### Need-based Financial Assistance (Grants)

Prospective and current students who are unable to meet their tuition obligations due to economic difficulties may apply for a tuition reduction grant which varies from 5% to 35%.

Financial assistance is given for tuition only and does not cover other fees. It is awarded for up to ten consecutive semesters to degree-seeking students and for up to six consecutive semesters to minor-seeking students.

### Financial Assistance Terms and Conditions

- Applicants who are awarded Financial Assistance must:
  - file taxes in Greece.
  - maintain a minimum Cumulative Index (CI) of 2.20/4.00. (Note: Students who entered or were readmitted to Deree prior to the 2017 Fall Semester must maintain a CI of 2.00/4.00.)
  - earn passing grade(s) in EAPP courses if studying in the English for Academic Purposes Program.
  - register continuously for the Fall and Spring semesters for at least one course per semester.
  - continue to have financial need and prove it at any time, if called upon.
- Non-credit courses are not covered by the tuition reduction grant except for courses in the English for Academic Purposes Program (EAPP).
- Students on academic probation (CI below 2.00/4.00) are not eligible to receive any kind of financial assistance.
- Non-degree students are not eligible to apply for need-based financial assistance.
- Only complete applications with all necessary documentation, submitted within the respective deadlines will be evaluated.
- All applications and supporting materials are retained by the Office of Financial Assistance and Planning; All materials are kept on file, under conditions of security and strict confidence, and in accordance with the provisions of Regulation (EC) 2016/679 of the European Parliament and of the Council ("General Data Protection Regulation") and the Greek legislation on the protection of personal data (Law 4624/2019), as in effect from time to time (the "Personal Data Legislation").
- All communication regarding the progress of an application is done through the personal email address (as reported on the application form) and/or through the students' *ACG Mail* and *myACG* portal (for matriculated students).
- As funding for financial assistance originates from the College's own resources and from the generous contributions of donors, the College reserves the right to rename a need-based financial assistance grant to a scholarship. Such conversion will serve as recognition of the recipient's academic performance and will not alter the terms or obligations that arise from the original reduction.
