humanities and social sciences (one level-4 module each in the social sciences and humanities).

In addition, they will have the following cognitive skills:

- a basic understanding of the variety of approaches to interpreting the past. (all HY courses)
- a basic exposure to the difficulty in reconstructing the past. (all HY courses)

Furthermore, they will have the following practical/professional and key/transferable skills:

- They will be able to produce basic, reasoned presentations of problems in timed situations. (all HY courses)
- They will be able to participate in group discussions. (all courses)
- They will be able to work to deadline. (all courses)

II. Intermediate level

The Intermediate level includes the Diploma of Higher Education in History and the BA Ordinary (non-Honours) degree in History.

II.a. Diploma of Higher Education in History

Designed to follow upon the Certificate of Higher Education in History, the Diploma of Higher Education in History, broadens and deepens students' engagement in the field of History through courses that enlist both synchronic and diachronic pathways of study. Upon completion of levels 4 and 5 (240 credits of 16 15-credit modules), students have 1) a solid grasp of the concepts and principles of history; 2) a series of transferable interpersonal research and writing skills that are applicable to the professional world; 3) the knowledge and skills necessary for further progression in the field—for example for The BA (Ord.) and (Hons) of Higher Education in History such as those offered by Deree, the American College of Greece.

Specifically, in addition to the characteristics listed under the Certificate above, holders of the Diploma of Higher Education in History will be able to demonstrate detailed knowledge and critical understanding of:

- Broadened and deepened factual knowledge of the history of specific areas and periods. (all HY courses)
- Engagement with diachronic runs of history (HY 3002, HY 3005, HY 3007, HY 3032)
- Engagement with regional or focused histories (HY 3009, HY 3019, HY 3021, HY 3030, HY 3040, HY 3060, HY 3061)
- A broadened and deepened knowledge of an array of humanities and social sciences (one level-5 module each in the social sciences and humanities)

In addition, they will have the following cognitive skills:

- The ability to analyze in a basic manner historical texts and other source material (all HY courses)
- A broadened understanding of the variety of ways of interpreting the past. (all HY courses)

And the following practical/professional and key/transferable skills:

- They will be able to communicate effectively in group discussions (all courses)
- They will have respect for the diversity of human cultures and achievements.
- They will be able to research with the basic capacity for effective and verifiable information retrieval and organization. [ALL COURSES WITH PAPERS]
- They will be able to construct basic relevant arguments from a body of evidence, including primary and secondary sources. (all HY courses and some of the Humanities courses—ie courses that have essay exams or papers)

II.b. BA Ordinary in History

Upon completion of 300 credits (20 15-credit modules), students will have 1) a solid grasp of the concepts and principles of History; 2) acquired skills in historical research, critical thinking, and the written presentation of data and oral expression that are transferable to the professional world; 3) Develop abilities to recognize the continuity and/or discontinuity of past experiences with contemporary ones; 4) the knowledge and skills necessary for further progression in the field—for example, for the final modules of a BA (Hons) programme in History such as that at Deree, The American College of Greece.

In addition to the knowledge and skills listed above under Certificate and Diploma, holders of the BA (Ordinary) in History will be able to demonstrate detailed knowledge and critical understanding of:

- Broadened and deepened knowledge of the History for specific geographic areas and periods. (HY 4041, HY 4074, HY 4050, HY 4051, HY 4052, HY 4053, HY 4072)
- In-depth knowledge of specific subjects/methodologies associated with History
- Understand the development of history as a discipline and an awareness of different historical methodologies. (HY4391)

In addition, they will have the following cognitive skills:

- They will be able to think creatively, self-critically and present, in both oral and written forms, historical arguments in a clear and comprehensive way.
- They will be able to manage and process complex body of information and data.
- They will be able to evaluate the limitations and partiality of all historical knowledge.

and the following practical/professional and key/transferable skills:

- Construct relevant arguments from a body of evidence, including primary and secondary sources.

INFORMATION TECHNOLOGY (DIGITAL MEDIA TECHNOLOGIES, NETWORK TECHNOLOGIES, SOFTWARE DEVELOPMENT) EXIT AWARDS ‡

I. Certificate of Higher Education in Information Technology

In accordance with the framework for higher education qualifications, the holder of a Certificate of Higher Education in Information Technology will have a sound knowledge of the basic concepts of Information Technology and will have learned how to apply different IT functions to solving problems. He or she will be able to communicate accurately and will have the qualities needed for employment requiring the exercise of some personal responsibility.

Certificates of Higher Education in Information Technologies are awarded to students who have demonstrated:

- Knowledge of the underlying concepts and principles associated with all computing, and an ability to evaluate and interpret these within any context;
- An ability to retrieve, analyze, interpret, and present qualitative and quantitative data, to develop lines of argument and make sound judgments in accordance with basic theories and concepts of computing.

Typically, holders of the qualification will be able to:

- Apply a wide variety of computing functions to address basic problems;
- Communicate the results of their study/work accurately and reliably, with coherent arguments, orally and in writing;
- Undertake further training and develop new skills within a structured and managed environment;

And will have:

- Qualities and transferable skills necessary for employment requiring the exercise of some personal responsibility.

Upon completion of **level 4 (120 credits or 8 modules)**, students will be able to:

- Apply the basic principles and concepts of programming.
- Apply basic mathematical and statistical techniques.
- Understand the basic psychological principles useful in the development of any IT solution.

Specifically, holders of the Certificate of Higher Education in Information Technology will be able to demonstrate *knowledge and understanding of:*

- Basic psychological principles (PS1001, PS1000)
- Basic tools in statistics (MA 2010)
- Basic mathematics (MA 2205)
- Structured and object-oriented computer programming (ITC 2188, ITC 2276)
- Basic design of computer hardware (ITC 2186)
- The fundamental concepts of operating systems (ITC 2293)

In addition, they will have the following *cognitive, practical/professional and key/transferable skills:*

- They will be able to interpret, analyze, and solve structured problems, and to a limited extent unstructured problems, from a generated data set. (MA2010)
- They will be able to apply appropriate theory, practices and tools to address design and implementation

issues of information technology related problems. (ITC 2188, ITC 2186, ITC 2276, ITC 2293)

- They will be able to use numeric skills, including quantitative techniques in problem solving. (MA2010, MA1105, ITC 2186)
- They will be able to use Information Technology effectively to retrieve, process, analyze and communicate information with guidance. (all courses)
- They will be able to specify, design and construct solutions involving programming to given problems. (ITC 2188, ITC 2276)
- They will be able to determine the risks, controls and safety measures in the use of computing technologies (ITC 2293)
- They will be able to communicate ideas successfully orally and in writing. (PS1000, PS1001)
- They will be able to work effectively with others in small groups or teams. (ITC 2188)
- They will be able to reflect intellectually and function as an independent, self-managed lifelong learner. (all courses)

II. Intermediate level

The intermediate level includes the:

- *Diploma of Higher Education in Information Technology*

and the ordinary (non-Honours) degrees in:

- *Information Technology*

In accordance with the framework for higher education qualifications, holders of qualifications at this level will have developed a sound understanding of the principles of computing and a more specialized understanding of at least one function under Information Technology. Through this, they will have learned to apply different computing functions to solving a wider array of increasingly complex problems with increasing autonomy. They will have the qualities necessary for employment in situations requiring the exercise of personal responsibility and decision-making.

Non-Honours degrees are awarded to students who have demonstrated:

- Knowledge and critical understanding of the well-established principles of Information Technology
- Ability to apply underlying concepts and principles outside the context in which they were first studied, including, where appropriate, the application of those principles in an employment context;
- Specialized knowledge of one Information Technology function and the ability to apply this knowledge, in combination with other computing functions, to meet the needs of a wide variety of applications;

Typically, holders of the qualification will be able to:

- use a range of established techniques to initiate and undertake critical analysis of information, and to propose solutions to problems arising from that analysis;
- effectively communicate information, arguments, and analysis, in a variety of forms, to specialist and non-specialist audiences;
- undertake further training, develop existing skills, and acquire new competences that will enable them to assume significant responsibility within organisations;

And will have:

- Qualities and transferable skills necessary for employment requiring the exercise of personal responsibility and decision-making.

II. a. Diploma of Higher Education in Information Technology

Upon completion of *levels 4 and 5 (240 credits or 16 modules)*, students will be able to:

- Apply the basic principles and concepts of programming.
- Apply mathematical and statistical techniques.
- Understand the basic psychological principles useful in the development of any IT solution.
- Apply their knowledge of computing functions, ethics, and professional communication to solving complex IT related problems.

Holders of the *Diploma of Higher Education in Information Technology* will demonstrate knowledge and understanding of:

- Basic psychological principles (PS1001, PS1000)
- Basic design of computer hardware (ITC 2186)
- The fundamental concepts of operating systems (ITC 2293)

Additionally, holders of the *Diploma of Higher Education in Information Technology* will be able to demonstrate detailed knowledge and critical understanding of:

- IT related statistical and mathematical tools and techniques (MA 2010, MA 2205, ITC 3106)
- Moral theories and ethical issues which have an impact on decision making (PH 3005)
- Structured and object-oriented computer programming (ITC 2188, ITC 2276, ITC 3234)
- Tools, and techniques for database design, development and implementation. (ITC 3260)
- The principles of computer communications (ITC 3275)
- A measure of knowledge in an array of IT subjects (two level-5 modules from Software Development, Network Technologies or Digital Media Technologies)

In addition, they will have the following cognitive, practical/professional and key/transferable skills:

- They will be able to locate, extract, and analyze data from library and other resources including the acknowledgement and referencing of sources. (ITC 3275)
- They will be able to apply critical thinking in order to evaluate arguments and identify assumption to interpret, analyze, and solve structured problems as well as unstructured/complex problems, from a generated data set. (MA 2010, ITC 3260 and ITC 3413, ITC 3225, ITC 3413, ITC3121)
- They will be able to analyze and evaluate ethical choices. (PH 3005)
- They will be able to analyze various aspects of professional communication and evaluate effectiveness of oral as well as written communication. (EN 3942)
- They will be able to apply appropriate theory, practices and tools to address design and implementation issues of information technology related problems. (ITC 2188, ITC 2186, ITC 2276, ITC 3275, ITC 3234, ITC 2293, ITC 3260)
- They will be able to exhibit reasoning ability and creativity to address a given problem. (all modules)
- They will be able to use numeric skills, in solving complex problems. (MA 2010, MA 2205, ITC3106, ITC 2186)
- They will be able to use Information Technology effectively to retrieve, process, analyze and communicate information with guidance. (all modules)
- They will be able to specify, design and construct solutions involving programming to given problems. (ITC 2188, ITC 3260, ITC 2276, ITC 3234 and ITC 3225)
- They will be able to determine the risks, controls and safety measures in the use of computing technologies. (ITC 3260, ITC 3275, ITC 2293)

- They will be able to communicate ideas successfully orally and in writing, and to adapt message content to a particular audience and medium of communication in a professional context. (EN 3942, PH 3005, PS 1000, PS 1001, ITC 3260, ITC 3275)
- They will be able to work effectively with others in small groups or teams. (EN 3942, ITC 2188, ITC 3260)
- They will be able to reflect intellectual and function as an independent, self-managed lifelong learner. (all modules)

II.b. BSc in Information Technology

Upon completion of **300 credits** (20 modules, including four Level 6 modules), students will be able to:

- Apply the basic principles and concepts of software development.
- Apply mathematical and statistical techniques.
- Understand the basic psychological principles useful in the development of any IT solution.
- Demonstrate detailed knowledge of theories, models, tools, and practices of IT development.
- Apply their detailed knowledge of computing functions, to solving complex IT related problems.

Holders of the ordinary BSc in Information Technology will be able to demonstrate knowledge and understanding of diverse computing functions as well as detailed knowledge and critical understanding of specific fields.

Holders of this BSc will demonstrate knowledge and understanding of:

- Basic psychological principles (PS1001, PS1000)
- Basic design of computer hardware (ITC 2186)
- The fundamental concepts of operating systems (ITC 2293)

Additionally, holders of the ordinary BSc in Information Technology will be able to demonstrate detailed knowledge and critical understanding of:

- IT related statistical and mathematical tools and techniques (MA 2010, MA 2205, ITC 3106)
- Moral theories and ethical issues which have an impact on decision making (PH 3005)
- Structured and object-oriented computer programming (ITC 2188, ITC 2276, ITC 3234)
- Tools, and techniques for database design, development and implementation. (ITC 3260)
- The principles of computer communications (ITC 3275)
- A measure of knowledge in an array of IT subjects (two level-5 modules from Software Development, Network Technologies or Digital Media Technologies)
- Tools, technologies, and techniques for IT analysis, design, security, development and implementation.(four level-6 modules from Software Development, Network Technologies or Digital Media Technologies)

In addition, they will have the following cognitive, practical/professional and key/transferable skills:

- They will be able to locate, extract, and analyze data from library and other resources including the acknowledgement and referencing of sources. (ITC 3275, and ITC 4130, ITC 4680, ITC 4918, ITC 4322, ITC 4443, ITC4826, ITC 4927, ITC 4135, ITC 4959)
- They will be able to apply critical thinking in order to evaluate arguments and identify assumption to interpret, analyze, and solve structured problems as well as unstructured/complex problems, from a generated data set. (MA 2010, ITC 3260, and MG/CS 4157, ITC 4680, ITC 3413, ITC 3225, ITC 4416, ITC 4918, ITC 4426, ITC 4242, ITC 4827, ITC 4959, ITC 4314, ITC 4130, ITC 4541, ITC 3121, ITC 4322)
- They will be able to analyze and evaluate ethical choices. (PH 3005)
- They will be able to analyze various aspects of professional communication and evaluate effectiveness of oral as well as written communication. (EN 3942)

- They will be able to apply appropriate theory, practices and tools to address design and implementation issues of information technology related problems. (ITC 2188, ITC 3275, ITC 2186, ITC 2276, ITC 2234, ITC 2293, ITC 3260, ITC 4314, ITC 4416, ITC 4417, ITC 4918, ITC 4443, ITC, 4322, ITC 4426, ITC 4242, ITC 4827, ITC 4371, ITC 4135, ITC 4959)
- Exhibit reasoning ability and creativity to address a given problem (all courses)
- They will be able to use numeric skills, in solving complex problems. (MA 2010, MA1105, ITC 3106, ITC 2186, and CS 4157, ITC 3413)
- They will be able to use Information Technology effectively to retrieve, process, analyze and communicate information. (all courses)
- They will be able to specify, design and construct solutions involving programming and to synthesize prior acquired knowledge to given problems. (ITC 2188, ITC 2234, ITC 2276, ITC 3260, - and ITC 4314, ITC 4416, ITC 4680, ITC 4417, ITC 4918, ITC 4322, ITC 4443, ITC4242, ITC4426, ITC 4443, ITC 4827, ITC 4371, ITC 4959)

SOCIOLOGY EXIT AWARDS ‡

I. Certificate of Higher Education in Sociology

In accordance with the framework for higher education qualifications, the holder of a Certificate of Higher Education in Sociology will have a sound knowledge of the basic concepts of Sociology and will have learned how to identify, through different theoretical approaches, sociological issues across a range of social contexts and social problems. The holder will be able to communicate accurately and will have the qualities needed for employment requiring the exercise of some personal responsibility.

Certificates of Higher Education in Sociology are awarded to students who have demonstrated:

- knowledge of the underlying concepts and principles associated with Sociology, and an ability to evaluate and interpret these within the context of Sociology;
- an ability to present, evaluate, and interpret qualitative and quantitative data, to develop lines of argument and make sound judgments in accordance with basic theories and concepts of Sociology.

Typically, holders of the qualification will be able to:

- evaluate the appropriateness of different theoretical approaches to discern social problems and issues related to Sociology;
- communicate the results of their study/work accurately and reliably, and with structured and coherent arguments;
- undertake further training and develop new skills within a structured and managed environment;

and will have:

- qualities and transferable skills necessary for employment requiring the exercise of some personal responsibility.

Upon completion of level 4 (120 credits or 8 15-credit modules), students will be able to i) recognize and be familiar with key sociological concepts that are present in both everyday as well as in macro-level; ii) understand how foundational concepts in sociology apply to key sociological fields like social inequality, family and gender and social problems.

Specifically, holders of the Certificate of Higher Education in Sociology will be able to demonstrate knowledge and understanding of:

- Core sociological concepts and principles (SO 1000, SO 1001)
- Basic tools in analysis of behavioural data (SO 2047)
- The importance of inequality and gender across modern social institutions, applied also to a variety of social problems (SO 2004, SO 2020, SO 2030)
- A measure of knowledge in an array of social sciences (two level-4 modules in social sciences)

In addition, they will have the following practical/professional and key/transferable skills:

- They will be able to learn sampling techniques to obtain data in order to conduct surveys (SO 2047)
- They will be able to use statistical skills to measure and interpret social inequality magnitudes (SO 2047, SO 2030)
- Recognize and apply key sociological concepts and sophisticated theoretical reasoning across a range of social issues and problems (SO 1000, SO 1001, SO 2004, SO 2020, SO 2030)

II. Intermediate level

The intermediate level includes the Diploma of Higher Education in Sociology and the ordinary (non-Honours) degree in Sociology.

In accordance with the framework for higher education qualifications, holders of qualifications at this level will have developed a sound understanding of the principles in Sociology and will have learned to apply those principles more widely. Through this, they will have learned how to identify, via different theoretical approaches, sociological issues across a range of social contexts and social problems. They will have the qualities necessary for employment in contexts and situations requiring the exercise of personal responsibility and decision-making.

Non-Honours degrees are awarded to students who have demonstrated:

- knowledge and critical understanding of the foundational principles of Sociology and of the way in which those principles have developed historically;
- ability to apply underlying concepts and principles outside the context in which they were first studied, including, where appropriate, the application of those principles in across the local, the national, the regional and the global context;
- knowledge of the main methods of enquiry in Sociology and ability to evaluate critically the appropriateness of different approaches to interpret issues and problems in Sociology;
- an understanding of the limits of their knowledge, and how this influences analyses and interpretations based on that knowledge.

Typically, holders of the qualification will be able to:

- use a range of established techniques to initiate and undertake critical analysis of sociological information, and to apply these tools to concrete situations and contexts;
- effectively communicate information, arguments, and analysis, in a variety of forms, to specialist and non-specialist audiences, and deploy key techniques of the discipline effectively;
- undertake further training, develop existing skills, and acquire new competences that will enable them to assume significant responsibility within organisations;

and will have:

- qualities and transferable skills necessary for employment requiring the exercise of personal responsibility and decision-making.

II.a. Diploma of Higher Education in Sociology

Upon completion of levels 4 and 5 (240 credits or sixteen (16) 15-credit modules), students will be able to i) recognize and be familiar with key sociological concepts that are present in both everyday as well as in professional decision making; ii) apply basic mathematical techniques to sociological topics, thus aligning theory to practice; iii) demonstrate detailed knowledge of theoretical paradigms, models, and tools of micro-and macro-sociology, iv) apply the methodological tools associated with sociology's classical founders, v) analyze and evaluate major debates in the context of globalization and social change.

FINANCE EXIT AWARDS ‡

The Quality Assurance Agency’s Quality Code for Higher Education in relation to the ‘Frameworks for Higher Education Qualifications of UK Degree-Awarding Bodies’ (October 2014) specifies that students who exit a Bachelor’s programme prior to completing its full requirements are eligible to receive an exit award subject to the coverage of specific learning outcomes. Depending on the extent of coverage of these learning outcomes, students may receive a Certificate of Higher Education (CertHE), Diploma of Higher Education (DipHE), or ordinary Bachelor’s degree (BSc(Ord)).

I. Certificate of Higher Education in Finance

Holders of a Certificate of Higher Education will have a sound knowledge of the basic concepts of a subject, and will have learned how to take different approaches to solving problems. They will be able to communicate accurately and will have the qualities needed for employment requiring the exercise of some personal responsibility. The Certificate of Higher Education may be a first step towards obtaining higher level qualifications.

Certificate of Higher Education is awarded to students who have demonstrated:

- knowledge of the underlying concepts and principles in Finance and financial analysis and an ability to evaluate and interpret financial information (delivered and assessed through, AF 2006, EC 1000, EC 1101, FN 2028, FN 2127)
- an ability to present, evaluate and interpret qualitative and quantitative data (delivered and assessed through all Level 4 modules)

Typically, holders of the qualification will be able to:

- evaluate the appropriateness of different approaches to solving problems related to finance and business problems (AF 2006, FN 2028 FN 2127, MA 2021, MG 2003)
- undertake further training and develop new skills within a structured and managed environment (AF 2006, EC 1000, EC 1001, FN 2028, FN 2127, MA 2021)

And holders will have:

- the qualities and transferable skills necessary for employment requiring the exercise of some personal responsibility (demonstrated through the fulfillment of all assessment components in Level 4 modules in a responsible and professional manner).

II. Intermediate level

The intermediate level includes the Diploma of Higher Education in Finance and the ordinary (non-Honours) degree in Finance.

II.a. Diploma of Higher Education in Finance

Students that exit the programme upon completion of Level 4 and Level 5 (having obtained 120 credits at each level) will be eligible for the award of a Diploma of Higher Education (DipHE) in Finance.

Holders of qualifications at this level will have developed a sound understanding of the principles in finance and financial analysis, and will have learned to apply those principles in different business settings. Through this, they will have learned to evaluate the appropriateness of different approaches to solving problems. Holders of qualifications at this level will have the qualities necessary for employment in situations requiring the exercise of personal responsibility and decision-making.

Diplomas of Higher Education are awarded to students who have demonstrated:

- knowledge and critical understanding of the well-established principles in financial analysis and business structure (delivered and assessed through all Level 4 and Level 5 modules)
- ability to apply underlying concepts and principles outside in unstructured settings (delivered and assessed through EC 3240, FN 3137, FN 3232, FN 3319, PH 3005, MG 3133.)
- knowledge of the main methods of enquiry in finance and ability to evaluate critically the appropriateness of different approaches to solving problems (FN 3137, FN 3232, FN 3319, MA 2021, PH 3005)

Typically, holders of the qualification will be able to:

- use a range of established techniques to initiate and undertake critical analysis of information, and to propose solutions to problems arising from that analysis (delivered and assessed through all Level 5 modules)
- effectively communicate information, arguments and analysis in a variety of forms to specialist and non-specialist audiences and deploy key techniques of the discipline effectively (delivered and assessed through all Level 5 modules)

HEALTH CARE MANAGEMENT EXIT AWARDS ‡

The Quality Assurance Agency's Quality Code for Higher Education in relation to the 'Frameworks for Higher Education Qualifications of UK Degree-Awarding Bodies' (October 2014) specifies that students who exit a Bachelor's programme prior to completing its full requirements are eligible to receive an exit award subject to the coverage of specific learning outcomes. Depending on the extent of coverage of these learning outcomes, students may receive a Certificate of Higher Education (CertHE), Diploma of Higher Education (DipHE), or ordinary Bachelor's degree (BSc(Ord)).

As explained in other parts of the documentation, there are currently no specified QAA benchmark statements for the subject area of Healthcare Management. Therefore in devising the programme's content and quality assurance features, the team relied (as applicable) on the generic Business and Management subject benchmark statements. Section 2.1 of this document provides a specification of the programme-level objectives and learning outcomes. Therefore a combination of the above sets of guidelines has been used in specifying the requirements that must be met by students exiting the programme at various points prior to its full completion so that they can qualify for an Exit Award.

I. Certificate of Higher Education in Health Care Management

According to the above frameworks, students that exit the programme upon completion of Level 4 (having obtained 120 L4 credits) will be eligible for the award of a Certificate of Higher Education (CertHE) in Health Care Management.

Holders of a Certificate of Higher Education will have a sound knowledge of the basic concepts of a subject, and will have learned how to take different approaches to solving problems. They will be able to communicate accurately and will have the qualities needed for employment requiring the exercise of some personal responsibility. The Certificate of Higher Education may be a first step towards obtaining higher level qualifications.

Certificates of Higher Education are awarded to students who have demonstrated:

- knowledge of the underlying concepts and principles associated with their area(s) of study, and an ability to evaluate and interpret these within the context of that area of study (delivered and assessed through 'Introduction to Healthcare Management', MG 2003, BU 2002, IB 2006)
- an ability to present, evaluate and interpret qualitative and quantitative data, in order to develop lines of argument and make sound judgements in accordance with basic theories and concepts of their subject(s) of study (delivered and assessed through all Level 4 modules)

Typically, holders of the qualification will be able to:

- evaluate the appropriateness of different approaches to solving problems related to their area(s) of study and/or work (MA 2021, MG 2003, AF 2006, CS 2179)
- communicate the results of their study/work accurately and reliably, and with structured and coherent arguments (delivered and assessed through all Level 4 modules)
- undertake further training and develop new skills within a structured and managed environment (AF 2006, MA 2021)

And holders will have:

- the qualities and transferable skills necessary for employment requiring the exercise of some personal responsibility (demonstrated through the fulfillment of all assessment components in Level 4 modules in a responsible and professional manner).

II. Intermediate level

The intermediate level includes the Diploma of Higher Education in Health Care Management and the ordinary (non-Honours) degree in Health Care Management.

II.a. Diploma of Higher Education in Health Care Management

Students that exit the programme upon completion of Level 4 and Level 5 (having obtained 120 credits at each level) will be eligible for the award of a Diploma of Higher Education (DipHE) in Health Care Management.

Holders of qualifications at this level will have developed a sound understanding of the principles in their field of study, and will have learned to apply those principles more widely. Through this, they will have learned to evaluate the appropriateness of different approaches to solving problems. Holders of qualifications at this level will have the qualities necessary for employment in situations requiring the exercise of personal responsibility and decision-making.

Diplomas of Higher Education are awarded to students who have demonstrated:

- knowledge and critical understanding of the well-established principles of their area(s) of study, and of the way in which those principles have developed (delivered and assessed through all Level 4 and Level 5 modules)
- ability to apply underlying concepts and principles outside the context in which they were first studied, including, where appropriate, the application of those principles in an employment context (SO 3007, PH 3005, MG 3034, 'Foundations of Corporate Finance', 'Delivery of Healthcare Quality Services', 'Healthcare Marketing', 'Healthcare Information Systems')
- knowledge of the main methods of enquiry in the subject(s) relevant to the named award, and ability to evaluate critically the appropriateness of different approaches to solving problems in the field of study (delivered and assessed through 'Business Research Methods')
- an understanding of the limits of their knowledge, and how this influences analyses and interpretations based on that knowledge (delivered and assessed through 'Business Research Methods')

Typically, holders of the qualification will be able to:

- use a range of established techniques to initiate and undertake critical analysis of information, and to propose solutions to problems arising from that analysis (delivered and assessed through all Level 5 modules)
- effectively communicate information, arguments and analysis in a variety of forms to specialist and non-specialist audiences and deploy key techniques of the discipline effectively (delivered and assessed through all Level 5 modules)
- undertake further training, develop existing skills and acquire new competences that will enable them to assume significant responsibility within organizations (delivered and assessed through MG 3034, PH 3005, 'Healthcare Marketing', 'Delivery of Healthcare Quality Services').

And holders will have:

- the qualities and transferable skills necessary for employment requiring the exercise of personal responsibility and decision-making (all Level 5 modules).

II.b. BSc in Health Care Management

Students that exit the programme upon completion of Levels 4 and 5 (having obtained 120 credits at each level) and have obtained a minimum of 60 credits at Level 6 will be eligible for the award of an ordinary Bachelor's – BSc – in Healthcare Management (HM 4040, HM 4250, HM 4141, HM 4045).

INTERNATIONAL TOURISM AND HOSPITALITY MANAGEMENT EXIT AWARDS ‡

The Quality Assurance Agency's Quality Code for Higher Education in relation to the 'Frameworks for Higher Education Qualifications of UK Degree-Awarding Bodies' (October 2014) specifies that students who exit a Bachelor's programme prior to completing its full requirements are eligible to receive an exit award subject to the coverage of specific learning outcomes. Depending on the extent of coverage of these learning outcomes, students may receive a Certificate of Higher Education (CertHE), Diploma of Higher Education (DipHE), or ordinary Bachelor's degree (BSc(Ord)).

This section details the exact requirements for the award of one of the above exit qualifications based on QAA's generic specifications of each Level's requirements, as well as the relevant Subject Benchmark Statements corresponding to Tourism and Hospitality Management.

According to the latter, an honours graduate in tourism will be able to demonstrate an understanding of the concepts and characteristics of tourism as an area of academic and applied study, including being able to:

- understand and appreciate the potential contributions of disciplines that help to explain the nature and development of tourism
- explain and challenge theories and concepts which are used to understand tourism
- explain and challenge the definitions, nature and operations of tourism
- demonstrate an understanding of the domestic and international nature and dimensions of tourism
- utilise a range of source material in investigating tourism
- demonstrate an awareness of the dynamic nature of tourism in modern societies
- understand the intercultural dimensions of tourism.

Furthermore, an honours graduate in tourism will be able to demonstrate understanding of the nature and characteristics of tourists and, in particular:

- be able to explain the patterns and characteristics of tourism demand and the influences on such demand
- have an understanding of the ways in which tourists behave at destinations
- understand the cultural significance of tourism for tourists and societies.

Additionally, an honours graduate in tourism will be able to demonstrate an understanding of the products, structure of and interactions in the tourism industry, including being able to:

- demonstrate an understanding of the structure, operation and organisation of the public, private and not-for-profit sectors and their activities
- evaluate the factors that influence the development of organisations operating in tourism
- analyse relations between consumers of tourism and the providers of tourism services.

Finally, an honours graduate in tourism will be able to demonstrate understanding of the relationships between tourism and the communities and environments in which it takes place, in particular:

- being able to evaluate the contribution and impacts of tourism in social, economic, environmental, political, cultural and other terms
- having an understanding of, and being able to evaluate, the approaches to managing the development of tourism through concepts of policy and planning
- appreciating the ethical issues associated with the operation and development of tourism
- having an understanding of the issues and principles of sustainability and social responsibility in the context of tourism.

Similarly, according to the same document, an honours graduate in hospitality will be able to analyse and evaluate the defining characteristics of hospitality as a phenomenon, including being able to:

- critically reflect upon the origin, meanings and development of hospitality
- analyse and reflect on the different cultural concepts of hospitality
- demonstrate a critical awareness of the boundaries of hospitality.

Furthermore, an honours graduate in hospitality will be able to use technical and interpersonal skills and knowledge to propose and evaluate practical and theoretical solutions to complex problems in the core areas of hospitality, including being able to:

- operate and manage human and technical resources
- apply theory to the solution of complex problems within the core areas of hospitality
- analyse and evaluate food, beverage and/or accommodation service systems, their implementation and operation.

In addition, an honours graduate in hospitality will be able to evaluate and apply, within the hospitality context, appropriate theories and concepts from the generic management areas of:

- operations management
- finance and management accounting
- human resources and organisational behaviour
- services marketing
- information systems and technology
- strategic management.

Additionally, an honours graduate in hospitality will be able to analyse and evaluate the business environment and its impact on the hospitality industry, including being able to:

- display an insight into the structure of the hospitality industry and the contribution that it makes to the global economy
- analyse and reflect upon the environmental influences which impact on hospitality organisations
- evaluate the factors which influence the development of organisations operating within the hospitality industry
- review and analyse the political, technological, social and economic factors which affect the supply of and demand for hospitality.

Also, an honours graduate in hospitality will be able to recognise and value the centrality of the hospitality consumer and meet and respond to their needs, including being able to:

- understand and apply the theories and concepts underpinning consumer behaviour within the hospitality context
- analyse the needs and expectations of different hospitality consumers and develop appropriate responses
- analyse the quality of the service encounter and its impact on the hospitality consumer and the service provider.

Finally, an honours graduate in hospitality will be able to identify and respond appropriately to the diversity that prevails within the hospitality industry in relation to stakeholders, such as:

- hospitality consumers
- hospitality employees
- hospitality organisations

- government and external agencies.

In relation to the above framework, the following paragraphs demonstrate the coverage of these requirements at the different stages of the students' progression in the programme by relating them to the content and assessment of modules delivered at each level of study.

I. Certificate of Higher Education in International Tourism and Hospitality Management

Students that exit the programme upon completion of Level 4 (having obtained 120 L4 credits) will be eligible for the award of a Certificate of Higher Education (CertHE) in International Tourism and Hospitality Management.

Holders of a Certificate of Higher Education will have a sound knowledge of the basic concepts of a subject, and will have learned how to take different approaches to solving problems. They will be able to communicate accurately and will have the qualities needed for employment requiring the exercise of some personal responsibility. The Certificate of Higher Education may be a first step towards obtaining higher level qualifications.

Certificates of Higher Education are awarded to students who have demonstrated:

- knowledge of the underlying concepts and principles associated with their area(s) of study, and an ability to evaluate and interpret these within the context of that area of study (HT 1001, HT 2116, HT 2010, MG 2003, BU 2002, IB 2006)
- an ability to present, evaluate and interpret qualitative and quantitative data, in order to develop lines of argument and make sound judgements in accordance with basic theories and concepts of their subject(s) of study (all Level 4 modules)

Typically, holders of the qualification will be able to:

- evaluate the appropriateness of different approaches to solving problems related to their area(s) of study and/or work (MA 2021, MG 2003, HT 2010, HT 2116)
- communicate the results of their study/work accurately and reliably, and with structured and coherent arguments (all Level 4 modules)
- undertake further training and develop new skills within a structured and managed environment (HT 2116, HT 2010)

And holders will have:

- the qualities and transferable skills necessary for employment requiring the exercise of some personal responsibility (demonstrated through the fulfilment of all assessment components in Level 4 modules in a responsible and professional manner).

II. Intermediate level

The intermediate level includes the Diploma of Higher Education in International Tourism and Hospitality Management and the ordinary (non-Honours) degree in International Tourism and Hospitality Management.

II.a. Diploma of Higher Education in International Tourism and Hospitality Management

Students that exit the programme upon completion of Level 4 and Level 5 (having obtained 120 credits at each level) will be eligible for the award of a Diploma of Higher Education (DipHE) in International Tourism and Hospitality Management.

Holders of qualifications at this level will have developed a sound understanding of the principles in their field of study, and will have learned to apply those principles more widely. Through this, they will have learned to evaluate the appropriateness of different approaches to solving problems. Their studies may well have had a vocational orientation, for example HNDs, enabling them to perform effectively in their chosen field. Holders of qualifications at this level will have the qualities necessary for employment in situations requiring the exercise of personal responsibility and decision-making.

These degrees are awarded to students who have demonstrated:

- knowledge and critical understanding of the well-established principles of their area(s) of study, and of the way in which those principles have developed (all Level 4 and Level 5 modules)
- ability to apply underlying concepts and principles outside the context in which they were first studied, including, where appropriate, the application of those principles in an employment context (SO 3009, HT 3113, HT 3115, PH 3005, MG 3034)
- knowledge of the main methods of enquiry in the subject(s) relevant to the named award, and ability to evaluate critically the appropriateness of different approaches to solving problems in the field of study (BU 3233)
- an understanding of the limits of their knowledge, and how this influences analyses and interpretations based on that knowledge (BU 3233)

Typically, holders of the qualification will be able to:

- use a range of established techniques to initiate and undertake critical analysis of information, and to propose solutions to problems arising from that analysis (all Level 5 modules)
- effectively communicate information, arguments and analysis in a variety of forms to specialist and non-specialist audiences and deploy key techniques of the discipline effectively (all Level 5 modules)
- undertake further training, develop existing skills and acquire new competences that will enable them to assume significant responsibility within organisations (HT 3115, HT 3131, HT3118, PH 3005).

And holders will have:

- the qualities and transferable skills necessary for employment requiring the exercise of personal responsibility and decision-making (all Level 5 modules).

II.b.BSc in International Tourism and Hospitality Management

Students that exit the programme upon completion of Levels 4 and 5 (having obtained 120 credits at each level) and have obtained a minimum of 60 credits at Level 6 will be eligible for the award of an ordinary Bachelor's – BSc – in International Tourism and Hospitality Management.

- They will be able to recognize and analyse the requirements and practical constraints of different types of information systems. (CS 2179, CS 3140, CS 3144, CS 3246, CS 3247, CS 4249, CS 4284)
- They will be able to analyse the extent to which an information system meets the requirements defined for its current use and sustainability. (CS 3348, CS 4284)
- They will be able to apply appropriate theory, practices and tools to address design and implementation issues of information technology related problems. (CS 3140, CS 3348, CS 3245, CS 3246)
- They will be able to exhibit reasoning ability and creativity to address a given problem. (CS 3144, CS3247, CS 3348, CS3245, CS3246, CS 4249, CS 4284)
- They will be able to use numeric skills, including quantitative financial techniques, in solving complex problems. (EC 1101, CS 2179, MA 2010, AF 2006, MK 2030, FN 3105, CS 3348, MG/CS 4157, CS 4284)
- They will be able to use Information Technology effectively to retrieve, process, analyse and communicate information with guidance. (all courses)
- They will be able to use quantitative tools in analysing and solving financial and managerial problems. (MG 4242)
- They will be able to relate the importance of people management within projects in terms of resource allocation, leadership, teamwork, and motivation. (CS 2179, CS 3144, CS3247, CS3246, MG/CS 4157, CS 4249, CS 4284)
- They will be able to specify, design and construct solutions involving programming to given problems. (CS 3245)
- They will be able to determine the risks, controls and safety measures in the use of computing technologies. (CS 3348, CS 4284)
- They will be able to operate business applications effectively within a given context. (CS 3144, CS3247, CS3245, CS3246, CS 4249)
- They will be able to synthesise prior acquired knowledge to analyse and design information systems for business. (CS 4284)
- They will be able to communicate ideas successfully orally and in writing, and to adapt message content to a particular audience and medium of communication in a professional context. (BU 2002, MG 2003, MK 2030, IB 2006, CS3140, PH 3005, CS 3144, CS3247, CS3246, CS 3245, MG 4242, CS 4249, CS 4284)

- They will be able to develop interpersonal, teamwork and/or leadership skills and work effectively with others in small groups or teams. (MG 2003, IB 2006, MK 2030, FN 3105, CS3140, CS 3144, CS3247, CS3246, CS 3245, CS 3348, MG 3242, MG/CS 4157, CS 4249, CS 4284)
- They will be able to reflect intellectual and function as an independent, self-managed lifelong learner. (all courses)

Upon completion of level 4 (120 credits or 8 modules), students will be able to i) recognize and be familiar with key Shipping Management functions and the impact of the external environment on business, and ii) apply basic statistical techniques to Shipping Management.

Specifically, holders of the Certificate of Higher Education in Shipping Management will be able to demonstrate knowledge and understanding of:

- Basic tools in statistics (MA 2021)
- The legal environment for business (BU 2002)
- Management theories, concepts, principles, practices and the various environmental contexts (MG 2003)
- The fundamentals of shipping management, maritime operations, ship technology and the concepts concerning the physical, economic and regulatory environment in which shipping operates (MG 2010, MG 2061)

- Accounting transactions and non-complex financial statements (AF 2006)
- The historical dimension of the development of international and Greek shipping in modern times (MG 2060)
- Basic principles, functions, context, importance and impact of logistics and supply chain management. (LM 2020)

In addition, they will have the following cognitive, practical/professional and key/transferable skills:

- They will be able to locate, extract, and analyse data from library and other resources including the acknowledgement and referencing of sources. (MG 2060, MG 2061, MG 2010)
- They will be able to interpret, analyse, and solve structured problems, and to a limited extent unstructured problems, from a generated data set. (MG 2010, BU 2002, LM 2020, MG 2003, MA 2021, AF 2006, MG 2061)

Facilities

CAMPUS

The Aghia Paraskevi Campus

The American College of Greece's main campus is located in Aghia Paraskevi, an eastern suburb of Athens. The campus contains the following buildings and facilities: The Deree main building, the Communication building, the Center for the Arts building, the Library, the Athletic Complex, the College Chapel, the Open Air Theatre, and Residence buildings. In addition, the campus houses PIERCE, ACG's high school.

The Athletic Complex

Deree-ACG has an athletic complex of international scope and standards. Its gymnasium is built on three levels and includes on the main level two cross-court basketball /volleyball areas, one game court, and a climbing wall. A modern fitness center and three dance aerobics studios are located on the lower level of the gym. The top level includes the Office of Athletics and a sports lounge area. The outdoor facilities consist of an Olympic-size heated indoor/outdoor swimming pool, 6-lane synthetic 400 meter track, two-star UEFA soccer field surfaced with synthetic turf, and four acrylic latex tennis courts. All outdoor athletic areas are lighted. The athletic complex houses a robust physical activities program which includes intercollegiate athletics, intramural sports, physical education, and wellness. The athletic complex houses a robust physical activities program which includes intercollegiate athletics, intramural sports, physical education, and wellness.

The Black-Box Theatre

The studio theatre is the simplest form of theater space, its interior consisting merely of four walls covered with black velour. Stage settings are spartan, with only a few scenic pieces and props highlighted by ceiling lights against the black velour surround.

The Center for the Arts

The Center for the Arts, a 1,900-square-meter three-story building, includes gallery space for exhibitions, classrooms specially designed for the teaching of painting and sculpture, rooms for music performance practice, a state-of-the-art computer lab, a Starbucks coffee shop and an atrium for outdoor displays and events.

The College Chapel

A Byzantine-style chapel, on a slope overlooking the Aghia Paraskevi campus, serves the College community on occasions such as christenings and weddings. Students may also visit the chapel for meditation and quiet reflection.

The Communication Building

The Communication Building houses a Black box theatre, appropriately designed classrooms, labs and workspaces, and faculty offices. The Black-Box Theatre is the simplest form of theatre space, its interior consisting merely of four walls covered with black velour. Stage settings are spartan, with only a few scenic pieces and props highlighted by ceiling lights against the black velour surround.

ACG Health & Wellness Center

The ACG Health & Wellness Center consists of the Pierce and Deree infirmaries offering first aid, and referral to specialists and wellness coaching in the Wellness Coordinator's office at Deree.

The Irene Bailey Open-Air Theatre

The Irene Bailey Open-Air Theatre, designed to resemble ancient Greek theaters and with a view of the Attica basin, is used for theatrical performances by students as well as for other College community events.

LIBRARY

John S. Bailey Library, named in honor of the College's sixth president, provides extensive print, electronic and audio-visual resources in support of the College's academic programs. The attractive, quiet and modern environment offers an ideal setting for students to study, conduct research, connect with peers, or read for pleasure.

Available resources include:

- 127.100 books
- 340.000 e-books
- over 12 million academic articles
- 2.4 million digital images
- 1550 educational DVDs and videos
- 780 music CDs

The electronic library (library.acg.edu) provides access to full text articles, abstracts, financial and statistical data, business reports, company and industry profiles, market analyses, balance sheets, as well as electronic encyclopedias and dictionaries. Most electronic resources are also available remotely.

Specialized personnel provide individual research assistance and offer training sessions on the use of the library, the online resources and tools and the online catalog. Information literacy skills workshops are incorporated into writing program courses that students are required to take. Special information literacy sessions are also organized for the needs of specific courses or disciplines.

The Library offers document delivery services through the union catalog of serials of the National Network of Academic and Scientific Libraries. Pay-per-article and document delivery services are also available from a variety of document suppliers and publishers from around the world.

An array of media services is also available to students and faculty. The Media Center houses the library's audio-visual and multimedia collections and provides equipment for viewing and listening. Furthermore, the Media Center offers assistance to students and faculty in integrating the latest audiovisual technologies into their research.

The Library provides 28 computer research stations, viewing and listening stations, ample space for studying, individual study carrels and comfortable seating. A wireless network allows users to access all online resources from their laptops, tablets or hand-held devices. Printing and photocopy facilities are also available.

STUDENT SERVICES

Orientation

All new students participate in an orientation program as they begin their first semester at the College. The orientation program is designed to introduce them to the campus, the academic system, College regulations and policies, and student life.

Student Success Center (SSC)

The Student Success Center supports students by offering comprehensive, integrated services in the areas of academic advising, OU validation issues, student records, registration, and payments in a one-stop area. The Center is committed to providing students with consistent, high-quality service, both in person and through technology. The Student Success Center aims to create the optimum conditions so that students can follow the path to academic success.

Students may visit the Student Success Center to pay a bill, request a certificate, obtain a form, arrange to bring a visitor on campus, obtain their transcript, see an academic advisor, ask about OU validation, change a course, and obtain or replace their student ID.

The SSC web page has been set up to reflect the one-stop concept of the Center and includes information from different departments. It may be accessed from the "Quick Links" on the ACG homepage (www.acg.edu) and it allows students to print forms or view the academic calendar, academic policies, final exams schedule, course schedule, graduation instructions, major requirements, frequently asked questions (FAQs), the e-mail directory, and financial aid and international student information. From the SSC web page students may choose to log on to the myACG portal, where they can print their personal course schedule and their unofficial transcript. To log on, students need to go to the SSC and get their PIN, which is private, should not be shared with anyone, and will be given to the students only if they have no obligations (business office, library, or academic advising).

Academic Advising

All students are assigned an academic advisor responsible for assisting them in gaining the greatest benefit from their educational experience at the College. Good academic advising is a vital part of the learning process and an integral part of the basic teaching function of the College.

Effective academic advising provides specific aid to students in considering and completing academic programmes, but it goes beyond mere course scheduling; it includes planning, decision making, implementation, and evaluation of academic, personal, and career-related matters, and exploration. The College assigns all entering freshmen a First-Year advisor from the Office of Academic Advising. Thereafter, the advising program is faculty-based and fosters personal contact between students and faculty. Department Heads, assistant Department Heads and Area Coordinators act as educational consultants.

New incoming students and continuing Deree-ACG students are required to consult every semester and during the announced advising period with an advisor at the Office of Academic Advising.

Advisors never make decisions for students. Their overriding objective is to assist students in developing the maturity required to make their own choices and to be responsible for the consequences of those choices.

Office of the Registrar

The Office of the Registrar is principally responsible for all aspects of the registration process, including the preparation of schedule material, demographic updates, registration, scheduling, and processing of student grades. Such information is available on the College website.

Students become officially registered through the WEB. During designated dates and times, stipulated by the Registrar's Office, students may use their College ID and pin number to log on to the WEB Registration system and register. Students without Internet access off campus may use the campus computers. Students may register late only during the late registration period as stipulated for each semester/session by the Registrar's Office.

The Validation Office

The Validation Office (Deree-OU) is responsible for all logistics regarding validation of Deree College academic programs and modules by The Open University, UK. Also, it functions as the liaison between The Open University, the External Examiners, and Deree Academic Departments, Academic Council, Registrar's Office, Academic Advising, Curriculum Committee, Committee on Academic Standards and Policies (CASP), Program Committees. The Executive Director of the Validation Office in his role as a member of the Academic Council ensures that all policies, processes, and procedures pertaining to validation are followed.

Moreover, the Executive Director of the Validation Office acts as the first contact person for students wishing to transfer credits from U.S. regionally accredited Colleges/Universities, UK Universities or from other accredited institutions of higher education in Greece and abroad or request an evaluation of their prior learning (transfer credit). At Admissions level, the Executive Director checks the academic credentials of prospective international incoming or prospective transfer students.

Deree students **must visit** the Validation Office ahead of time when they plan to study for a semester/year abroad and transfer the earned credits back to Deree College.

Services for the Physically Challenged

Services, such as access to parking for the physically challenged, are available to students to assist them while on campus. Please contact the Student Success Center for further information.

The Office of Student Affairs

The Office of the Dean of Students is dedicated to promoting student development and to continually improving the quality of student life. Through programmes, services, and activities, the office attempts to assist students in active learning, to help them develop values and ethical standards, and to forge partnerships to advance the learning experience.

Financial Assistance and Planning

In order to assure the continuing quality of our academic programmes as well as access for students and their families to these programmes, the College, through the Office of Financial Assistance and Planning, is committed to supporting students who demonstrate financial need and academic promise.

The Financial Assistance Program at Deree provides several types of financial aid based on need and/or academic achievement. The fundamental philosophy of our Financial Assistance Program is that lack of funds should never prevent academically qualified students from receiving a quality education. Funding for financial assistance comes from the College's own resources and from generous contributions by donors.

Student support, guidance and advice

Financing a college education can be a daunting prospect, and the College is committed to helping students and their families understand the available financial aid programmes and assist in finding ways to meet college expenses.

For detailed information relating to grants, scholarships and other forms of financial assistance please consult the Financial Assistance section of the College's website.

Student Academic Support Services

Student Academic Services (SASS) is an academic service vital to the educational experience of Deree students. Through one-to-one and group workshop-style sessions, SAS learning facilitators support skills development of Deree students across all schools. Through a learner-centered, non-instructional approach, facilitators promote individual development and respond to the needs of each student."

The Office of Career Services

The Office of Career Services assists students and alumni of all the divisions of The American College of Greece in developing fulfilling and rewarding careers. Its goal is to ensure that their academic investment in skills and knowledge is effectively integrated into their future career path. Through individual advising sessions with the staff, special computerized programmes, and an extensive library of resource materials, students who are uncertain about a major or career direction can more sharply define their interests, skills, and personal characteristics to better plan for their future.

Career Services also helps students formulate a strategy to make the most of their studies before they graduate. Such a strategy, encompassing activities like work experience, volunteerism, and campus involvement, can strongly affect a student's employability. Thus, the office encourages all students to begin their career planning early, during their freshmen and sophomore years and prior to declaring a major to ensure there is adequate consideration, planning, and preparation for their career path.

Career Advising: One2One appointments

Individual half-hour advising appointments scheduled to talk about career path planning, building a resume, job search strategies, interview preparation, interview techniques, hints and tips. We are working with you by exploring the issues you have and developing the appropriate strategies and an action plan.

Graduate Studies Advising: One2One appointments

Individual half-hour advising appointments scheduled to talk about your plans on further graduate studies, graduate schools search, the personal statement and the application process.

Choosing a Major

If you are undecided about your major or are thinking of adding a second major to your degree, schedule a half-hour session to take an online internationally recognized self-report test that helps identify strengths and personality preferences, and then meet with a career advisor to discuss the results and apply them toward selecting your major.

Skills Workshops

Throughout the academic year we offer Interview skills and job search workshops, as well as graduate studies workshops.

Connecting with the Market

Various activities and programmes which connect the students with the job market such as *Company* Visitation Day, company presentations on campus, mock-interviews, job shadowing program.

Student support, guidance and advice

Career Planning e-Tools

JobBank

A database of a variety of part time and trainee positions offered to current Deree students who wish to enter the job market.

Sigi3

A software that examines key motivators and matches work-related values, interests, personality, and skills to educational and career pathways. Individuals explore a range of options based on their personal choices.

Goinglobal

A database containing country-specific career and employment resources to facilitate finding jobs and internships in 35 countries. Topic areas include: job search resources, work permit/visa regulations, country specific resume guidelines and examples, interview and cultural advice, employment outlook/industry trends, professional and social networking groups.

The Deree Student Association

The Student Association is committed to strengthening the ties between students and their alma mater, creating a heightened sense of school spirit, and motivating students to attain responsibility, integrity and passion in their College life. It strives to provide responsible leadership through fair, democratic representation of students' needs and interests to the College administration and to promote equality and unity on campus among the student population.

Co-Curricular Activities

Co-curricular activities include social, cultural, recreational, and other student pursuits. Events such as exhibits, tournaments, and symposia, as well as dances, plays, and athletic activities, extend into the late afternoon and evening hours.

Social, Cultural, and Recreational Clubs

Clubs are formed according to student interests. The names of clubs are self-defining in both activity and scope: AFCEA Club, Astronomy Club, Better Days for Strays Club, Book Club, Dance Club, Debate Club, Entrepreneurship and Innovation Club, Fashion Club, Film Club, Gaming Club, Gazette Club, LGBTQ1+ Club, MUN Club, Music Club, Photography Club, Poetry Club, Theater in the Making Club. Club activities are coordinated by the Office of Student Affairs. As a rule, an advisor or instructor with expertise in the area concerned offers guidance to each club. Students are free to join one or more of the clubs, depending on their interests and available time, as long as they are in good academic standing.

Educational and Field Trips

Educational and field trips may be planned within the context of any course or area of concentration. In accordance with Greek Law, such trips are organized by instructors with the approval of the respective academic dean.

Cultural Events

The College sponsors a variety of cultural events throughout the academic year, including lectures, music recitals, and art exhibitions. Lecturers from distinguished universities, diplomats, and scholars residing in Athens, are invited to speak by student academic societies. The proximity of the College to the center of Athens provides many opportunities for cultural enrichment. Among these are concerts of the National Symphony Orchestra, performances by the National Opera Company, and concerts and operas at the Megaron Moussikis, the concert

Student support, guidance and advice

hall of Athens. In addition, there are dance and performance pieces that take place in the city's remarkably large number of theatres, as well as the internationally renowned Summer Festival of Athens. The classical ruins and superb museums in and around the city are an education in themselves.

Athletic Program

The athletic program is a diversified approach to exercise designed to meet all the physical activity needs of the College community. Intercollegiate athletics (held at the local, national and international levels), intramural sports, physical education (credit and non-credit) and outdoor recreation offer the student a choice of programmes and provide opportunities for the development of sports participation, fitness and healthcare.

The Intramural Sports program offers a variety of team and individual sports competition between members of the College community. Tournaments last from one day to one semester and emphasize the fun aspect of sports.

Intercollegiate Athletics teams offer opportunities to students to compete in Basketball (men and women), Soccer (men and women), Volleyball (women) and Water Polo (men) with the College representative teams against other teams, Colleges and Universities in Greece and abroad.

Group Fitness classes (credit and non-credit) give students the opportunity to learn basic and intermediate skills in a variety of lifetime activities: aqua aerobics, pilates, yoga, total fitness, circuit training, ABS & legs, body sculpt.

The Outdoor recreation program offers opportunities for hiking and camping, climbing indoors and outdoors, rafting, mountain biking, paintball, skiing and other alternative athletic activities. It offers students, staff and faculty opportunities to meet Greece's majestic nature and appreciate a natural and simpler way of life.

Special events include a Relay Marathon, an International Sports Festival and participation at an International tournament abroad.

ACG Health and Wellness Center

The ACG Health and Wellness Center provides accessible high quality first aid, advice, referral to specialists, wellness coaching and educational programming to meet the needs of all members of the College Community. It supports and encourages students, staff and faculty members to realize their optimal physical, emotional, social and intellectual goals through health promotion and disease prevention programs and services. It is the aim of these innovative services to assist the College Community in cultivating their own healthy lifestyles that will follow them throughout the course of their college experience and beyond.

Services offered include:

- Nurses are available Monday-Friday from 8:00-22:00 and are also available on skype.
- The Wellness Coordinator is available for individual and group consultations as well as workshops on topics such as, setting exercise goals, understand eating patterns, healthy food choices, addressing addictive habits such as smoking and excessive cell phone use, causes of stress and healthy ways to relieve it
- The ACG Health & Wellness Center also researches developments in the areas of health, wellness & spirituality, fitness, and nutrition and shares this with the ACG Community through The Know the Facts series of brochures, announcements and posts on blackboard, the ACG website, social media and educational displays.

Educational Psychologist

The Educational Psychologist at Deree-The American College of Greece helps young adults who are experiencing

Student support, guidance and advice

problems within the educational setting with the aim of enhancing their learning. Challenges many include social, or emotional problems or learning difficulties and disabilities.

The Educational Psychologist provides diagnostic and psycho-educational assessment, psychological counseling in educational matters to students, teachers, parents and academic authorities. The Educational Psychologist also offers psycho-educational intervention, coordination, and referral to other professionals.

All services are provided confidentially and free of any charge. We encourage students to consult the Educational Psychologist about any educational matter that may concern them.

Food Services

The Aghia Paraskevi campus offers students a variety of food choices. There is a comfortable, modern lounge that offers healthy, freshly prepared meals, and salads, as well as music. Vending machines for coffee, hot chocolate, and tea. An additional area for coffee and snacks is located on the deck of the Center for the Arts, and at the Black box theatre lobby area.

The Office of Alumni Relations

The Office of Alumni Relations is the communication link between The American College of Greece and the 53,000-plus alumni of all ACG divisions. The office is part of Institutional Advancement and is located on the Aghia Paraskevi campus. Its mission is to enhance, strengthen, and promote mutual understanding and support between ACG alumni and their alma mater, as well as among alumni themselves.

The Office of Alumni Relations:

- Manages the master database of all alumni contact details
- Plans for all alumni activity and implements a regular program including a variety of events such as reunions, lectures, dinners, sports-homecomings, exhibitions, alumni book presentations, and networking gatherings in order for alumni to reconnect with their College and former classmates.
- Coordinates and supports additional events and activities organized by the Alumni Association
- Manages the ACG Alumni Center in Plaka, hosting alumni events and gatherings.
- Coordinates alumni activity and contacts with alumni all over Greece and abroad.
- Co-edits the ACG alumni magazines and is responsible for gathering material regarding alumni news and success stories.
- Invites alumni to campus to meet and share their valuable professional expertise with ACG students.
- Engages alumni in promoting the College.
- Helps alumni locate former classmates or professors.
- Assists alumni with any queries related to The American College of Greece.

All ACG students, upon graduation, are automatically enlisted in the ACG alumni database without fee and for life and are entitled to select privileges and services, including invitations to alumni events, participation in various educational, social and cultural programmes, free access to career services, free subscription to the alumni magazines, and use of the College libraries.

The database and any information collected are subject to the provisions of the Greek data protection legislation. Alumni are entitled to all rights provided to them under article 11-14 of Greek Law No 2472/1997.

Work-Based Learning (Internship) Information

Work-Based Learning (Internship) Information

School of Business

Scope - Definitions

Work-based learning (Internship) can be defined as learning which normally takes place outside the school but which is credit-bearing within a program of study. Work-based learning is achieved and demonstrated through the designation of appropriate learning outcomes, engagement with a workplace environment, and the assessment of reflective practice.

Successful completion of assessed elements of work-based learning is awarded credit.

Work-based learning Student Handbook

The Work-based learning Student Handbook summarizes the policies and guides the student through the work-based learning experience.

The Work-Based Learning Administrator (Internship Administrator)

The Work-Based Learning Administrator (Internship Administrator):

- Prepares the students who qualify for a work-based learning experience. This includes advising, checking whether the students wishing to enroll for a work-based learning opportunity have completed the necessary prerequisites, as these are described in the respective work-based learning opportunity module syllabus.
- Provides students with help and advice in securing work-based learning opportunities, including C.V. drafting and practice interviews. The Internship Administrator works closely with the Office of Career Services to prepare the student for the placement.
- Searches and matches internship openings to students, based on the students' interests and skills, and the requirements of the work-based learning partners.
- Informs students of the openings, their tasks, duties, responsibilities and entitlements during the work-based learning opportunity.
- Informs students of the academic program requirements, progress reports and assessment tools to be used during the work-based learning opportunity, as these are described in the respective module syllabus.
- Informs students on points of contact in case of emergency, or complaints.
- Oversees work-based learning placements, making sure that the work-based agreement terms are honored.
- Monitors the assessment of the student's planning and development logs and journals and the evaluation of the students' written projects or reports by the appropriate faculty member. Debriefs students returning from work-based learning opportunities, and advises them on their future educational and professional development.
- Investigates complaints made by the partners and/or the students and addresses them or refers them to the Work-based Learning Team, which is comprised of the Chief Academic Officer, the Academic Dean of the respective School, the respective Department Head/Area Coordinator, the Internship Administrator, and the Controller who acts as a resource person.

Academic Rights and Academic Integrity

Academic Rights and Academic Integrity

ACADEMIC RIGHTS

Right to Pursue Knowledge and the Right to Free Expression

The student's right to pursue knowledge and to express views responsibly is of the utmost importance in an academic institution and it is so recognized by the College.

Right of Confidentiality

No information or document referring to a student's academic or personal life (such as the student's address, college e-mail address, grade report card, or transcript of record) is released to anybody outside the College without the written permission of the student, subject to legal requirements. Should students, ex-students, or graduates want information from their personal files to be released to persons outside the College, such requests must be made in writing and include the student's signature.

Right to Know and Participate

Students have a right to be informed about policies and procedures that affect their academic progress. Detailed information regarding all course offerings is available to students in course syllabi, deposited in the libraries.

Students have the right to make recommendations for changes to the existing rules through their representatives. Such recommendations, when referring to the academic area, must be submitted to the respective academic dean, who will channel the suggested changes to the proper administrative or academic body for consideration.

Right to Organize and Associate

Students may organize and assemble to pursue their common interests, subject to the guidelines established by the College's governing bodies. Such gatherings, however, should not interfere with the physical operations of the campus, neither should they impinge on the rights of others to conduct their work, and they must not conflict with regularly scheduled programmes.

INTEGRITY

Honesty is an integral part of the learning process. Breaches of academic integrity and personal integrity undermine that process. Maintaining high ethical standards is the responsibility of both students and instructors.

Breaches of Academic Integrity

Responsibility of Students

For students, a valuable and enriching academic experience begins with personal integrity and the commitment to taking examinations, writing papers, and carrying out all other required assignments based on independent thinking and without improper or unauthorized assistance. The fair and accurate evaluation of a student's performance is possible only if the work is truly that of the student. When a grade is assigned, instructors are, in effect, attesting that, to the best of their knowledge, the grade is a true indication of the student's achievement. Offenses against academic integrity include not only misrepresenting one's own work but also aiding fellow students to do the same.

Cheating

Cheating is defined as the use of (or the attempted use of) unauthorized or inappropriate assistance, material, or study aids in examinations or other academic work. The use of books, notes, calculators and conversation

Academic Rights and Academic Integrity

with others is forbidden in certain academic exercises, and work; their use in these cases constitutes cheating. Similarly, students must not request others to conduct research for them or prepare any work for them; this includes, but is not limited to, the services of commercial term paper companies. Cheating also involves giving or receiving unauthorized help before, during, or after an examination. Examples of cheating include, but are not limited to, the use of prepared notes, "crib sheets," or electronic aids during an examination (unless specifically approved by the instructor); attempting to observe another student's paper or giving or receiving oral or visual information; intentionally allowing another student to view one's own examination; copying the work of another student during an examination or other academic exercise or permitting another student to copy one's work; and taking an examination for another student or allowing another student to take one's examination. Taking an exam by proxy for someone else is an infraction of academic integrity on the part of both the student enrolled in the course and the proxy or substitute (see "Facilitating Academic Dishonesty"). Cheating also includes doing a take-home exam for another student.

Facilitating Academic Dishonesty

Knowingly helping or attempting to help another violate any provision of the academic integrity code is a breach of that code. Students who knowingly or negligently allow their work to be used by other students or who otherwise aid others in academic dishonesty are violating the College's code of academic integrity. Such students are as guilty of intellectual dishonesty as the student who receives the material even though they may not themselves benefit academically from that dishonesty.

Falsification and Fabrication

Misrepresenting material or fabricating information in an assignment is a breach of academic integrity. Examples include, but are not limited to, false citations of sources, use of invented information, or falsification of data. Fabrication includes submitting false documents for the purpose of being excused from a scheduled examination or other academic assignment. Altering the answers given on an exam or changing the letter and/or numerical grade after the instructor has graded the examination and has distributed it to students for review constitutes falsification. Committing or attempting to commit forgery or alteration of College or personal documents or records, and furnishing false information to the College or its instructors are considered violations of academic integrity and must be reported to the respective academic dean for disciplinary action.

Multiple Submissions

It is a violation of academic integrity to submit the same work or substantial portions of it for academic credit more than once, or for more than one student to submit the same work, without the prior approval or authorization of the instructor. In cases in which there is a natural development of research or knowledge in a sequence of courses, use of prior work may be desirable, even required; however, the student is responsible for indicating in writing that the current work submitted for academic credit is cumulative in nature.

Plagiarism

A form of academic theft, plagiarism is the act of using another's words, ideas, or organizational patterns without crediting or acknowledging the source. It includes any paraphrasing or summarizing of another's work without acknowledgment as well as the failure to acknowledge the quotation of paragraphs, sentences, or even phrases written or spoken by someone else. Any use of published (books, magazines, newspapers, websites, photos, textbooks, etc.) and unpublished sources (class lectures or notes, handouts, speeches, other students' papers, or material from a research service) without acknowledgment is plagiarism. Moreover, the use of charts, pictures, graphs, diagrams, data, websites or other communication or recording media without acknowledgment constitutes plagiarism. The submission of research, completed papers or projects prepared by someone

Academic Rights and Academic Integrity

else also constitutes plagiarism, as does the unacknowledged use of research sources gathered by someone else. The resubmission of the student's own work in a previous class or as a resit/retake may also constitute self-plagiarism. Students resitting assessments or retaking courses must clarify with the instructor what is permitted in terms of resubmission of prior work. Students are responsible for understanding the legitimate use of sources, the appropriate ways of crediting sources (both print and electronic) through documentation, and the consequences of violating this responsibility.

Unauthorized Collaboration

Students may not collaborate on course work that will be graded unless they have faculty authorization. Unauthorized collaboration means working with others without the specific permission of the instructor on assignments that will be submitted for a grade. This rule applies to in-class or take-home tests, papers, or homework assignments. Examples of unauthorized collaboration can include, but is not limited to, jointly calculating homework problems, checking homework answers with other students, having another help one (re)write a paper, and sharing sources for a take-home examination. Submission for academic credit of work represented as one's own effort but which has been developed with substantial assistance from another person is a violation of academic honesty. It is also a violation of academic honesty to provide such assistance. Unauthorized collaboration can even occur within the context of group projects when the degree or type of collaboration exceeds the parameters of what an instructor has expressly authorized. The purpose of a particular assignment and the acceptable method of completing it are determined by the instructor, not the student.

Unauthorized Possession of Academic Materials

Unauthorized possession of academic materials includes the selling or purchasing of examinations, papers, reports or other academic work; taking another student's academic work without permission; and possessing examinations, papers, reports, or other assignments not released by the instructor. Unauthorized removal of an examination or quiz from a classroom, faculty office, or other facility also constitutes a violation of academic integrity.

Breaches of Personal Integrity

Computer Misuse

The framework of responsible, considerate, and ethical behavior expected by the College extends to cover the use of computers. The College expects that students use the College's and their own personal information technology resources responsibly and comply with all applicable College policies as well as local and international laws. The College provides electronic resources and services in support of its educational, research, and service mission. Use that threatens or interferes with the mission of the College, the integrity of the network, the privacy or safety of others, or that are illegal, is prohibited and subject to penalty.

Unacceptable activities and behaviors include, but are not limited to, misrepresentation (including forgery) of the identity of the sender or source of electronic communication; alteration of the content of a message originating from another person or computer with the intent to deceive; unauthorized use or attempted use of restricted-access computer resources or accounts; electronic theft of computer programmes, data, or text belonging to another; and commercial use of the College's electronic resources.

Computer misuse consists of, but is not limited to, creation, use, storage, or transmission of information, programmes, or any other data that can reasonably be judged to be inappropriate or offensive to other users. The College's policy on harassment applies to electronic displays or communications. No member of the College community may display or transmit images, sounds, or messages that are threatening, abusive, or offensive.

Academic Rights and Academic Integrity

Discrimination and Harassment

It is the College's policy that all employees and students work in an educational environment free from harassment of any nature. Therefore, sexual, racial, or religious harassment or other forms of an abuse of a power relationship, or bullying or threatening behavior are not tolerated. Harassment is defined as verbal (including harassment by phone, mail, Internet, or e-mail) or physical conduct that shows hostility toward an individual and has the purpose or effect of creating an intimidating, hostile, or offensive educational environment, or has the purpose or effect of interfering with an individual's academic performance.

Lying

Lying consists of, but is not limited to, communicating untruths to gain an unfair academic or employment advantage. This includes requesting classmates to sign attendance registers on your behalf or giving a false reason to a faculty member when requesting a change in an examination date or an extension on a paper or project.

Responsibility of Instructors

Instructors are similarly responsible for ensuring that the College's rules and regulations are enforced. When academic honesty is breached, instructors are obliged to detect and then report the violation. Laxity on the part of instructors includes having tests or test items exposed where they can be seen by students; returning tests and then using the same test again; reading, correcting papers, leaving the room, or conversing or giving help to students during an examination; and ignoring attempts to cheat.

Laxity or negligence in monitoring exams, preventing plagiarism, or guarding against other violations of academic integrity may result in disciplinary action.

Failure to report cases of academic dishonesty to the Committee on Standing and Conduct will be considered as evidence of negligence and may result in disciplinary action.

To initiate a charge against an instructor, a signed statement must be submitted to the academic dean or to the Chief Academic Officer.

The academic dean, after assessing the seriousness of the charge, may issue an informal warning (not part of the record) or a reprimand (to be included in the instructor's dossier). In more serious cases, or in the case of repeated charges, the College president or the Chief Academic Officer may appoint a committee of faculty members and administrators to hear the charges and the defence and to make recommendations.

PURPOSE STATEMENT

In order to create an environment whereby students can live safely, succeed academically, and develop skills for life, leadership, and service, the College relies upon students to know and adhere to standards of behavior pertaining to personal and academic integrity, guided by the Student Honor Pledge, College policies and Greek laws. Students are expected to respect the rights and privileges of others and to exhibit both inside and outside the classroom conduct becoming of a student in both manner and attitude. To this end, the College has developed its own standards for student conduct as well as procedures for disciplinary action.

INTERPRETATION AND REVISION

Any question of interpretation or application of the Student Code of Conduct or the Residences Rules and Regulations should be referred to the Dean of Students or the Executive Directors of International Student Services and Housing & Residential Services respectively.

The Office of Student Affairs reviews the Student Code of Conduct on an annual basis. Students have the right to be informed about amendments.

STUDENT RIGHTS

The choice to become a member of the Deree community implies the commitment to accept the rights and responsibilities of that membership. These stem from the understanding that the individual is responsible to the community and the community is equally responsible to the individual. As such, all student members of the Deree community have certain rights:

- The right to learn, including the right of access to ideas, the right of access to facts and opinions, the right to express ideas, and the right to discuss those ideas with others;
- The right to be treated as an individual member of the community, including the right to be free of discrimination based on age, sex, religion, ethnic or national origin, handicap, sexual orientation, and the right to be free from harassment of any type;
- The right of peaceful coexistence, including the right to be free from violence, force, threats, and abuse, and the right to move about freely;
- The right to be free of any action that unduly interferes with student rights and/or the learning environment;
- The right to express an opinion, which includes the right to state an agreement or disagreement with the opinions of others and the right to an appropriate forum for the expression of that opinion;
- The right of privacy;
- In student conduct procedures, students have the right to be informed of charges of misconduct, the right to adequate time to prepare a response to the charges, the right to hear evidence in support of the charges, the right to present evidence against the charges, and the right to freedom against compulsory self-incrimination.

STUDENT RESPONSIBILITIES

All students of Deree – The American College of Greece [Deree-ACG] are responsible for reading and upholding the Student Conduct Code, the Student Honor Pledge, the Academic Policies and Procedures, the Exam Rules and Regulations, the IT Policies, the Residences Rules and Regulations, the Intramurals Sports Handbook, and other College policies.

The Student Conduct Code, the Student Honor Pledge, the Academic Policies and Procedures, the Residences Rules and Regulations, and other College policies can be found in the Undergraduate Catalog, Deree US Accredited Degree & Student Handbook, Open University Validated Award 2018-2019 and on the website at: <http://www.acg.edu/undergraduate/undergraduate-programs/>

Once admitted at Deree-ACG, students are expected to comply with and sign the Student Honor Pledge:

Student Honor Pledge

As an entering student at Deree – The American College of Greece, I recognize that this institution offers me an opportunity for a unique transformational experience. The purpose of this experience is to help students become exemplary and reflective citizens of Greece and the world, who contribute to the improvement of people's lives.

I recognize and accept personal responsibility for honesty in all of my interactions while a member of this community of scholars. Such honesty is a vital part of my academic career and is the foundation of my work here as a student. I pledge that I will uphold the academic integrity and student conduct policies of the institution and will encourage my peers and others in the community to respect and observe such policies.

Furthermore, I pledge to only present my own work as my own and to present to Deree – The American College of Greece authorities, committees, faculty, staff and students only valid and truthful documents.

I realize that violations of College policies, as listed in the catalog, and other misconduct could result in various penalties and even expulsion from the College.

GENERAL RESPONSIBILITIES

Information

Students must keep the Office of the Registrar informed of their current address and telephone number, both local and permanent, and inform the Registrar's office of any changes.

Official Communications

Students are expected to use English in all official communications, written and oral, with members of the College community.

Students are required to use their College e-mail account in all their correspondence with the faculty and administration.

Behavior

Students must keep the College premises in neat working order by using the facilities with due respect, by discarding all refuse in the appropriate receptacles provided, and by handling College equipment and educational materials with care.

Students are expected to maintain their personal appearance and behave in a manner appropriate to an academic institution and environment.

Awareness and Compliance

Students are expected to be aware and comply with the Greek Law.

Students are expected to be aware of what constitutes a violation of the Student Conduct Code and behave in a manner which is consistent with College standards.

STUDENT CONDUCT CODE VIOLATIONS

Academic Misconduct*

Any act of cheating, fabrication, and plagiarism as per the Academic Policies and Procedures and the Exam Rules and Regulations sections of the Undergraduate Catalog.

Alcohol

Possession, consumption, distribution, sale or purchase of alcoholic beverages by students on campus and the Residence Complex, except at specific college events after permission granted by the Office of Student Affairs. In the latter occasions, reasonable use of alcohol and moderate drinking are expected.

Being intoxicated on campus and at the Residence Complex or during college activities off campus.

Assault*

Any violent action or threat of such action that is disruptive of order and a violation of personal liberty of oneself, another individual or a group. This includes but is not limited to:

- Actions of physical violence; particularly violence with physical means such as blows, weapons, etc or threat of such action;
- Any verbal or written statement that amounts to psychological violence;
- Sexual violence/harassment (see paras 4.2.15, 4.2.16);
- Racial harassment;
- Stalking and hazing.

Consumption of Food and Beverages

Consumption of food and beverages in classrooms, laboratories, studios, athletic facilities, the library or any other teaching and learning space in the College main building at any time.

Defiance of College Officials

Defiance or belligerence toward or lying to a College faculty or staff member who asks for identification or information. Students are expected to carry their Deree-ACG student identification cards at all times and must identify themselves to College officials upon request. It is understood that College officials will identify themselves and present a valid reason before making such a request.

Discrimination*

Any discrimination based on any ground such as sex, gender, race, color, ethnic or social origin, genetic features,

bodily appearance, movement, language, nationality, religion or belief, political or any other opinion, membership of a national minority, property, birth, physical, mental or psychological disability, age, marital status or sexual orientation. The College strives to maximize valuable talent and potential, and eliminate unconscious bias, prejudice and stereotyping.

Disruptive Behavior*

Any behavior of a student in and out of the classroom which prevents the instructors to teach, other students to learn, or interferes with the normal operation of the College, its institutions and the Residence Complex. This includes but is not limited to:

- Disruption of or interference with the lawful administration of the functions of the College and the rights of other members of the College community;
- Disruptive behavior at locations off-campus while enrolled at Deree-ACG. This includes, but is not limited to, behaviors that disturb the peace of the residential neighborhood bordering campus.

Gambling

Betting or playing games of chance on College premises. This includes, but is not limited to selling pools on athletic events, playing card games or other games that involve wagering of money. Certain card games, such as bridge, are permitted as a regularly scheduled activity of a club, which is officially recognized by the Office of Student Affairs.

Harassment*

Harassment, threatening behavior, humiliation, coercion, bullying or abuse of a power relationship.

Harassment includes but is not limited to verbal (including harassment by phone, mail, e-mail, social media) or physical conduct, on and off campus, that shows hostility and has the intent or effect of unreasonably creating an intimidating, hostile, or offensive educational, work, or living environment for an individual or a group.

Harassment may occur on the basis of race, color, sex, disability, religion, national origin, sexual orientation, gender identity or other stereotyped characteristic (see para 4.2.6).

Harassment may occur as the result of a single incident as well as repeated incidents.

Bullying is a repeated and unreasonable behavior directed towards an individual or group with the result of risk to physical/psychological health and safety. This includes but is not limited to:

- Verbal abuse or threats, insulting or offensive language;
- Deliberately excluding someone from activities;
- Spreading misinformation or rumors;
- Physical abuse or intimidation.

Attempting to influence the impartiality of a member of a student conduct board prior to, during, and/or after a student conduct code proceeding.

- **Violation of Policies**

This includes, but is not limited to:

Entrance in College premises without authorization. This includes, but is not limited to, persons violating the Visitation Policy;

Violation of the IT Policies (Computer Ethics Policy, Email Policy, Acceptable Use of College Technology Resources);

Violation of the Residences Rules and Regulations;

Violation of Library Rules and Regulations;

Violation of Student Lounge Rules and Regulations.

- **Other Incidents**

Engagement in disorderly, lewd or indecent conduct.

Cause or attempt to cause a fire or explosion, tampering with fire safety equipment and falsely reporting a fire, an explosion or an explosive device, and setting off false fire alarms.

Involvement in bomb threats.

Failure to evacuate any College building during an emergency alarm.

Operation of a vehicle or wheeled transportation on College grounds in a reckless manner. This includes, but is not limited to, motorized vehicles, skates, and bicycles without the proper regard for safety, courtesy, and caution.

Demonstrations or protests by individuals or groups involving the threat or use of physical force, which obstructs or prevents other members of the College community from carrying out their work or studies.

Littering

Throwing objects and cigarette butts on the ground causing an untidy and environmentally unfriendly condition.

Loitering

Loitering on PIERCE College premises or violating established College closing times is prohibited.

Misrepresentation/Dishonesty

The following points are indicative of violations in this category:

- Forging, altering, misusing, misrepresenting, failing to provide accurate and required information to or about College Officials acting in performance of their duties, on College documents, records, or identification cards. This includes false reporting of emergencies or violations of the Student Conduct Code.
- Furnishing false identification or information to the College or to College authorities with the intent to deceive or falsely identify another person. This includes using another student's ID card.
- Communicating untruths to gain an unfair academic or employment advantage.

- Representing the College without specific prior written consent of the proper College officials.

Sexual Violence/Assault*

Sexual violence/assault includes physical sexual activity without prior clear and voluntary consent; consent should be affirmative, unambiguous, conscious, and given in advance; consent is revocable.

Sexual violence includes but is not limited to:

- Sexual activity against a person's will through physical force, violence, threat, intimidation, manipulation, ignoring the objections of the other person etc;
- Sexual activity where a person is incapable of giving consent, due to age, use of drugs or alcohol, intellectual or other disability, which prevents the individual from having the capacity to give consent etc;
- Rape, sexual assault/battery/abuse, coercion, domestic violence, dating violence and stalking.

Sexual Harassment*

Sexual harassment includes but is not limited to:

- any verbal or physical conduct or offensive remarks of a sexual nature;
- unsolicited, unwelcome, and unwanted sexual advances;
- requests for sexual favors; this includes, but is not limited to, implicit or explicit suggestions that submitting to or rejecting such conduct will be a factor in academic or employment evaluations, or participation in College activities;
- visual displays of degrading sexual images;
- sexually suggestive conduct;
- non-physical actions such as digital media stalking, cyberbullying, and non-consensual recording of sexual activity.

Smoking

Smoking in instructional, athletic and recreational areas at all times on campus. Ashtray stands are located in designated outdoor smoking areas and at the entrances to all buildings.

Theft

Theft or unauthorized use to the property belonging or loaned to the College, a member of the College Community or visitor, as well as possession of stolen property. This includes possessing, duplicating or using keys to any College premises or services without authorization. Deree-ACG is not responsible for any loss of an individual's personal property.

Use of College Name and Emblem*

The College name and emblem, or any part thereof, shall not be used by any student or group of students in connection with any public performance or for any other purpose except as authorized by the Office of Integrated Marketing and Communications. Any request for the use of the College name and emblem must also have the approval of the Dean of Students.

Vandalism*

Belonging or loaned to the College, a member of the College Community or visitor committed deliberately or in disregard of the possible harm to others.

Weapons/Explosives*

Possession and/or use of firearms, explosives, ammunition, fireworks, weapons including, but not limited to,

catapults, knives (except sharp blades required by academic class e.g.: Art and knives used only for the consumption of food), paintball guns, pellet guns (including any "toy" gun that discharges any object), or other deadly weapons or dangerous chemicals.

Deree-ACG expects that its students comply with the Greek law. In addition to imposing disciplinary sanctions, the College may refer students for prosecution for conduct prohibited in accordance with the Greek law, such as discrimination; assault; harassment; sexual violence/assault/harassment; theft; possession and/or use of weapons or explosives; possession, sale, purchase, use or distribution of illegal substances.

RESIDENCES RULES AND REGULATIONS

All individuals staying in the College Residence Complex are required to adhere to the Student Conduct Code, these Residences Rules and Regulations, all policies published by the Offices of Residential Services and International Student Services, and the Greek law.

Deree - The American College of Greece reserves the right to amend or supplement the Residences Rules and Regulations at any time upon such notice to residents as it deems appropriate. The Executive Director of International Student Services and the Executive Director of Residential Services are responsible for the publication of the Residences Rules and Regulations. Suggestions for amendments may be addressed to these offices. Each resident agrees to observe all rules and regulations affecting his/her stay with the College. Residence visitors are also required to follow the College Residences Rules and Regulations.

Alcohol

Deree-ACG expects residents to refrain from possession or consumption of alcoholic beverages in all areas of the Residence Complex, including outdoor common areas.

Balconies

No individual is permitted to climb on balcony railings or to attempt to pass from one apartment balcony to another. Any such action is unsafe, and, therefore, strictly prohibited. In addition, residents are not to throw anything from the balconies or windows onto the grounds below. Violating this policy could lead to dismissal from the Residence Complex and Deree-ACG. Such incidents will be reported to the home institutions of study abroad students.

BBQ

Barbecues or any other incendiary device are not allowed in or around the Residence Complex. Barbecue events may be held in designated barbecue areas only, and only with prior permission from the Office of Residential Services. The presence of a College staff member is required.

Building Entrance

Any person entering or leaving the Residence Complex must use the main entrance door and may not use the windows, balconies or emergency exits. Emergency exits are to be used strictly in cases of emergency as directed by Residence Complex staff.

Check-in

Upon check-in, an Apartment Inventory Checklist that includes a bedroom and apartment inventory should be signed and submitted to Resident Assistants (RAs). This inventory serves as a record of the contents and the condition of the apartment and as the basis for assessing the condition of the apartment when the resident moves out.

Check-out

All residents must check out with an RA. The RAs will provide residents with sign-up times for check-out during final examinations week.

During check-out, the RAs will inspect the apartments, record any damages using the Apartment Inventory Checklist, collect keys and obtain the signature of the resident on the Apartment Inventory Checklist. The cost of any damages to the bedroom/apartment will be charged at the time of check-out.

Residents are required to return the apartment key, the RA cards and plug adapters, clean their apartments, and throw out their garbage.

Cleaning

Residents are responsible for maintaining a reasonable standard of cleanliness in their apartments and keeping the common areas, such as the Fitness area, Laundry area and Lobby area, clean and tidy. Residence Complex staff reserves the right to inspect apartments and common areas. If Residence Complex staff assess that the condition of the apartment does not meet the required reasonable standard of cleanliness, the responsible resident(s) will be expected to take all necessary steps towards cleaning and tidying up within 48 hours. If the resident(s) fail to meet to do so within this time-frame, the College will carry out cleaning, and the cost of this service will be covered by the resident(s).

Conduct

Study Abroad/International students are expected to comply with the Deree-ACG Student Conduct Code. The document is available online and may be obtained at the Office of Student Affairs.

Cooking

Residents are permitted to cook in their apartments using the utensils and cookware provided. All kitchens are equipped with a cooking-ventilation unit, placed above the stove. The cooking-ventilator should be used every time residents cook. For any questions about the proper use of the oven or microwave, residents are asked to contact the RAs. Barbeque grills or other cooking devices not provided by Deree-ACG are prohibited.

Damages

Residents shall compensate Deree-ACG for any damages caused to the Residence Complex or furniture/equipment in common areas and apartments for which they are held responsible. Residents are required to report damages or normal wear-and-tear occurring during residents' stay to the RAs immediately.

Tampering with, disabling, obstructing, vandalizing, or interfering with the normal functioning of any portion of a security monitoring system or monitored door, including, but not limited to, door alarms, cameras, or card readers, is strictly prohibited.

Decorations

Nails, screws, double-stick tape, or duct tape on or in the walls, ceilings, furniture, or fixtures are prohibited. White poster putty is permitted for hanging posters and other decorations.

Fighting*

Any individuals engaged in a physical fight in or near any building owned or operated by Deree-ACG may be referred to a Hearing Board.

Fire Alarms

Smoke detectors are located throughout the building. In the event of an alarm, all residents should exit the building. Residents must have regard to the safety of themselves and other residents and observe the Fire Regulations applicable to Residences (see Emergency Evacuation Procedures that are posted on apartment doors).

In particular, residents must not tamper with any fire-fighting equipment or any other safety equipment, block sounders, prop open any fire-proof door or disengage any door closure mechanisms. Corridors, doorways, staircases and entrances must not be obstructed in any way. This includes placing items outside, around and beside doors (e.g. bins).

The use of candles or any other open flame devices is not permitted within the Residence Complex premises.

Fitness Center

The Residence Complex is equipped with fitness areas. Equipment in the fitness areas is used at residents' own risk. Residents are encouraged to seek instruction regarding the proper use of the equipment from the Deree-ACG Gym staff.

Garbage

Garbage should be placed into plastic bags and taken to the garbage bins outside the building. Blue garbage bins are for recyclables. Green garbage bins are for refuse. Garbage may not be left in common areas such as hallways. It is the responsibility of each resident to remove garbage and maintain a clean apartment.

Illegal Substances*

The possession, sale, purchase, use, production, processing or distribution of illegal substances and paraphernalia is strictly prohibited. In addition to imposing the disciplinary sanction of expulsion from the Residence Complex, the Residence Complex staff may refer residents for prosecution.

Internet

Peer-to-peer sharing, use of torrents, or any illegal downloading of media or any other materials is prohibited. Residents are expected to comply with College IT Policies.

Modifications to the Apartment

No college-owned furniture or equipment may be removed from the apartment.

Noise and Music

Residents and Residence Complex visitors may use musical instruments at the lobby area.

Excessive noise (e.g. speakers operated at excessive volume, playing a musical instrument during quiet hours) is prohibited and may result in sanctions. Residents are kindly asked to use common sense on this matter.

Non-Discrimination*

Any discrimination based on any ground such as sex, gender, race, color, ethnic or social origin, genetic features, language, nationality, religion or belief, political or any other opinion, membership of a national minority, property, birth, disability, age, marital status or sexual orientation is not tolerated. The College strives to maximize valuable talent and potential, and eliminate unconscious bias, prejudice and stereotyping.

All residents have the responsibility to safeguard and the right to expect a friendly and hospitable environment free of any form of harassment, discrimination and actions or behavior that interfere with the residents' privacy, study habits or sleep.

Personal Property and Theft

Residents must have respect for the property and belongings of others and not use, 'borrow', take or damage any

items which belong to others without the owner's permission. Deree-ACG is not responsible for any loss of an individual's personal property. Apartment doors should be kept shut at all times.

Theft, unauthorized use, destruction of, or damage to the property of others or College property is not tolerated. This includes possessing, duplicating or using keys to any College premises or services without authorization.

Pets

Pets are not allowed in the Residence Complex. Deree-ACG generally allows students with disabilities to bring Service and Assistance Animals to campus to perform work or tasks related to a disability or, if shown to be necessary, to afford a student with a documented disability an equal opportunity to use and enjoy the Residence Complex.

Quiet Hours

All residents must observe quiet hours regulations in the apartments, common areas, lounges, building entrances and back patio. Quiet hours are reserved for study and sleep.

Quiet hours are:

- 3:30 p.m. to 5:30 p.m. and 10:00 p.m. to 7:30 a.m. in the winter (October - March);
- 3:00 p.m. to 5:30 p.m. and 11:00 p.m. to 7:00 a.m. in the summer (April - September).

Room Entry

Deree-ACG staff reserve the right to enter residents' rooms for maintenance repairs with prior notice, in case of emergency and if there is sufficient reason to believe that a violation of ACG policy is occurring in the room for any other reasonable purpose. Should entrance to apartments be deemed necessary, advance notice will be given if possible.

Room Keys

Room keys are assigned to students upon checking into their room. Keys are not to be duplicated. Individuals are urged to exercise caution in safeguarding their keys. Residents must not hand over the keys to any person other than a member of Residential Services staff. Individuals who lose a key or return a key that is damaged are billed 50 Euros for a replacement.

Residents are reminded to:

- Not loan keys to anyone for any reason.
- Not mark keys with room number or any other identifiable markings.
- Never leave keys unattended.

If residents accidentally lock themselves out of their room, they should contact the RA or call one of the staff members.

Smoking*

All apartments, common areas and balconies are smoke free. Should evidence of smoking be found in an apartment, a cleaning charge will be assessed against the resident. Violating the smoking policy will result in sanctions that may lead to removal from the building.

Unauthorized Entrance

Entrance is prohibited to unauthorized or authorized individuals who gain access to the Residence Complex as a result of tailgating* or the use of a propped** or compromised doors. Tailgating and door propping are prohibited.

**The term "tailgating" is used to describe the situation where one or more people follow an authorized person through an access-controlled door when the authorized person opens the door legitimately. This can be done either with or without the authorized person's knowledge and/or consent. Tailgating to gain entry to any residential facility is prohibited. The prohibition of tailgating also applies to authorized persons who have forgotten or lost their access card.*

***The term "door propping" is used to describe the placement of any object in, near or around the apartment door or entrance door of the building in an effort to prevent the door from closing or block door closure. Door propping is prohibited.*

Visitation Policy Violation

Visitation is defined as the time period within which residents' guests may visit the Residence Complex (8:00 a.m. to 11:00 p.m.). No visitors may enter or remain in the Residence Complex between 11:00 p.m. and 8:00 a.m. The Visitation Policy is applicable to all Residence Complex areas (apartments, common use areas or building entrances). No overnight guests are allowed.

Visitors must always be accompanied by their hosts/residents while in the Residence Complex. Residents not complying with the Visitation Policy will be held responsible for damages and Rules and Regulations violations attributed to their guests.

Violating the Residences Rules and Regulations or the Deree-ACG Student Conduct Code will result in sanctions that may lead to removal from the Residence Complex.

Deree-ACG expects that residents comply with Greek law. In addition to imposing disciplinary sanctions, the College may refer residents for prosecution for conduct prohibited in accordance with Greek law, such as discrimination; assault; harassment; sexual violence/assault/harassment; theft; possession and/or use of weapons or explosives; possession, sale, purchase, use or distribution of illegal substances.

REPORTING, NOTIFICATION, HEARING AND APPEALS PROCESS

REPORTING

Any member of the College community may file charges against a student for alleged violations of the Student Conduct Code.

Charges must be submitted as follows:

- Charges must be communicated verbally or in writing to the Dean of Students, who will determine **the department with jurisdiction over the case**. If the violation occurred at the Residence Complex, charges must also be communicated to Housing & Residential Services.
 - Violations involving a study abroad/international student, regardless of whether it occurred on campus, at the Residence Complex, or off campus, charges are falling under the jurisdiction of the **Executive Director of International Student Services; however, for violations indicated with an asterisk (*) in the SCC and RRR, the Dean of Students must be involved in all stages of the hearing process.**
 - Appeals to decisions/sanctions falling under the jurisdiction of the Executive Director of International Student Services are directed to the **Dean of Students**.
 - All violations involving local students and violations indicated with an asterisk (*) in the SCC and RRR are falling under the jurisdiction of the Dean of Students.
- **Appeals to decisions/sanctions under the jurisdiction of the Dean of Students are directed to the Vice President of Enrollment and Administration.**
- If the violation constitutes **a violation of the Greek law, the Dean of Students shall be notified immediately.**
- Charges must be communicated immediately following the incident.
- Students can use the *Incident Report Form* available at the Office of Student Affairs, the Office of International Student Services and at all Residence Complex help-desks, if the violation took place at the Residence Complex, immediately following the incident. If the violation took place on campus after 5 pm, students can report the incident by using the *online Incident Report Form* and sending an email to incident@acg.edu.
- Administrators responsible for processing reports are expected to use specified fields on the Incident Report Form to facilitate investigation.

Charges submitted by Faculty for minor behavioral incidents taking place in the classroom setting

- Faculty should produce a written report, submit it to their respective Dean and copy the Dean of Students at incident@acg.edu for future reference.
- The Academic Dean will direct the faculty member to discuss the behavior with the student and request that it not be repeated.
- If the student continues to behave inappropriately, the matter will be escalated to the Academic Dean who will also produce a written report and submit it to the Dean of Students at incident@acg.edu.

NOTIFICATION

The student against whom a charge for an alleged violation of the Student Conduct Code or the Residence Rules and Regulations was filed will receive notification within five (5) working days since the reporting of the incident. During that time, College administration will investigate the case. The student may be asked to visit the Office of Student Affairs or the International Student Services Office to discuss the incident and will be advised regarding next steps.

HEARING PROCESS

Alleged violations of the Student Conduct Code that, if substantiated, warrant consideration of verbal reprimand or written warning **shall not be referred to a hearing body**. All violations not carrying an asterisk (*), such as littering or consumption of food and beverages and alcohol in non-designated areas, are falling within this category.

The Dean of Students and the Associate Dean of Students or the Executive Director of International Student Services and a staff member from the Office of International Student Services (*see jurisdiction above*) are investigating the case, meeting with the student and deciding on the imposition of the above sanctions.

In all other cases, incidents shall be referred to a Hearing Body.

- **For first violation cases that do not warrant consideration of suspension or expulsion**, the charged student is invited, within five (5) working days from the notification about the alleged violation, in a **Hearing** with the purpose of investigating the case. The Hearing is headed by the Dean of Students and attended by the Associate Dean of Students and the Executive Director of International Student Services, if the violation involves a study abroad/international student. If deemed necessary, College departments responsible for functions relevant to the incident are invited by the Dean of Students to attend the Hearing.
- **For second violation cases, life-threatening events, or serious allegations that warrant consideration of suspension or expulsion (e.g. issues involving safety and security, illegal substances, harassment, vandalism, assault, weapons)**, the charged student is invited to attend a Hearing Board within five (5) working days from the notification about the alleged violation, with the purpose of investigating the case. The Hearing Board is headed by the Dean of Students and consists of the Associate Dean of Students, the Educational Psychologist, and the Executive Director of International Student Services, if the violation involves a study abroad/international student.

In all cases, the Dean of Students may assign the Associate Dean of Students to act as his/her designee.

Further Procedures

The charged student is required to attend the scheduled Hearing or Hearing Board. The student may request to reschedule the Administrative Meeting/Administrative Hearing Board once, within five (5) working days from the date of notification. If the student does not engage with this process, the process will continue *in absentia* and sanctions will be issued accordingly.

The student has the opportunity to review and comment on the documentation of the case, to present evidence on his/her own behalf, and to present witnesses.

The student will be asked whether or not he/she takes responsibility for his/her actions.

Within five (5) working days the Dean of Students or the Executive Director of International Student Services will make a final decision, based on the facts of the case and the outcome of the Hearing or Hearing Board, re whether or not to hold the student responsible for the alleged violation, and will issue sanctions respectively (see the section *Sanctions for Violations of the Student Conduct Code and the Residences Rules and Regulations*).

APPEALS PROCESS

A student has the right to appeal issued sanctions (see the section *Sanctions for Violations of the Student Conduct Code and the Residences Rules and Regulations*). Appeals are not re-hearings and they are granted on the basis of disagreement with the decision resulting from the Hearing or Hearing Board based on the following grounds:

- The Hearing and the Hearing Board was not conducted according to the Student Conduct Code Reporting & Hearing process.
- There was insufficient evidence to establish responsibility.
- There is new and substantial evidence that exonerates, clears the student, or puts the conduct situation into a different context.
- The student experienced bias or discrimination during the hearing process.

In order to appeal, a student needs to write a letter to the Vice President of Enrollment & Administration within five (5) working days of the receipt of the sanction. The Vice President of Enrollment & Administration may choose to extend the deadline for the submission of appeals in unusual circumstances.

Within ten (10) working days upon receipt, the appeal will be reviewed by the Vice President of Enrollment & Administration. In some instances, students appealing a decision may be asked to an appeal's meeting to discuss their situation; however, such meetings are not necessary for an appeal to be considered and decided upon. The appeal may result in one of the following actions:

- The appeal is granted, and the sanctions are overturned.
- The appeal is granted, and the sanctions are modified.
- The appeal is denied, and the sanctions remain in effect.
- The appeal is denied and additional sanctions are imposed.

The student will receive written notification from the Vice President of Enrollment & Administration regarding the decision on the appeal.

SANCTIONS FOR VIOLATIONS OF THE STUDENT CONDUCT CODE AND THE RESIDENCES RULES AND REGULATIONS

Sanctions for violations of the Student Conduct Code are given by the Dean of Students following the above mentioned Reporting Process and by the Executive Director of International Student Services in response to incidents involving study abroad/international students, **with the exception of violations marked with an asterisk (*)**. Sanctions can be proposed by the Executive Director of Housing & Residential Services, if the violation occurred at the Residence Complex.

For the imposition of a sanction, the nature and the severity of the misconduct, the students' conduct history and the harm and damage inflicted will be taken into consideration.

Repeated violations or single incidents comprising multiple violations will result in more severe sanctions.

Reprimand

Verbal reprimands for inappropriate behavior amounting to a violation of the Student Conduct Code or the Residences Rules and Regulations are given by the Dean of Students. Reprimands are registered in internal records.

Written Warning

Written Warnings that admonish the students involved in a violation of the Student Conduct Code or the Residences Rules and Regulations are given by the Dean of Students and may notify the student that further misconduct/violation(s) could result in additional conduct proceedings and sanctions. Warnings are registered in internal records.

Disciplinary Sanctions

All Disciplinary Sanctions are communicated to the student(s) through an Admonishment Letter.

• Reflective Work

Along with a written warning, students may be asked to complete educational activities intended to involve the student in a positive learning experience related to the student's unacceptable behavior. Educational activities allow students to reflect upon their inappropriate behavior, to understand why their behavior was inappropriate, and to educate other students, so they do not find themselves in similar circumstances.

These may include, but are not limited to:

- A campus service project: Hours for restitution will range from 5 to 15 hours, depending on the severity of the offense and the students' conduct history.
- A personal assessment, mediation, or counseling: A student may be required to complete a specified assessment relative to the violation committed; all assessment reports shall be submitted to the Dean of Students and will become part of the students' conduct record.
- A reflection paper: A student may be asked to write a paper related to the implications of the student's conduct.

Restriction/loss of College Privileges

The student may lose the privilege of participating in activities that include, but are not limited to, participation in athletic, musical and theatrical productions, clubs, societies and organizations and other College sponsored events for a specified or indefinite period of time and may be denied the use of facilities such as the gym, the pool and the Residence Complex.

Removal from the Residence Complex

The student may lose the privilege of living at the Residence Complex and parents/guardians or the partner institution may be notified accordingly. This sanction is **proposed** by the Executive Director of Housing and Residential Services and **imposed** by the Dean of Students (local students) or the Executive Director of International Student Services (study abroad/international students).

Student Conduct Probation

An Admonishment Letter for student conduct probation should be understood to mean that any further violation(s), even of a minor nature, could warrant immediate suspension or expulsion from the College. The duration of the student conduct probation, typically not less than one semester, affects the non-academic status of the student. During this time, the student cannot hold an elected or appointed office in any student organization, club or society registered with the College, represent the College in any extra/co-curricular activity or official function, work at the College through the Work Study program, or apply for a position to the International Internship and Study Abroad Program. Any student placed on conduct probation may lose scholarships (e.g. academic scholarship or other merit based institutional gift aid).

Student Conduct

No-Contact Order

A student may be prohibited from communicating in any way and medium (i.e. through third parties, telephone, visitation, email, social networking sites, letters, etc.) with a named individual or group.

Temporary Suspension

The student is suspended from taking classes, using the College facilities and taking part in any College event, pending conduct proceedings, for a specified period of time at the discretion of the Dean of Students where it is believed the student would constitute serious disruption or danger to the health, safety or welfare of the College, others, or oneself. Temporary suspension will remain pending until the completion of the conduct process.

Suspension

The student is suspended from taking classes and or living in the Residence Complex for a specified or indefinite period of time. The student must comply with all sanctions prior to readmission.

Note: Students suspended from the College and/or Residence Complex, regardless of the amount of time remaining in the semester, are not eligible for refunds or rebates for charges associated with housing, tuition or fees.

Expulsion

The student is permanently expelled and cannot be readmitted to the College.

Note: Students expelled from the College, regardless of the amount of time remaining in the semester, are not eligible for refunds or rebates for charges associated with housing, tuition, or fees.

Notification of Parents, Guardians, Home/Sending Institutions

The College respects and protects the confidentiality of student records. In extraordinary circumstances such as serious injury to a student, a violent crime committed by or upon a student, serious concerns or threats to a student's physical or emotional health, and other sufficiently grave incidents, which cannot be exhaustively enumerated or described in the nature of things, the College may notify parents or guardians.

The College is committed to the student's best interest and, in special circumstances, will discuss the matter with the student to assess whether such notification is undesirable or inappropriate. The Dean of Students or the Executive Director of International Student Services in the case of incidents involving study abroad/international students may send a notification or a copy of the student's Admonishment Letter to the address on file for parents/guardians of students. Whenever possible, a conversation in person will be held with both the student and the student's parent or legal guardian.

Home/Sending institutions of study abroad/international students may be notified about student misconduct by the Executive Director of International Student Services or the Dean of North American Enrollment & Study Abroad.

Records of all sanctions imposed will be retained in the Student File at the Office of the Registrars and a file will be created for students involved in incidents at the Office of Student Affairs. College officials including, but not limited to, Academic Deans, Advisors, Department Heads, Coaches may be informed of the sanctions imposed.

Failure to comply with sanctions as directed may result in additional disciplinary sanctions including suspension or expulsion from the College.

Non-Discrimination Policy

The American College of Greece is an equal opportunity educational institution, whereby qualified individuals are not discriminated against on grounds of age, gender, race, nationality, ethnicity, faith, disability, marital status, or sexual orientation. This non-discrimination policy applies to all educational policies and programmes. ACG strives to eliminate unfair bias and stereotyping in the institution.

Data Protection

Computer Ethics Policy

The American College of Greece is committed to free and open inquiry and discussion, fair allocation of College resources, and the provision of a working environment free of needless disruption. To advance these goals, ACG has adopted policies on computer usage that are summarized here.

- ACG computers and computer networks are to be used only by persons authorized by the College, and only for College purposes. College purposes include the educational programmes of the College, as well as its research, administrative, and outreach activities. Use of College facilities for other purposes requires prior authorization.
- No one shall knowingly endanger the security of any College computer or network facility, nor will fully interfere with others' authorized computer usage.
- No one shall use the College's communication facilities to attempt unauthorized use, nor to interfere with others' legitimate use, of any computer or network facility anywhere.
- No one shall connect any computer to any of the College's networks unless it meets technical and security standards set by ACG's Information Resources Management administration.
- All users shall share computing resources in accordance with policies set for the computers involved, giving priority to more important work and cooperating fully with the other users of the same equipment.
- No one without specific authorization shall use any College computer or network facility for non-College business.
- No one shall give a computer password to an unauthorized person, nor obtain another person's computer password by any unauthorized means whatsoever. No one except the system administrator in charge of a computer is authorized to issue passwords for that computer.
- No one shall engage in, encourage, or conceal from authorities any «cracking,» unauthorized tampering, or other unauthorized use or deliberate disruption of computers.
- No one without specific authorization shall read, alter, or delete any other person's computer files or electronic mail, even if the operating system of the computer permits them to do so.
- No one shall copy or use software or data in violation of copyright laws, license agreements, or the basic requirements of academic honesty.
- No one shall create, install, or knowingly distribute a computer virus, «Trojan horse,» or other surreptitiously destructive program on any College computer or network facility, regardless of whether any demonstrable harm results.
- No one without proper authorization shall modify or reconfigure the software or hardware of any College computer or network facility.
- Users shall not place confidential data into computers without protecting it appropriately. The College cannot guarantee the privacy or authenticity of computer files or electronic communications unless special arrangements are made.
- Users shall take full responsibility for messages that they transmit through the College's computers and

Other Institutional Policies and Regulations

network facilities and shall obey the policies of discussion forums in which they participate. Laws and rules against fraud, harassment, obscenity, and the like apply to electronic communications no less than other media.

- Those who publish World Wide Web pages or similar information resources on College computers shall take full responsibility for what they publish; shall respect the acceptable-use conditions for the computer on which the material resides; shall obey all applicable laws; and shall not publish commercial advertisements without prior authorization. References and links to commercial sites are permitted, but advertisements, and especially paid advertisements, are not. Users shall not accept payments, discounts, free merchandise or services, or any other remuneration in return for placing anything on their web pages or similar facilities.
- Users shall comply with the regulations and policies of newsgroups, mailing lists, and other public forums through which they disseminate messages.
- Those who administer computers and network facilities shall perform their duties fairly, in accordance with College policies, and shall refer all disciplinary matters to appropriate authorities through the VP for Information Resources Management.
- Electronic mail (e-mail) is intended for communication between individuals and clearly identified groups of interested individuals, not for mass broadcasting. No one without prior authorization shall use the College's facilities to distribute the same or substantially the same e-mail message to more than one person without prior evidence that they wish to receive it, nor to distribute chain letters (messages asking the recipient to distribute copies further). ACG reserves the right to discard incoming mass mailings («spam») without notifying the sender or intended recipient. For its own protection, the College reserves the right to block all Internet communications from sites that are involved in extensive spamming or other disruptive practices, even though this may leave College Computer users unable to communicate with those sites.

Student Participation and Evaluation

Student Participation and Evaluation

Deree-ACG has several mechanisms through which students may offer input on a variety of issues affecting the governance of the College.

Student Representation on Committees

One of the primary mechanisms through which students may influence College governance is through their participation on College and Faculty standing committees. The following committees have student representation: Committee on Standing and Conduct, Library Committee, Committee on Disability and Learning Differences, Committee on Academic Standards and Policies, Curriculum Committee, Green Campus Committee and Program Committees.

Library Committee

This Committee assists the College Librarian in developing the Library collection, and in formulating Library policies. The Committee has two student representatives selected by the Student Council.

Committee on Disability and Learning Differences

This Committee monitors and recommends policies and procedures in order to accommodate individuals with disabilities and learning differences. The Committee has one student representative recommended by the Educational Psychologist and approved by the Director of Student Affairs, with a minimum CI of 2.50, with at least 60 credits earned, who attends policy meetings only.

Committee on Academic Standards and Policies

This Committee studies, clarifies and proposes academic policies and procedures. The Committee has one student representative (from the junior or senior classes, with a C. I. of 3.0 at least) to attend policy making sessions, only, with full voting rights selected by the student government.

Curriculum Committee

This Committee studies, monitors and improves College curricula and academic programmes, and makes recommendations to the Faculty Assembly. The Committee has three senior students (without voting rights) (one from the School of Arts and Sciences, one from the School of Fine and Performig Arts and one from the School of Business, each with a C. I. of 3.0 or above, to be selected by the student government and to be present only during the presentation of new programmes).

Green Campus Committee

This Committee identifies, addresses and promotes issues related to a sustainable future for The American College of Greece in the areas of campus operations, education and institutional policy. The Committee has two student representatives (one from the Deree Student Government, with a C.I of at least 3.0 and one from the Environmental Studies Society, with a C.I. of at least 3.0).

Program Committees

The Presidents of student academic societies are members of the Programme Committees which among other things have responsibility for the routine monitoring of programmes, including the consideration of student feedback, performance data and external examiners' reports.

Student Participation and Evaluation

Student Evaluation

Students are encouraged to actively provide constructive feedback on their experiences at Deree-ACG, and thereby contribute to enhancing those learning experiences for themselves and for future students at the College.

Student Module (Course) Evaluation

Near the end of each semester/session, students are given the opportunity to assess the effectiveness of each course and its instructor, by anonymously completing an online evaluation form for each course in which they are enrolled. Instructors use this information for course improvement. The results of these evaluations are processed and disseminated electronically to each Instructor, Department Head, Academic Dean, the Provost, the Vice President of Human Resources and the President. This information is taken into consideration during the College's formal performance appraisal for each instructor. Summarized results are published online to students. The Open University (OU) receives feedback on the student evaluation results through the OU Annual Monitoring Report (AMR).

Senior Exit Survey

Students who are graduating at the end of a session or semester are asked to provide their feedback on the academic curricula and academic support services they experienced during their course of study at Deree-ACG. The senior exit survey is administered at the departmental level, and summarized by department and by school. Deans and Department Heads share the summary information with the relevant department faculty and with Administration. The information from the surveys is used by Program Committees for curricula and academic support services improvement.

Other Forms of Student Feedback

From time- to- time, the College may invite students to provide their feedback on a variety of issues affecting student learning experiences and College life in general. This may take the form, for example, of student participation on ad hoc committees or student participation in opinion surveys on a particular topic e.g. organizing debates or panel discussions on academic integrity in collaboration with the Committee on Standing and Conduct.

Student Opportunity for Input

Deree – ACG, frequently seeks student feedback and input. Online surveys are used to gather information on any number of subjects. In addition, paper surveys are occasionally used to gather data as well.

Career Services Survey

Career Services performs an annual survey at the conclusion of the academic year for all graduating seniors on the day of Academic Regalia Gown distribution. Information is gathered regarding the use of Career Services, employment data, graduate studies, career planning, etc.

Clubs and Student Organizations

Clubs and organizations are part of the vibrant student life available at Deree. There is a wide variety of clubs ranging from those that are academic or theoretical in nature to those that are more practical, all of which contribute to community life at the College. There are also student organizations that support activities and events that originate from administration offices of the College. Overall students join a club or organization because

Student Participation and Evaluation

they share a common interest and wish to develop that interest through group discussions, presentations, competitions, exhibitions and much more.

The Clubs & Student Organization Guidebook , located on blackboard under Student Life and Athletics, serves as a handbook for the governing bodies of clubs and organizations. Student learn how to form a new club, retain recognition, amend their constitutions, elect new governing bodies, manage finances, plan and promote events and much more.

All Deree students in good academic standing (C.I. 2.0 and above) are eligible to join college clubs. The Office of Student Affairs (OSA) oversees all clubs and organizations. Clubs, however, must attain and continue to receive official recognition and budget allocation by the Student Government.

Should you wish to find out more about any student club or organization come by the Office of Student Affairs, the Office of the Student Government Association, or contact its members directly through email.

Student Organizations

ACG Cares

ACG Cares offers the members of the ACG community the opportunity to engage in service related activities that enhance the quality of life of others in the community, as well as their own. In providing such opportunities, ACG Cares seeks to uphold the College mission of empowering its members to develop as critical and creative thinkers and socially aware individuals, while preparing for lives of reflection and responsible civic engagement in a complex, global world.

Deree Orientation Leaders

The Deree Orientation Leaders are highly motivated students whose main purpose is to assist new students in their transition to academic and social life at Deree. This organization helps plan the student orientations held before each semester. During orientation, they lead small groups, serving as mentors for new students; providing information, and having fun!

Deree Student Activities Board (Deree SAB)

The Deree Student Activities Board (Deree SAB) provides programming that complements, reflects and responds to the College community. These programmes are designed to be both fun and provide an educational experience for those involved in planning and presenting the programmes.

Deree Student Association

Through hard work and dedication, the Deree Student Association aims to empower the voice of the students and actively promote a vibrant campus community at Deree - The American College of Greece. Acting as liaison between the undergraduate student body and the administration, faculty and staff of Deree – The American College of Greece, they strive to provide responsible leadership and fair, democratic representation of the students in an official capacity while promoting equality and unity among the student body.

Student Emergency Response Force (S.E.R.F)

Student Emergency Response Force, better known as S.E.R.F., is Deree's emergency response team. Organized in 1998, team members are trained to assist in emergency situations on campus (earthquakes, medical emergencies, and evacuations) and escort students from campus to the bus stop or their cars. Team members are trained in CPR (cardiopulmonary resuscitation) and first aid, self-defense, climbing/rappel, the use of scuba equipment, orienteering, wilderness survival, fire fighting, using two-way radios, self defense, and other skills. The spirit of the team is one of unity, service, and volunteerism.

Deree College Ambassadors

The Deree Ambassadors are undergraduate students of high academic standing who are advocates for Deree from a position of leadership and service. Ambassadors are guided by their desire to serve, commitment to improve, and attitude of selflessness. They assist in events organized by the College.

Together for Sustainability

"Together for Sustainability" involves Deree undergraduate and graduate students and works to promote the vision of ACG to become a sustainable campus and a sustainable learning community.

"Together for Sustainability" offers the members of the ACG community the opportunity to engage in environmental activities that help promote sustainability, a vision that would enhance the community by

integrating environmental, cultural, social, economic aspects. In providing such opportunities, the organization seeks to uphold the College mission of empowering its members to develop as critical and creative thinkers and as socially and environmentally responsible individuals that appreciate the value of team work and solidarity in a complex interconnected world.

Institute for Diplomacy and Global Affairs

The Institute for Diplomacy and Global Affairs (IDGA) has been established to focus primarily on current world affairs considering them within their historical context and with respect to their immediate application. The connection between events and people along with their long term effects upon stability, welfare and international cooperation and understanding comprise the overall aim of the IDGA.

The IDGA is a center of scholarship in public and international affairs. The Institute's programmes address international events and attempt to influence the domestic environment towards understanding the multiple texture of an unfolding new global reality.

In this catalog, the College makes its most inclusive and comprehensive statement about itself: the nature of the institution and its future aspirations; the rules, regulations, and requirements under which it operates and which it enjoins upon students who wish to become Deree graduates; the programmes it offers; and the people who constitute the College community.

The information in this catalog, including administration and faculty listings, is as current and accurate as was possible at the time of publication, the catalog is issued annually before the start of the new academic year. However, the College is a dynamic and evolving institution and changes may occur after publication that will cause some of the information as presented to be superseded. Because new catalogs cannot be printed promptly enough to reflect every change made by an active administration and faculty, the College reserves the right to alter its course offerings, academic programmes, campus regulations, fee structure, and calendar whenever necessary. Every effort will be made to inform students of such alterations when they occur and no student will be asked to meet degree requirements not in effect at the time of his or her admission to a degree program.

The American College of Greece is an equal opportunity educational institution, whereby qualified individuals are not discriminated against on grounds of age, gender, race, nationality, ethnicity, faith, disability, marital status, or sexual orientation. This non-discrimination policy applies to all educational policies and programmes. ACG strives to eliminate unfair bias and stereotyping in the institution.
